WALL STREET.

New York, March 14—Wall Street, 10:30 a.m.—Reading was the striking feature of the uncertain opening of today's stock market, advancing 3 points in the first half hour. The balance of the list, notably coalers, hardened appreciably under this movement. Union Pacific, Bethlehem Steel, General Electric and specialties, including Corn Products, Linseed, American Can and Enameling gained large fractions. United States Steel soon made up its slight setback, and coppers improved. Liberty bonds were irregular. Noon. — The morning's operations were governed largely by the strength of coalers. Reading extended its advance to 3% points on heavy obsurption, and Norfolk and Western, Chesapeake and Ohio, Baltimore and Ohio and Lehigh Valley rose 1 to 2 points. Pacifies, Atchison, St. Paul, Illinois Central, New York Central and Rock Islands embraced the other active and strong rails. Equipments and specialties were featured by Bethlehem and Crucible Steels, American Can, General Motors and oils at 1 to 2½ point gains.

1:30 p.m.—Reading mounted to its highest price of the year in the afternoon, at an extreme advance of 4 points. Other active rails added to early gains, and steels and shippings attracted speculative attention.

The only difference is that Old Landon Brew is less stimulating, contains less alcohol-it is a temperance drink which former drinkers of alcoholic brews will enjoy, and one which temperance drinkers will equally appreciate.
