CATHOLIC WOMEN'S LEAGUE
St. John Sub-Division Reunion on Wednesday evening at eight o'clock, K. of C. Hall. Address on Franchise by L. A. Conlon; music, refreshments. Women desiring to become members may secure membership tickets from the treasurer on that evening.

BIG SILK SALE
The firm of F. A. Dykeman Co. are announcing another big silk sale which from all indications will even be a greater success than last year's. Frocks are to be forgotten this time as last. The variety is greater, the colors include all the new bright shades; the prices reduced lower. Everything points to one of the greatest silk sales ever recorded. The sale is to last ten days in order that out of town customers may get a chance to attend. If it silks you want it Dykeman's you want.

Victoria Garage, 124 Victoria street, is now reopened for auto repairs, storage, cars washed, and supplies.

CHRISTMAS PHOTOS
A photograph today solves the gift problem of tomorrow. Have your sitting early. Climo's, 85 Gorman street, 1425-11-11.

BIG ANNUAL EVENT

For years past the public have looked forward to Hunt's annual fall and winter sale of men's and boys' clothing and furnishings, and this year bigger and better bargains are being offered than ever before. We have learned from experience that the best time to put on a sale is just when people want the goods. So here we are just on the eve of winter offering men's and boys' winter wearing apparel at pre-war sale prices.

See our ad on page 14 and see still more bargains in our windows. Hunt's Clothing Store, 17-19 Charlotte street.

RED CROSS WORK IN ARMISTICE WINDOW

"Let Us Forget" is the motto which forms the keynote of most effective window in F. A. Dykeman's store on Charlotte street. The window presents in impressive manner the work of the Red Cross Society in war-time and its present work in the Province of New Brunswick under the peace policy programme. As background there is a realistic scene of a Red Cross hospital in war-time. Pictures which tell in an appealing way of the humane work of the society and its divine purpose are placed conspicuously. A position of honor is given the large membership roll of New Brunswick, and in the front of the window is the photograph of the five nurses which the society has stationed in different districts in the province. Small Red Cross flags in large numbers are used to surround and offset the picture. The window attracted much attention yesterday and has been decorated in honor of Armistice Day.

BALFOUR HAS HOPE AS HE LANDS IN CANADA

Quebec, Nov. 8.—"I don't believe this disarmament conference at Washington can do everything. I am personally confident it can do much. I am confident that of the steps that are being gradually made to produce a better and improved world—an international world—this step will be of all history the greatest. In that hope I go to Washington." This was the message Arthur J. Balfour, former British prime minister, and present leader of the British delegation to Washington, in the absence of Premier Lloyd George, gave to newspapermen who welcomed him this afternoon when he landed from the liner Empress of France which had conveyed him with his suite from Liverpool.

ARBITRATION ON WHARF PROBLEM

At the meeting of the common council, held yesterday afternoon, a large amount of routine business was transacted. An interim report was made in the matter of negotiations between the city and Hon. W. H. Thorne, the bond issue for the work done to North wharf was increased by \$1,600; the matter of recompense to Mrs. Gaudet for injuries to her daughter was left with the commissioner of public works and Commissioner Thornton made a report in regard to the recent police inquiry. Mayor Schofield presided and all commissioners were present.

The commissioner of finance and public affairs reported payments for October of \$213,988.84.

Mr. Bullock read a report of the superintendent of ferries in regard to the accident on Saturday night to the Governor Carleton. The damage amounted to \$250.

Mr. Bullock also presented an interim report on negotiations with Hon. W. H. Thorne in regard to the ferry approaches. He had received a communication from Mr. Thorne's solicitor, submitting a series of questions for the consideration of the council, with the intention of having them settled by arbitration. The questions, in effect, were as follows:—To what extent had the city trespassed upon Mr. Thorne's property? What was fair compensation for same? Both sides to abide by the award and city to have an option for one year from date of award to rent or purchase the property.

If these questions were agreed to, Mr. Thorne would permit the city to make repairs to its piling. Mr. Bullock said that he would bring in a further report in the near future.

Mr. Bullock said that the bond issue of \$8,700 for work done on the North wharf had been exceeded by \$1,600. The report of the engineer showed that the over-expenditure had been caused as follows:—Excess of fill, \$1,252.40; asphalt pavement, \$194.46; cost of renewing old asphalt fill and tile drain, \$171; a total of \$1,622.25. He moved that the estimate for the work be increased \$1,600 to \$10,300, instead of \$8,700.

There was considerable discussion in regard to this, and the general opinion of the council was that it should be advised of any necessary over-expenditure before it was made. The motion was finally carried.

Mr. Frink brought up the matter of the city giving some recompense to Mrs. Gaudet, 85 Chapel street, whose daughter was injured by falling in a hole in the sidewalk. According to the city solicitor's opinion, the city had no legal liability in the matter, but having in thought the needs of the family, he thought that a compassionate allowance might be made. The doctor's bills amounted to \$29 and the loss in wages, \$22.40.

NEW BILL GIVES PATRONS A TREAT AT OPERA HOUSE

Talented Performers Amuse and Entertain Wide Variety in Programme This Week.

Impelled by the standard of all recent shows, crowds that swamped the seating capacity of the Opera House greeted the new programme last night.

The crowds were not merely large, they were responsive. Every point was applauded, every humorous remark brought an instant and hearty laugh. There was not one bored individual in any of the audiences.

And this is not to be marvelled at when the calibre of the acts is considered. Al. H. Wilson heads the bill in comedy songs and stories. His skit is called "Daniel Webster Jr." because the patter is both of words and about words.

Al. sings, tells stories and yodels, and does all three in a way that won instant and hearty applause.

Closely rivaling this act, is that of Fred and Marjorie Dale, in a song, dance and musical offering.

Dick Boyle, whose cleverness with the crayon has made him welcome in many a big newspaper office and also in the military service in France, makes some striking pictures that fairly speak, and what they say is funny beyond words.

Bert and Hazel Skafelic are clever dancers and exceptional ones, exceptional in two ways because they dance both afoot and on roller skates. In the latter they execute many steps that are not only difficult but hazardous. They are among the best roller skaters who have appeared in St. John.

Billy and Edith Devereaux contribute another bright spot on the bill, in a comely singing, juggling and musical offering.

For further fun, Jimmy Aubrey speeds his way through another screech scream "The Blizard," and assisting everywhere the Opera House orchestra plays an important part.

MONCTON TO GET MORE POWER
Moncton, Nov. 8.—(Special)—At a meeting of the city council here tonight it was announced that members of the New Brunswick hydro electric commission would be in Moncton in the near future when the council would confer with them relative to details of the commission supplying the city 4,000 horsepower electricity. The council was authorized to sign a contract for 4,000 horsepower. It was pointed out that Moncton had given the hydro electric commission proposals more consideration than St. John.

BASKETBALL LEAGUE PLANS
At a meeting of the executive of the City Basketball League, held in the Y. M. C. A. building last evening with R. Willet in the chair, the secretary, W. B. Golding, was instructed to draw up a schedule for the two intermediate sections. The teams composing the first section are: Y. M. C. I. Intermediates, St. David's, High School and Y. M. C. A. Intermediates. Those in the second section are: St. George's, St. Jude's, Y. M. C. A. Business Boys, Y. M. C. I. Outlaws.

Discussion took place regarding a fourth team in the senior league but action was postponed until a further meeting of the executive is held.

Owing to the deadlock in the re-organization of last year's City Basketball League it was decided, at a special meeting of the seniors last night, that unless the trouble could be overcome before Friday, November 11, it would be necessary, in order to satisfy the public demand for this popular game, to select three teams from the senior class in the Y. M. C. A., these three teams together with the Y. M. C. I. to comprise the City league. It is believed that three evenly matched teams can be selected from the available players. In fact three interesting team possibilities have already been suggested to replace the Seniors, Trojans and Alerts. Unless a solution is forthcoming as mentioned above a special meeting of interested Y. M. C. A. players will be held at the Y. M. C. A. on Friday evening.

DE GRACE NAMED
Bathurst, N. B., Nov. 8.—At a convention held this afternoon at Carleton Place, De Grace was nominated to contest the constituency of Gloucester in the coming federal election. The name of Azad Landry also was considered by the convention.

EXHIBITION OF 1921 LOST \$11,000

The St. John Exhibition Association lost more than \$11,000 by the operation of the fair this year and the attendance was twenty-five per cent less than in 1920, according to reports made at the annual meeting of the shareholders, held last evening.

At the shareholders' meeting election of twenty-one directors for the coming season took place and resulted as follows: W. S. Allison, T. H. Bullock, W. F. Burditt, John Calder, F. A. Dykeman, G. D. Ellis, J. H. Frink, W. H. Golding, F. E. Holman, J. B. Jones, Mrs. H. Lawrence, G. C. McAvity, G. C. P. McIntyre, I. H. Northrup, R. O'Brien, R. P. Pateh, E. A. Schofield, E. J. Terry, John Thornton, W. J. Wetmore and W. H. White. These directors will meet in the near future and add ten additional directors to the board. All the city commissioners were made directors owing to the fact that the exhibition is a civic project and the citizens are directly interested.

The financial report showed that the association owned buildings valued in excess of \$135,000, in addition to plant and equipment worth more than \$11,500. The question of complimentary passes was dealt with in the directors' report and it was said that this subject had been a source of worry to the directors for several years and open to much abuse. A recommendation was made that the free list be abolished entirely.

The report said that the year's operation had wiped out the cash reserves and left the association in debt. There was, however, approximately \$6,500 due from Ottawa for prize money whenever another show was held. This amount is based on the prize money paid out this year. It is expected that the association would also receive a grant of \$5,000 from the provincial government in 1922.

A motion was passed that it was deemed advisable to hold an exhibition in 1922, providing adequate support was forthcoming from the citizens, the transportation companies and the provincial government.

RIGHT GLASSES
Increase Your Capacity for Work

Thousands of men and women depend upon their ability to use their eyes at close work to make a living. If you are having trouble with your eyes do not neglect them on account of the small cost necessary to give them relief and power.

The price of our glasses is small compared to the good they will do you. SAVE YOUR EYES.
