Something That Auto Users Should Know

READ CAREFULLY.

The discovery of an economic and permanent method of uniting tires without loss of resiliency, damage to the fabric, or possibility of friction, has met with instant success the country over, and has already reduced the tire cost of the nation millions of dollars. Months of actual service of thousands of tires in this city, during which careful observations have been made, proves that when the work is properly careful observations have been made, proves that when the work is properly performed, Double Tires are extremely economical and practically puncture-proof. They have shown that this invention has been the greatest single factor in reducing operating expenses since the introduction of the automobile. LET US SEE THE OLD TIRES YOU HAVE.

LILLE; ENEMY IN RETHEAT

Inhabitants Along the Belgian Seacoast Are Leaving Their

Homes Under German Orders—Foe Loses Additional Ground in Outsk irts of Cambrai.

Paris, Oct. 2.—Havas Agency.—The Matin announces that the Germans are evacuating Lille, and that the eominander there has requisitioned all means of transportation, even wheelbarrows and baskets, to take away the booty. The newspaper adds that the evacuation of the townspeople to Belgian towns near the German border is being pursued hastily.

A dispatch from the Dutch border asserts that the German governor-general in Belgium has given secret instructions to the grovernors of the previous and support of the previous and solutional distributions and the second of the previous and solutional delays there were by actual count 374 delegates in attendance from all parts of Canada, including six from New-foundland and three from Japan. Much booty has fallen into the hands of the Americans, including an electric power station at Varennes. The Germans left so hurriedly that they did not damage the machinery and the Allies are using it. They are also utilizing

GERMANS ARE USING UP THEIR RESERVES IN A RECKLESS WAY

Paris, Oct. 3.-While the enemy is throwing reserves recklessly into the of the vast battle line in a desperate effort to stave off the evil nour of defeat, the Allies continue to progress on the wings. Slowly but surely the splendid advance of the allied forces under King Albert of Belgium has forced Gen. Ludendorff to withdraw his troops. On this portion of the front, the position of the Germans is getting danger-ous, and they must find an effective way to defend Lille, which with Metz, is

the pivot of the whole German system in France. Now that the Germans first line in Belgium has been broken, the line of communication between Ostend and Thourout is in peril and the Roulers-Menin railroad is cut, it can be seen that the position of the enemy there is grave. The second line of railroad from Bruges to Courtrai is under shellfire. this German army, the 4th, is thrust back on its communications, the forces on its right are in a risky position near the sea at Nieuport. Those elements on the left of the 4th army are thrown back at some points south of the Lys

iver, and will have difficulty in defending Lille. Latest news from the centre of the line shows that the enemy resistance ere is giving evidence of failing. Le Catelet has been taken in this sector. On the right, Gen. Berthelot is still driving the Germans away from the Rheims region and Gen. Gouraud is making slow headway in the Champagne. Everywhere the signs of battle indicate the approach of the critical phase. In addition to the general satisfaction over the situation in France, Paris is rejoicing over the news of the fall of Damascus.

Glad News Comes to Parents

at Last.

Most welcome relief after six weeks of suspense has come to President E. E. Braithwaite of the Western University, and Mrs. Braithwaite, in a cable which has arrived from England concerning the condition of their son. Lloyd. The message, sent by Mrs. Johnston, a cousin of Mrs. Braithwaite, states, "Greatly improved. First natural sleep."

This is the first hopeful news which has come to Dr. and Mrs. Braithwaite since the official notice weeks ago that Lloyd had been severely wounded. Complications subsequently developed and it was necessary to amputate his

ladies were not feeding them with the idea of making a fortune out of it. They were simply acceding to a request, trying to be obliging. The meals would cost \$1.15 a day, and they would pay probably \$1.50 elsewhere. In the past two years the church had reduced its debt from \$105,000 to a little over \$60,000. They were not hard up. As for Mr. Glbson's argument, I believe that a few of you would go to the hotels anyway. It would be the Chinamen and the foreigners who control the restaurants who would profit rather than the hotels. Mr. Gibson's argument would apply against the billeting system just the same as against this plan, put in Rev. Dr. J. A. Long of Toronto.

Chance to Live.

Chance to Live. Chance to Live.

Are we going to give the hotelmen a chance to live? queried another delegate, who told how a hotel had cut its 75-cent rate to 70 cents to accomodate the delegates at meals. We will save money and time to eat in the church, said Rev. Albert Moore, conference secretary. I happen to know that it would not be the hotels the delegates would patronize.

Finally the dehate got on the nerves of some of the delegates, and E. S. Caswell of Toronto, moved the closure. The Finally the debate got on the nerves of some of the delegates, and E. S. Caswell of Toronto, moved the closure. The vote was then taken, and by a large majority the conference decided to dine downstairs, letting the ladies make what profit they could, but Joseph Gibson of Ingersoll, prohibitionist, will eat elsewhere.

CHANCE FOR HORSEMEN TO JOIN ROYAL DRAGOONS

Word has been received by the officer in charge of the local mobilization centre that three men are required (privates) on the strength of the Royal Canadian Dragoons in the personnel of the riding establishment at the Royal Military College at Kingston. The men are to be of good character, and unfit for overseas service. Unmarried men are preferred, and they must have some knowledge of horses.

Application has also been received from the general officer commanding the Royal Air Force in Canada for six farrier sergeants for the winter months. The men must be in a category lower than A, and if none are available, men sufficiently well trained for the purpose sufficiently well trained for the purpose

Mr. Bice of this city will conduct the services. Sheep and Lambs-slow and unchanged. city will conduct the services.

The committee is strongly in favor of having one centre where coal can be secured by those who are in need.

The members of the committee are also in favor of having coal supplied to wives and widows of soldiers who, out of their allowance or pension, cannot afford to secure more than a half a ton or a ton at a time.

The committee is willing to meet any other body of men to discuss the coal situation and if possible secure a quantity of coal for the wives and widows of soldiers.

UNDERGOING OPERATION. Paris. Oct. 3.—The German censor at Berlin permits the German press to print articles dwelling on the probable situation of Germany in the case that Austria should be forced to lay down her arms under pressure, according to advices reaching Paris. It is declared that if Austria-Hungary should give in, Bavaria might follow her example.

UNDERGOING OPERATION.

Paris. Oct. 3.—Gen. Jecoff, commander-in-chief of the Bulgarian army, has arrived in Vienna to undergo an operation and, according to a dispatch from Basle, says he protested against the decision of the Bulgarian Government (presumably the decision to ask for the armistice recently). He also asserts that he considers himself still the commander-in-chief of the Bulgarian forces.

A dispatch from the Dutch border asserts that the German governor-general in Belgium has given secret instructions to the governors of the province to send hastily German archives to Brussels.

Allied airmen have flown over Brussels, dropping thousands of pamphlets, telling the public to have a little more patience—that their hour of liberation is near.

OUTFLANKED BY BRITISH.

WITH THE BRITISH ARMY IN FRANCE, Oct. 2.—(By the Associated Press).—British forces breaking through the German in on the Beaurevoir-Wiancourt front and capturing both these willages, together with Sequehart, created a salient which aided materially in the capture of St. Quentin by the French.

LONDON, Oct. 2.—The Germans are in retreat over a wide front north and south of La Bassec canal (Flanders) with the British closely following them, according to Field Marshal Haig's report from headquarters tonight.

The Germans have lost further ground to the British in the toutskirts of Cambria and northwest of that city, but northeast of St. Quentin the British under a violent counter-attack have been forced from the village of Sequehart.

WASHINGTON, Oct. 2.—Further evidence of German preparation for evacuation of the Belgian seacoast reached the state of the contents of storage houses of the German fourth army district were being moved back and turned over to the military government in the interior.

Chicago, Oct. 3.—Continued favorable war news led to new declines today in the corn market. Lack of support rather than urgent selling, however, was a feature of the trading. To a limited extent the commission houses bought a other breekers. BERLIN BOURSE. Amsterdam, Oct. 3.—The Berlin bourse suffered a further bad slump yesterday, owing to the absence of reliable news from the Balkans. Many stocks were stricken from the official list as unquotable.
On the Budapest bourse a reassuring message from premier Wekerle was read. It stated that whatever happened the frontiers of the country were safe. The precautionary measure fixing minimum prices accordingly was withdrawn. This, however, did not prevent further slumps.
