Downing Street,
14th October, 1837.

Sir,
I have the honour to transmit to you a Copy of a Letter, which has been addressed to me by the Trustees of the British Museum, requesting me to instruct the Governors of Her Majesty's Colonial Possessions to make known within their respective Governments the desire of that Institution to receive Specimens of the Natural History of the Colonies: and also to take advantage of any opportunities which may offer of securing for the Trustees such rare and curious objects as shall appear to be of sufficient importance to deserve a place in the National Museum; I have accordingly, to request that you will contribute to the utmost of your power towards the promotion of the views of the Trustees of the British Museum. I also enclose several copies of a Code of Directions which has been prepared by the Officers of the Museum for the guidance of inexperienced persons in selecting and preserving Mineralogical and other Specimens; and I have to request that you will cause them to be distributed among those who may be willing to collect and present specimens to the Museum.

I have, &c.
