DURNAN AND AYLWARD. Toronto Double Won the Professional Sculling Race at Sydney Regatta.

Halifax, N.S., July 13 .- The result of the nal double scull race at the Sydney regatta this evening was a great surprise to the talent.

The Lynch Brothers of Halifax had been strongly backed, and their friends were compelled to give odds. Even up to the turn their money went begging. Then the Toronto pair, Durnan and Aylward, pushed to the front and won by two lengths, while the Lynches only succeeded in defeating the Brennans, the other Halifax pair, by

The three boats held close together to the turn, but the Toronto men got around first, and after that it was easy for them to win. The distance was three miles, and the time 19.25.

A Magic Pill—Dyspepsia is a foe with which men are constantly grappling, but cannot exterminate. Subdued, and to all appearances vanquished, if one, it makes its appearance in another direction. In many the digestive apparatus is as delicate as the mechanism of a watch or scientific instrument, in which even a breath of air will make a variation. With such persons disorders of the stomach ensue from the most trivial causes and cause much suffering. To these Parmalee's Vegetable Pills are recommended as mild and sure.

It now appears probable that Eddle Harris has lost one of his feet by amputation. Letters received in the city state that one of his feet was badly frozen near Wind City and that he had to return to Fort McPherson.

A Nervy Young Man. A Nervy Young Man.

If Harry Frank St. Clair, now locked up in Rochester on charges of being a bigamist several times over, is Frank O'Brien of Hamilton, another case of bigamy goes to his credit. On March 25, 1896, Frank O'Brien, whose appearance tallies with the Rochester prisoner, married Melinda Lovejoy, Locke-street south, when she was sweet 17. Not long after she deeply regretted her act and left Frank. She is now residing in either Tonawanda or Lockport, N.Y. Frank at that time was a beauty boy, 22 years old, with curly hair and a fascinating style. After Mrs. Melinda left him O'Brien tried to persuade another Hamilton girl, named Miss Young, to become Mrs. O'Brien; but she had heard of the former marriage and declined.

Sir Wilfrid Laurier hoped there would be no need for Queensland or any other colony sending troops to the Transvaal. He thought the trouble would be settled without the sword being unsheathed. He did not think it too much to expect that the Boers would recognize that equal justice should be meted out and if this was done there would be no occasion for sending any troops to the Transvaal.

Sir Charles Tupper thought that the knowledge that the various parts of the empire were prepared to assist the Home Government would contribute to a settlement of the difficulty.

Honest Advice Free to Men.

All men who are nervous and debilitated or who are suffering from any of the various troubles resulting from overwork, excess or youthful errors, are aware that most medical firms advertising to cure these conditions cannot be relied upon. Mr. Graham, a resident of London, Ont., living at 437½ Richmond-street, was for a long time a sufferer from the above troubles, and after trying in vain many advertised remedies, electric belts, etc., became almost entirely discouraged and hopeless finally he confided in an old clergyman, who directed him to an eminent and reliable physician, through whose skilful treatmen a speedy and perfect cure was obtained. Knowing, to his own sorrow, that so man poor sufferers are being imposed upon bunscrupulous quacks. Mr. Graham considers it his duty to give his fellow-men the benefit of his experience and assist them: a cure by informing anyone who will write him in strict confidence where to be benefit of his experience and assist them to a cure by informing anyone who will writ to him in strict confidence where to, by cured. No attention can be given to those writing out of mere curiosity, but anyon who really needs a cure is advised to a dress Mr. Graham as above.
