BORDEN IN TORONTO.

Tory Stronghold Gives Him an En-
thusiastic Welcome.
Toronto, Aug. 24.—Toronto Tories to
the number of 4,000 rushed themselves
home here last night at the meeting
addressed by R. L. Borden and W. T.
White.

It is a great economic and na-
tional issue in which all minor polit-
ical differences are absorbed and merged,"
said Mr. White. "It is a ques-
tion above parties and above individ-
uals." Reciprocity was not a simple
question. It was a difficult and com-
plex question. To talk of larger mar-
kets on the one hand and reduced
cost of living on the other was not
sufficient. A man who had a dollar
in his pocket and had to pay thirty
cents for his dinner was better off
than the man who had no money and
had to pay twenty-five cents for his
dinner. "The United States produces
more than the United States con-
sumes; it has an exporting popula-
tion."

"Canada," Mr. White went on, "has
an infinitely better position than
the United States. He pointed to the
three transcontinental railways, the
like of which no other country had.
The bank deposits were better than
any other nation. "You get your
money from the money centre of
the world—and there is only one
money centre of the world—that is
London and not New York."

"By implication the agreement to
which the Canadian Government is
a party endorses the policy of the
provincial governments in imposing an
export duty upon shipwreck in order
to insure its manufacture here."

Then Mr. Borden rose to speak.
He dealt with reciprocity from the
standpoint, and directed the attention
of his hearers to the effect on imper-
ial connection.

Before concluding Mr. Borden made
a passing reference to the position of
Hon. Geo. E. Foster, which has been
assailed by Liberal newspapers. In
a few sentences Mr. Borden said the
electors of North Toronto were en-
titled to choose their own candidate
to represent them in Parliament.

There was no quarrel within the Con-
servative party, and those who were
associated with Mr. Foster in the
former Conservative administration
were not to be regarded as having
any special regard for the public
interests and answering in his
devotion to the country.

"And when sitting upon the
Treasury bench of Canada we will
be the servants of the people and not
dictators to the people of Canada."

STILL AT COERCION.

Hon. Mr. Sifton Reiterates His
Charges at Tilsonburg.

Tilsonburg, Aug. 24.—Hon. Clifford
Sifton addressed a large audience
here last night in opposition to the
reciprocity pact.

Reviewing Canada's past tariff con-
ditions Mr. Sifton said that the prin-
ciple of protection brought about by
the national policy had not been
destroyed by the 1897 tariff revision.
Its continuance through such a
lengthy period was the basis of the
general prosperity of which he was
proud. The building up of an indus-
trial population furnished the farm-
ers' great home market. The condi-
tions under which reciprocity was
negotiated were reviewed.

"Great friendliness is claimed for
the United States," said Mr. Sifton.
"But I say the Government of Canada
was coerced into this arrangement,
and that Government showed no
friendliness in its attitude. The con-
ditions of the maximum
tariff was created, because of an
alleged discrimination made by Canada
against the United States."
It is on the face of it an absurdity.

Following the general lines of his
Ingersoll speech, Mr. Sifton reviewed
in order the arguments advanced for
the trade agreement. First, Sir Wil-
frid's plea that former Canadian
statesmen favored reciprocity; second,
Hon. Mr. Sifton's plea that the
consumer will secure lower prices;
and, third, the general argument that
the Canadian farmers will secure
higher prices.

Beer Was Too Strong.

Brantford, Aug. 24.—Max Harris, a
local foreigner, was fined \$100 and
costs here yesterday for a breach of
the Liquor Act, in selling lager beer
made at Waterloo, which contained
2.62 per cent. of alcohol, instead of
2.50, the legal requirement. Magis-
trate Livingston said he had no course
left but to impose the fine. An effort
will be made to have it remitted, ten
days being granted.

Charged With Shooting.

Brantford, Aug. 24.—William Wine-
gardner, a Hatchery man, is in jail
here, charged with shooting his son-in-
law, Thomas Rowe, with intent to
kill. Rowe ran away with Winegar-
dner's daughter, and on the return of
the couple the alleged shooting took
place. In the prisoner's possession
were found a revolver and several
rounds of cartridges.

Died In Chicago.

Kingston, Aug. 24.—Within five days
of each other, two former Kingstonians
passed away in Chicago—John Crow-
ley and his wife. Two daughters and
one son survive. Crowley was born at
Kingston Mills sixty years ago, and
attended the old boys' reunion here
a few weeks ago.

DRIVER OF CAR WAS EXONERATED

Killing of Pedestrian on Lake Shore Road
Pronounced an Accident—
Roadway in
Darkness.

Toronto, Aug. 24.—That Samuel
Horton met his death on August 21
as a result of accident, and was com-
mitted to the driver of the automobile from
all blame.

This is the substance of the verdict
rendered by Coroner Crawford's jury
last night at the conclusion of the in-
vestigation into the fatality on the
Lake Shore Road on Monday night
when Mr. Frank Burrows' automobile
ran into an aged bicyclist, Mr. Bur-
rows was subsequently arrested on a
charge of manslaughter and was yes-
terday granted bail of \$4,000.

Several witnesses testified that Bur-
rows was not running faster than 15
miles an hour, and probably less; that
the roadway was dark; that deceased
was first observed standing in the
roadway about a foot north of the
auto's path, but stooped forward to
pick up his bicycle which was lying
in the road, and then his head came
into contact with the car's front light.

Also every witness commented on
Burrows' upon his hasty conduct in
doing all that he could for the in-
jured man, taking him first to Dr.
Griffiths, then to the Western Hospi-
tal and staying with him until 3 a.m.
Dr. Beattie, house surgeon of the
hospital, added a tribute to Mr. Bur-
rows' conduct and declared that he
was in sympathy with the jury's find-
ing in summing up the evidence, and
particular stress upon this point. The
coroner further charged the jurors to
take the law and draw up a careful
verdict, as there was a serious charge
hanging over Mr. Burrows, and they
should clear the air of suspicion con-
cerning him.

Norman Stewart, who was in the
motor; Wm. A. Ross, who was follow-
ing closely behind in another car, and
Mr. Burrows all declared that the man
had been carelessly and had not
stepped forward. Robert Little, a
watchman at the gate-house near by,
said the electric lights were out off
that night, and the roadway was very
dark. Some of the party had been
drinking.

Concluded the examination of wit-
nesses.

A commercial museum.
Kingston, Jamaica, Aug. 24.—A com-
mercial museum will be established
at Jamaica for the purpose of bring-
ing the resources of the island more
prominently to the notice of foreign
markets.

More Haitian exiles, some of them
unfriendly to President Lorrain, are
arriving here. One of them, who is
an adherent of former President Si-
mon, was obliged to wrap himself in
a Spanish flag to escape the violence
of a mob that threatened him as he
was about to leave Haiti.

Never Saw the Will.
Kingston, Aug. 24.—In a statement
to the lawyer looking after her in-
terests, Mrs. Abbie George, widow of
the late Joseph George, says that she
never saw the will of her husband,
which has just been found under sen-
sational circumstances. She not only
never saw the will, but never heard
of it being in existence.

Lost 250 Chickens.
Kingston, Aug. 24.—P. D. Lyman, a
well-known poultry fancier, reports
that he has lost 250 chickens this
summer through "growing light," one
of the latest fads among pig-
ions and chickens. The disease ap-
pears to be caused by varying ex-
tremes of weather.

Will Accept Savings Bank Idea.
Montreal, Aug. 24.—The establish-
ment of public savings banks where-
in each scholar may deposit spare
pocket money, whether it be a penny,
a nickel, a dime, or a quarter, will be
a feature of the Catholic schools of
the city when they reopen for the fall
term next month.

After Winnipeg Railway.
Winnipeg, Aug. 24.—Sir William
Mackenzie and Sir Donald Mann are
in the city to meet once more the re-
presentatives of the city, with regard
to the proposed purchase of the street
railway by the city. What is expected
to be the final conference will take
place to-day.

Unaggressiveness Denial.
Montreal, Aug. 24.—Sir Thomas
Shaughnessy yesterday gave for pub-
lication a statement in connection with
the published reports that he, with
other C.P.R. officials, will campaign
the northwest of Canada in opposi-
tion to the proposal. Sir Thomas
dictated the following:

Accompanied by three or four
members of the Board of Directors, I
am leaving to-morrow on the annual
inspection trip over the lines between
Montreal and the Pacific coast. Fully
conscious as we shall be with other
matters, I regret exceedingly that we
shall have no time to give to politics."

Died Suddenly.
Brantford, Aug. 24.—Dr. Almon A.
Babeock, for 14 years a prominent den-
tist of this city, died suddenly here
yesterday from epilepsy, to which he
was subject. A widow and two chil-
dren survive.

INQUEST ADJOURNED.

Wilkie Murder Case Retold In the
Coroner's Court.

Toronto, Aug. 24.—Coroner to-day
resumed the inquest into the death
of Mrs. Ellen Wilkie, who died after
an alleged assault by her husband,
yesterday afternoon, at which time
the evidence of Constable Smith and
Miss Lillie Reynolds, daughter of de-
ceased, was taken.

The constable said that on hearing
cries of murder he rushed into the
house and found Wilkie standing at
the foot of the stairs with his hand
on Mrs. Wilkie's throat. He separat-
ed them and Wilkie proceeded to the
back yard. Meanwhile his wife re-
quested the constable to take charge
of her husband and offered to go to
the station and lay a charge of as-
sault against him. She put on her
coat and then said she could not go
then. A moment later she dropped to
the floor and died almost immedi-
ately.

About 11:20 the stepfather came
back. At this time the woman was
sitting on the front doorstep. Her
husband told her to go inside, and
on refusing to do so he proceeded to
drag her in by the hair. A row en-
sued, and shortly afterward the Ital-
ian, Perry, came in. Mrs. Wilkie
tried to defend herself by striking
at her husband, but missed him and
struck the Italian. Perry struck her
back, and then Wilkie seized her by
the throat.

At this point the woman cried out,
and Policeman Smith entered and
separated the combatants.

CORNER-STONE LAID.

Lieutenant-Governor Officials at
Hamilton Function.

Hamilton, Aug. 24.—Lieutenant-
Governor Gibson before a fair-sized
assembly here to-day attended the
corner-stone of the Hamilton new pub-
lic library building, which, when
completed, will cost close to \$200,000.

The building will be raised by the public
library board.
Lieutenant-Governor in his re-
marks referred to the question of the
distribution of wealth, which he ad-
mitted was very unequally distrib-
uted. He said that the public library
was a means of distributing wealth
of such institutions as the public lib-
rary, the corner-stone of which would
be eventually discovered.

Other speakers of the occasion were
John Milne, chairman of the public
library board; Judge Hardy, chairman
of the Brantford public library board;
John M. Brown, trustee, and H. B.
Whitton, trustee, and the father of the
public library in this city.

The library, when completed, will
be known simply as the Hamilton
public library, and Mr. Carnegie's
name will not be officially connected
with the institution. A memorial bust
of the city's benefactor will, however,
be erected in the building.

Thaw's Money Ties Him Up.
Pittsburg, Pa., Aug. 24.—Harry
Thaw, through counsel, yesterday filed
an answer to a petition of Evelyn
Nesbit Thaw, in which he will oppose
the appointment of a committee to
take charge of his person and estate.

Thaw's answer will set forth that
he is not insane, but is capable of
conducting his own business, and, in
fact, is transacting his own business.
"I have just come from Matamoras,"
said Attorney W. A. Stone yesterday.
"I conferred with Thaw for two hours
regarding the petition of Evelyn
Thaw. There is no doubt that Thaw
would have been discharged from Mat-
amoras some time ago had it not been
for the fact that officials there hesi-
tate to give him a certificate fearing
that it would be said that his money
had influenced them."

"I talked with Thaw for two hours
on various subjects, and if I am cap-
able of judging of a man's mental con-
dition, he is perfectly sane and rat-
ional."

Seemed to Give Him a New Stomach.
"I suffered intensely after eating
and no medicine or treatment I tried
seemed to do me any good," writes H.
M. Youngsters, Editor of The Sun,
Lake View, Ohio. "The first few doses
of Chamberlain's Stomach and Liver
Tablets gave me surprising relief and
the second bottle seemed to give me a
new stomach and perfectly good
health." For sale by all dealers.

CROTTY'S CORNER

Crotty's corner, don't you know,
That is where we used to go
Hustling on the way from school;
Hustling then was all the rule.
Chasing up McGaughey hill,
Yes, and by McNally's still.
Tired of school each blessed day,
Each one eager for a play;
Boys and girls, all alike—
Think some would go to strike.
Gee! but lessons then were hard,
Everyone seemed old staid;
Lickings! Well, we've had a few,
Shies seemed after black than blue,
Winter nights when school was out,
Lend! how good it was to shout,
Grab some snow and wipe some face,
N beat the girls out in the chase.
Get it in the neck you bet,
Feel that snowball stinging yet?
But the one who made the turn
Past "Dick Crotty's" sure would earn
All the comfort that he got—
Night so cold and race so hot,
Old North Oxford always stood
At the head for making good;
But, of course, I'm just afraid
Somebody's quivered her old parade!
Still, us boys grew up to men,
Girls to women, and just then
Was the time we all quit play—
School days then grew far away.
Crotty's corner still is there,
Youngsters' voices rend the air—
Well, there's one thing: long ago
We had our bright hours, and so
We content to live and dream
And think I hear us children scream,
Now and then past Crotty's goes
In the house some one of those
Who had chased, and who had run
"Fire Life's" trials were yet begun;
Worried in the race at last,
Each and all may soon have passed.
Dr. James Henderson,
Port Huron, Mich.
