With the American Army on the St. Quentin Sector, Sept. 30.—(By the Associated Press, 10:30 p. m.)—American forces fighting on the Hindenburg line south of Gouy have been heavily engaged all day, and tonight the action still continues.

Australian units have been co-operating with the Americans. Near the north end of the Hindenburg line, where the St. Quentin Canal runs, the fighting has been especially vigorous. It was at this point that the Americans passed over the canal. Thousands of Germans poured into the struggle and the fighting was very hard.

Reports just received indicate that north of Bellouart there was very heavy fighting and the Americans, in spite of great pressure against them, have held their positions and the campaign here is still in progress.

Hints At Turk Capitulation

Bonar Law's Veiled References In Guildhall Speech

Ringier Cheers Greet His Words; All Eyes Now Focused on Land of Moslems; The Bulgar Surrender Absolute

A New York despatch to J. M. Robinson & Sons says that, according to the New York Times, the Hague hears that Turkey has asked for an armistice.

London, Sept. 30.—(Delayed)—With Bulgaria out of the war through the armistice convention signed on Sunday, involving her complete military surrender, interest in the near eastern situation is being focussed on Turkey.

It is noted that Andrew Bonar Law, chancellor of the exchequer, in his Guildhall speech today, made a remark referring to the defeat of the Turkish army at General Allenby's hands, and adding "and something more is going to follow." Later in his speech he said, also cryptically, touching on the control of railways which Bulgaria will give: "In that there was something in connection with Turkey which I can not say, but which we can all think."

Mr. Law's words were almost drowned by cheers, but the impression created was that Turkey would follow Bulgaria's lead.

London, Sept. 30.—(Canadian Press despatch from Reuter's Limited)—Right Hon. Andrew Bonar Law, chancellor of the exchequer, in the course of his speech at the Guildhall today at the opening of the campaign for the second thousand million pound in war bonds, said that of the two methods of raising money, namely, by periodical loans and continuous borrowing, the latter had been proved to be far the better, as it caused the smallest possible disturbance of the financial arrangements of the country and was also an indication of staying power which the issue of the war depended. It was also far better from the point of view of post-war financial stability.

Mr. Law said that the wonderful amount of £1,900,000,000 had hitherto been subscribed in war bonds. The new campaign aimed at a weekly subscription of twenty-five million sterling. He expressed no difficulty in raising this amount, but said that it was essential that the public should be made aware of the need for it.

NO PLACE YET FOR GERMANY IN LEAGUE OF NATIONS

London, Sept. 30.—In his Guildhall speech yesterday, Mr. Balfour said that President Wilson's speech a few days ago had all the characteristics which made the president's public utterances unique in state documents. Mr. Balfour asserted, however, that Germany could not be allowed to enter a league of nations until she had not merely been obliged to change her profession of faith, but was bereft of all dreams of world domination and tyranny.
