NEW MOVE MADE IN THE CASES OF HARD DRINKERS

Will Be Summoned to Court by License Commissioners and Put on Interdict List—Three Today

With a view to stop increase of drunkenness in this city and for the good and betterment of the community in general, the Liquor License Commissioners have decided to proceed against all habitual and excessive users of liquor by having them summoned to court and having their names placed on the interdict list.

In the police court this morning three men—Michael Fitzmaurice, Moses Ramsey and William White—were before the court and following charges read to them: "At the city of St. John during the last month and previous thereto, by the continuous and excessive drinking of liquor, you have misused, wasted and lessened your estate and endangered and interrupted the peace of the community, against the provisions of the Liquor License Act."

All three pleaded guilty and were told that their names would be placed on the list. The charge was laid under section 100 of the Liquor License Act.

"There is no reason whatever why all three of you could not leave this court room and decide to lead better lives. Give up the rum, it will not do you any good. Make up your mind to become men among men and you will have more to show for it in the end."

Several other cases are to be taken up on Tuesday morning next at ten o'clock. It is the intention of the commissioners to have all those who are in the police court very frequently summoned to court and their names placed on the list. In this way it is hoped to lessen the drinking evil to a considerable extent.

TAPPED ELECTRIC WIRE FOR ONE LAMP; ARREST IS MADE

Case Against Frederick McAdam of Murray Street is Taken up in Police Court

Frederick McAdam, aged 23 years, was arrested last night by Sergeant J. J. Smith on a warrant charging him with tapping electric wire for one lamp.

The charge was made by J. J. Hoyt, inspector of the city, who alleges that on or about August 20, 1912, at 10 o'clock, he saw McAdam tap electric wire for one lamp in the house at 19 Murray street. E. C. Weyman appeared for the company, and McAdam was represented by Mr. Hoyt.

Mr. Hoyt said that on Tuesday last he went to 19 Murray street to inspect the meters there, and saw a six-foot wire running from the main block to the house, and that McAdam was using the electricity, and asked him if it were so. He told the witness that he had been using it for one lamp, and said that he had done so because he had no bill.

The prisoner denied the charge, but said that he would pay for the light. He showed me a portable lamp which he had been using in the house, and said that it was connected with the main block. The entire house was wired, but the electricity which McAdam was using would not be registered on any of the three meters, or on any other meter. The main block was on the side of the wall in McAdam's kitchen and the wire was attached to it.

McAdam admitted to me that he had been using the light for about six weeks, but he was not on the company's books. The electricity which he was taking would not be registered, and would not be paid for by any of the other tenants. He told me that a friend of his had shown him how to take the electricity, and had insisted upon the premises on previous occasions, but had not noticed anything wrong. The value of the electricity would amount to about \$1.20.

The case was allowed to stand over until Tuesday morning at ten o'clock when several other witnesses will be called.

ACTION AGAINST THE GOVERNMENT BY PEOPLE OF PROTECTION STREET

Some of the property owners of Protection street, whose premises are being made uninhabitable by the smoke of the surrounding terminal facilities, are reported to be making claims for damages against the federal government on the grounds that, as the government authorized the work, it should be responsible for the results. A communication was sent to the mayor regarding the matter, as the land under the buildings is city property, but the reply given was that the city is not responsible.

THE HOME OF DAVID ADAMS, Tower street, West End, was the scene of a very pretty wedding on Wednesday afternoon, when his daughter, Miss Lillian Adams, was united in marriage to Harold St. John Peters. The ceremony was performed by Rev. H. E. Thomas. The bride, who was given away by her father, was attired in a gown of cream white cord and satin, and carried a bouquet of cream roses and maiden hair ferns. After the wedding a dainty supper was served, and Mr. and Mrs. Peters left on the Montreal express for a visit to Montreal, Ottawa, Toronto and other cities. The bride's going away match, on their return they will reside at 111 King street west. Both the bride and groom received many handsome presents. The groom's present to the bride was a set of mink furs.
