Entry Into One Of Bigger Leagues

NOW BEING DISCUSSED

Canadian or New England League... Failing This For Next Likely St. John, Moncton, and Halifax

Things that have been and are being thought of and quieted about for St. John in baseball... less than a decided step to the city and entrance into the New England or Canadian league.

There have been some conferences along the matter and, while it is as the embryo stage, the matter is under consideration. Always is the possibility of failure to get the city and entrance into the New England or Canadian league.

Mexico City, Nov. 28.—The town of Mazatlan, the most important port on the west coast, was captured by the rebels on Thursday, according to authoritative information received here yesterday. It is believed that the foreigners resident at that port were unharmed, as several attacks recently made there resulted in a general exodus to the part of the foreigners and many Mexicans.

The capture of this port is considered extremely important in view of the fact that this practically isolates the west coast, giving the rebels control of the entire state of Sinaloa.

MURDERER WHO SLAYS VICTIMS WITH HATCHET

Two Business Men of Oklahoma Killed in Same Way—Robbery Not the Motive

Muskogee, Okla., Nov. 28.—A mysterious murderer, who chops his victims to death with a hatchet, has made his appearance in this city and already has slain two aged business men, having no clue leading to the establishment of his identity.

B. F. Richardson, an elderly furniture dealer, was murdered in his place of business about dusk on Thursday, and early last night C. S. Everett, a groceryman, was killed in his store, about five blocks from the scene of the former crime.

Both men were killed with a hatchet, and the head and bodies of both victims were terribly mutilated. Other points of similarity in the execution of the two murders have convinced the police that the two crimes were committed by the same person.

That robbery was not the motive is indicated by the fact that the cash in neither store was robbed.

Both Speakers at St. Andrew's Society Dinner

AN IMPERIALISTIC NOTE
Bishop Fallon Strong For Closer Empire Bond — His Speech Direct Refutation of Stand Taken By Nationalist Leader

London, Ont., Nov. 28.—St. Andrew's Society last night, at its 65th annual dinner, brought two of the most famous speakers of Canada together — Henri Bourassa and Bishop Fallon, of the Roman Catholic Diocese of London. Owing to Mr. Bourassa's well known opinions on French Nationalism, and Bishop Fallon's decided stand on imperialism, there was an audience assembled, which expected some oratorical fireworks.

They were not altogether disappointed, for Bishop Fallon's address was a pointed reply to Mr. Bourassa's, and was an out and out declaration for imperialism and the federation of the British colonies in a closer bond of union, and a more united empire to face the problems of the world.

Mr. Bourassa covered the usual ground of his stand against imperialism. He argued that the only way for the empire to exist was to allow each and every dependency to work out its own destiny, but under the British flag. He said that, to carry out the scheme of imperialism as advocated by its ardent supporters in this country, would be to complicate the problems for the old land and break up that which it was sought to preserve in still closer union, and a more united empire to face the problems of the world.
