## "Are You Interested?"

Are you still thinking it over? We mean about enlisting! Can you afford to put it off any longer? If you are eligible and have no real ties to keep you back, can you conscientiously and consistently delay any longer? Don't you think in the interests of your country, your family, in your own interest, that you should really do something in this, the greatest crisis in the world's history—in the very of your own country? Do you not think it up to you to consider this action from every standpoint—not just your own?

You not think that the boys who have already answered the call, and are fighting your battles for you, wonder why you do not come and help them, stretch your imagination to the extent of changing places with them. How would you feel about it?

Let together a few of your immediate friends or business associates. If you are interested in the infantry, or some special branch of the service, get in touch with the particular unit you may be interested in, and get your chance to enlist with you. Nearly all units make it a practice to keep friends together whenever possible; in barracks, in tent and on the field.

If you are interested in the artillery branch of the service, fetch along your friends to the Toronto office of the Royal Canadian Horse Artillery, 20 Victoria Street, city, and get particulars about "C" Battery, C.F.A., R.C.H.A. We are sending drafts overseas every month, and are in need of more men. We can place you with a good lot of first-class fellows from Toronto and vicinity.

A call does not put you under any obligations, we will appreciate it, and a friendly chat may perhaps help you to make your decision. Our address:
