also won in the class for two produce off one mare.

Certain lines at least. As Mr. McLennon pointed out before the war Canshareholders a few days ago it was
decided to purchase an adjoining probage and cauliflower seeds from Denmark. So far as tomato growers in a large commercial way are concerned Hereford steer or heifer, one year and under two—1 and 2, John Hooper and Sons, St. Marys; 3, J. E. Harris, when it is a question of changing when it is a question of changing their variety or trying out another line. The same applies to melons, corn and cucumbers. Ontario has not been touching cabbage and cauliflower seed production to any great extent and Mr. McLennan said that few On-penditure of £405,000,000. These figlarge quantities. In spite of this the prize-winning string of onions shown fiscal year, March 31, 1920, of 300,000 this year was produced from Ontario British troops and 100,000 Indian seed. This string had won every troops. These forces, however, will be where here and had been taken to reduced later. Detroit, where it cleaned up on the United States. This was from seed produced at Vineland Station and originated from the Ontario Agricul-

BY MINING STOCKS

Crown Reserve, Timiskaming and Kirkland Lake Make Advances.

Profit-taking was again in evidence in the mining market yesterday, and in some stocks moderate recessions were shown, but there were others which rose superior to the prevailing influences and were able to exhibit net gains at the close, Crown Reserve Timiskaming and Kirkland Lake being prominent examples. Little stock was offered on the declines, an indication that the soundness of the general situation leaves little to be desired. Opinions differ as to the effect the apoach of the Christmas season will have upon the market, some traders looking for a period of relative dulness, while others hold the view that business will continue brisk, particularly if the price of silver takes another upward spurt.

Crown Reserve opened half a point up vesterday at 45, and was lifted to 46 1-2, but the taking of profits on the rise caused a reaction to 45 again. There was no fresh news yesterday bearing upon the sensational discovery reported on the property. Timiskam-50 1-2, the price moved up further to 51, the closing being at the day's for the stock in the late trading. This buying was said to be for the account of members of a party just returned from a visit of inspection to the pro-48 and rose to 49 1-2, but sagged in the afternoon to 47. holding well after its big advance. President Wickett and other members of the Trethewey directorate are back from a trip to the company's Gowgania property, and they are understood to take a hopeful view of the outlook. Beaver was quiet, but held its ground around 50, and Peterson Lake was also steady at 20 1-2. Mining Corporation was firm at \$1.74. The liquidation prompted by the passing of the dividend has apparently quite spent itself, and a further recovery is hoped for. Kirkland Lake was given strong support thruout. The opening price, 52, showed a rise of half a point, and the gain was extended to 52 1-2, the clos

ing being at the top. It is said that bers of the Canadian association in a the 600 and 700 foot levels is of as class of 97 entries from all parts of high an average as the best the camp harmerica. He stated the Canadians has produced. McIntyre was off a were also first prize winners with point at \$2.13, but Hollinger at \$7.14 was up four points, while Dome Ex-tension at 35 1-2 and Porcupine Crown Doubt if Ontario can successfully at 27 1-4 each showed the gain of half produce vegetable seeds in a commer-
