The best thing with which a mother can crown her daughter is a common sense knowledge of the distinction between feminine physiology and anatomy. Every woman should understand her own nature. Every woman should stand the supreme importance of keeping herself well and strong in a womanly way. Nearly all of the pains and aches nearly all the weakness and sickness attending of women is due to disorders of the organs distinctly feminine.

A woman who suffers in this way is unfitted for wifehood and motherhood. Maternity is a menace of death. Thousands of women suffer in this way because their innate modesty will not permit them to submit to the disgusting examinations and local treatment insisted upon by the average physician. These are unnecessary.

Dr. R. V. Pierce, an eminent and skillful specialist, for thirty years chief consulting physician to the Invalide Hotel and Surgical Institute, of Buffalo, N. Y., has discovered a wonderful remedy with which women may treat and speedily cure themselves in the privacy of their own homes. This medicine is known as Dr. Pierce's Favorite Prescription. It acts directly on the delicate and important organs concerned. It makes them well and strong. It allays inflammation, heals ulceration, soothes pain and rests the tortured nerves. Taken during the critical period, it banishes the usual discomforts and makes baby's advent easy and almost painless. Thousands of women who were once weak, sickly, nervous, fretful invalids, are now happy, healthy wives, because of this medicine. It is sold by all good medicine dealers and no honest dealer will advise a substitute.

"When I commenced using Dr. Pierce's medicine some three years ago," writes Mrs. Ella J. Fox, care of W. C. Fox, of Colorado, Saline Co. Ill. "I was the picture of death. I had no heart to take anything. Weight was less. My husband had been to see five different doctors about my trouble (female weakness). I commenced taking Dr. Pierce's medicine, also wrote to him for advice. I took four bottles of Dr. Pierce's Favorite Prescription, and one vial of his Pleasant Pellets, and am now a well woman."

Gentry, stepped a mile in 1:59, and included the half mile in 57.4, the fastest half-mile ever made by a horse at either gate. On the third score, McClair nodded for the word, and away Pointer went to make local turf history, accompanied by the runner, Mike the Tramp. The quarter-mile was reached in .28. The second quarter was negotiated in .28, the half in 57.4—a second and a quarter better than his previous best figures for the distance. The full mile was made in 1:59, and 31.4 seconds were consumed in ascending it. In the stretch he lagged somewhat and went under the wire in 1:59.4.

Philadelphia, Pa., Sept. 19.—The crack peddlers turned out in force at the Tioga track on Saturday for the national meet of the Associated Cycling Clubs of Philadelphia. The championship honors were carried off by Major Taylor, the colored quarter-mile champion, who easily captured the one-third mile, and two-mile races, defeating Eddie Bald, Arthur Gardiner and the other stars. Gardiner protested the one-third of a mile race on the claim that Taylor had felled him, but his protest was disallowed. The track was heavy from recent rains and the time was slow.

BEFORE AND AFTER. Before she got her bicycle she sometimes used to make The beds and wash the dishes, and help her mother bake; She would even sweep the parlor, and dust the china and silver; And once she did the washing, though it almost broke her back.

But now she's got her bicycle, she doesn't do a thing About the house, day and night she's always on the wing. She's done a dozen centuries, and more, I've heard it said. While her mother does the washing, sweeps and dusts and bakes the bread.

She looks extremely natty in her brief bicycle skirt. She often talks with strangers, and she has been known to flirt; Her health was never better; brown and rosy is her skin. But her mother, if you'll notice, is looking worn and thin.

SPOKES. Eddie C. Bald, the cycling champion, will make his stage debut in "A Twig of Laurel," under the management of Frank G. Cotter, on Oct. 31. William B. Betts, the racing champion, has been licensed, England has not a single rider capable of getting within gunshot of the world's mile record.

In France a married woman must not ride a bicycle in public streets or parks without a permit, which she cannot secure without the written consent of her husband. It is again said that Midget Michael has been taken to the hospital and Stocks denied a license, England has not a single rider capable of getting within gunshot of the world's mile record.

FLYS. The Saints have won every game played since Sept. 1. The Pennsylvania team is practicing with 15 players out. Walter Brodie, Baltimore's center fielder, fell in July and sprained his shoulder, he believed. The rays showed the bone to be broken, and Brodie has gone home to Roanoke, Va., to have his arm and shoulder put in a plaster cast.

This week's Sporting Life, referring to the Paterson team of the Atlantic League, has this to say of Abbie Johnson, whose home is in this city: "The present team have all been reserved. Several of the men are good National League players. Johnson, who captained the club and played second base, is conceded by all the peer of any man who ever played the position in our sun-gilt league. Johnson was secured from Louisville, where last year in exchange for George Smith. Why he was let go is still a mystery. He has hit at .304 and fielded .957.

The St. Thomas management wanted the London St. Thomas games of the season to be transferred to the Railroad City, but the local magnates refused.

Hamilton Herald: Jimmy Dean has recovered from his "sickness." Pete Hagerty will never get broke paying taxes on the ground he covers. The Saints have won eleven straight games and they are trying to steal a game from the Hamiltons.

Brooklyn will likely buy the release of Shortstop Cockman, of the Reading club.

ENGLISH TEAM WINS. Philadelphia, Pa., Sept. 19.—The English cricket team won their first match in this country on Saturday, defeating the gentlemen of Philadelphia 154 to 153, with eight wickets to spare. When the first day's play closed on Friday afternoon the Philadelphians had scored 94 runs in their first inning, and the visitors had made 79 runs in the loss of eight wickets. On Saturday the remaining two wickets went down for a total of 84 runs. The Philadelphians went in for their second inning confident of their ability to win. They took an awful slump in their batting, however, and were retired for a beryllary total of 59 runs. Needing 70 to win, the Englishmen went in for their second inning, and scored that number for the loss of only two wickets.
