The discussion of the local improvement system on Monday and the remarks; of several aldermen before and since the meeting have revealed the fact that the Council is pretty evenly divided on the question of abolishing the system. In yesterday morning's issue The World tated that it was the intention of the Toonto Lacrosse Club to run a special train o Ottawa on Saturday to witness the hampionship game if a sufficient number of Torontonium banded in their newset championship game if a sufficient number of Torontonians handed in their names not later than this morning, guaranteeing to go at the rate of \$4. The club is now in a position to extend this time till Thursday morning. The grand game but up by the Torontos against the Capitals on Dominion Day deserves recognition, and there is no better way for the lovens of lacrosse and admirers of the Toronto Lacrosse Club to show their appreciation than by encouraging the club in their efforts to run this special train. Names of intending excursionists should be handed in to A. F. Webster, northeast corner King and Yonge-streets, before 10 o'clock to-morrow morning, as it will depend entirely on the list whether the special train will be run or not.

Rev. J. P. McEwen, superintendent of Baptist Home Missions, has just returned from an Eastern tour. He was chiefly interested in Prince Edward county, of which he speaks most glowingly, seeming surprised that he had been so long in ignorance of the beauties of that county, referring to it as the paradise of Ontario. Though Picton is one of the oldest towns in Canada, there has never been a Baptist Church there, and Mr. McEwen has laid plans for the founding of such at an early date.

The E.L. Convention A rather unaccountable fact in connection with the coming E. L. Convention is that, while applications for the accommodation of delegates have been swarming in from every point of the United States, only three persons in Cannada have applied to the Toronto headquanters on a similar behalf. It has been asked: Is this lack of interest, or do Canadians intend to come in at the last minute and courteously take what is left after the United States visitors have had first choice of lodging, headquarters and general accommodation?
