

DR. T. FELIX GOURAUD'S ITALIAN MEDICATED SOAP.

THIS admirable emollient is now, by common consent, rated A No. 1 as a remedy for blotches, chaps, chafes, cracks, pimples, pustules, scurf, tan, freckles, sunburn, and all kinds of eruptions, and every species of discoloration and disease of the skin. All competition has been completely distanced by this invaluable preparation, the demand for which, within the last six months, has increased more than five hundred per cent. and is still increasing. The clearness and freshness which its use imparts to the complexion have rendered it proverbial as a beautifier of the skin; and no dressing-room can be considered furnished with a proper toilet that lacks

GOURAUD'S ITALIAN MEDICATED SOAP.

It is also a delicious compound for shaving, and can be used in hard or soft water, and is a sovereign and instantaneous remedy for the bites of mosquitoes and other insects. If beauty be, as it is asserted, only skin deep, it is the more important that the thin covering in which loveliness resides should be kept in its present and most attractive state. Dr. G. might go on amplifying the merits of his Italian Medicated Soap, but he thinks that the number of certificates which have been published throughout the Union, at a cost of several thousand dollars to the Doctor, from eminent Physicians, Clergymen, Members of Congress, Captains of Ships, Officers of the Army and Navy, and a host of distinguished Ladies, the original of which testimonials can always be seen, if required, are, the Doctor thinks, sufficient to convince any one not willfully blind. If there be any such, the Doctor might apply to them the language of Scripture, and say, "If ye believe not Moses and the Prophets, neither would ye believe though one rose from the dead."
