Silver chandentiers, beautifully tinted wainscoting, uniters to accommod everything in the hotel. Silver chandents are also sold open. He was requested by the rate fall of them. Every room is uniterated the made in church as to the new arrangement in 1890 was simply an announcement. He sohols would open. He was requested by the trustees to make the made in church as to the called by Mr. Skinny, of Chathurst village, the way. Will the condition of the more.

At the luncheon hour many more seats will be required than at any other part of the day, but the restaurants are able to are for 50,000 persons at once. Some of these restaurants are mammoth affairs, and while the charges are higher than cost of us have been in the habit of paying at home, except in a few instances they are not excepting the paying at the paying the pay hey are not exorbitant, everything being considered. One may avoid these expenitive places, and enter the smaller eating blaces or lunch rooms, and do very nicely places or lunch rooms, and do very nicely at an expense of half a dollar. For instance, in the southern end of the main building is a snug little lunch room where one may buy a good sandwich for a dime and a cup of coffee at the same price. If one spends more money here than he can afford to spend it is his own fault, for the opportunity is given him to take his choice of bills of fare and schedule of prices. Visitors from the country who The Liberal Association of Normal Catholic catechism has apparently been taught as a part of the regular course of instruction, by Normal school graduates, although the fact has been concealed from the Inspector, save in one case, in which he put a stop to it as soon as in the left the convent had been and the was entirely untrue that it was desired to have Protestant children should not be present would it was elicited Chairman and Mr. W. C.

Winslw, secretary. Resolutions were an afford to spend it is his own fault, for the Sisters to teach the cate any means to the detriment of the Protestant satisfactory, because it brought the school spacious waiting rooms, lavatories, a lunch room where regulation railway lunch room prices prevail, and tables at which the people may spread out their own lunches and buy a cup of coffee or tea from the cafe for warm drink. At various aces throughout the grounds visitors are rmitted to spread their baskets and en-

joy little impromptu picnics, all their own. Every day one sees thousands of people, more than half of them from Chicago,

Mr. White thought the matter had no connection with the investigation, but

to ride up here in the elevators, but the trip is worth the money, and more too. There is free drinking water in every management, and from them is drawn fil-tered water as pure as any water on earth that has not been distilled by the chemist. It is water from Lake Michigan, filtered filter, and carefully cooled without contact with the ice. Visitors need not be Witness made a lengthy explanation afraid to drink this water even in the hot-test weather. It is almost ideal water, and it is free. Of course if you want min-are. eral springs water that bubbled from the earth at Waukesha you may have it by paying a cent a glass to one of the hun-dred pretty girls who sit at neat little fountains in all parts of the exposition. There are plenty of waiting rooms. In addition to those in the terminal station a number of buildings have been crected at various points in the grounds, and here both men and women may find all con- when they read this incident, because they admission of 5 cents is charged, and the inless he wishes to do so, and that whersome lavatory, with | longer than the medical bill that was presentter conveniences, and a turnstile beside ich a young man sits ready to receive ed and paid regularly every month. comfort to many thousands of visitors. With two or three exceptions, all the states and territories have handsome buildings here, and only a small number if an arrangement had been made by which all devoted to the entertainment of the commonwealths which erected them, their friends from other states. They are (Continued on 3rd page.)

running order. There are about thirty days. People who intend coming to the fair and who do not know their permanent or hotel address, will do well to have their mail sent to their state building. At each of the state buildings special efforts are made to take good care of mail delivered into their hands and to see that it gets to

the charges are the same as in the city. lost anything. Within a few hours the business men of Chicago raised enough money to pay off all depositors, and the bank has since been reorganized on what appears to be a sound basis.

Now that the hot weather is coming on—

Now that the not weather is coming on-for in Chicago's mysterious climate spring seems to have been dropped from the role of seasons and a quick jump is made from winter to summer—there will of course be a few cases of sunstroke as well as now a few cases of sunstroke as well as now and then other sudden illness among the throngs of visitors. For the care of such who may be unfortunate enough to fall ill ample arrangements have been made. There is a complete hospital service, with surgeons, physicians and ambulances, and two hospitals which are model institutions of their kind. While Chicago has its hot of the lake breezes constantly blowing upon them. They may ascend to the top of the main building and cool off, or take a ride out upon the lake in one of the splendid rotunds of the Administration building, which is in some respects finer and more impressive than the rotunda of the national capitol at Washington, visi-tors will find a cool spot, for here the heat of the sun finds it difficult to penetrate, while the slightest movement of air produces a circulation through the vast en-

agement has provided a force of guards numbering 2,000. You may have read in the papers some complaints about these guards; that they are stupid, insolent and disagreeable. If you have, no doubt you concluded not to trouble the blue-coated insolence among the guards. Except in this one instance I have always had my inthis one instance I have always had my inquiries politely and in most cases intelligently answered. Nor have I ever witnessed any act of insolence or brutality on
the part of a guard. Therefore I am not
to be blamed if I take with many grains
of allowance the stories which I read in
the newspapers about the dreadful tyranny
of the Columbian guards. The whole case
seems to be like the tradition that your seems to be like the tradition that goes ignorant and brutal, and yet out of a hun dred officers you may have asked for direc tion in the city not one failed to treat you

veniences. No charge is made. In addition to these there are toilet rooms for both sexes in all the principal buildings.

These are free, also, and clean. It is true

was an interval between then and now, that there are many toilet rooms to which an | Miss Booth never recalls without a shudder. From health and happiness, Miss Booth management has been savagely criticised for permitting these establishments to be opened on the grounds. But when one considers he need not enter the pay-closets cally wrong with her constitution. Day by nize her thin sickly-looking self as the one apon the manner in which the owners of the nickel toilet rooms have been per they said, and wrote out prescription after the said again. If any criticism is justified it is | time healthy, rosy girl. Doctors were conthe nicker toute rooms have been permitted to take possession of the most conspicuous parts of the rooms set apart for this purpose. As one enters the door marked "toilet room" he sees immediately in front of him a handsome lavatory, with

your nickel. He not only sits ready to re- Said Miss Booth. "My condition was a cive the coin, but calls out to you, "this most deplorable one. I really thought my aturally the visitor who does not know heart was affected, for it almost stopped the ropes thinks this the way to the toilet room, and the only way to the toilet room, and the only way there is. Many are misled into entering the turnstile gate at a cost of 5 cents per entrance, whereas if they would turn either to the right or left immediately after passing through the first door they would find folding doors which admit to pleasant rooms which are absolutely free. There is no use of paying a nickel unless you go in for luxury.

One day Miss Booth sent to the drug store to have a prescription filled. The clerk wrappcareful nurses, where they will receive good attention and be permitted to amuse they will an all the wrapper Miss Booth picked up the circular and read it. It opened her eyes. Il manner of toys contributed by the na-cus of the earth, at a small charge per were caused by that dread disease dyspepsia. The state buildings are sure to be a great "I believed that circular," said Miss Booth, "and I stopped taking the doctor's medicine at once. The circular said take Burdock of them are used for exhibits. They are half bottle was all I used before I began to get well. I took eleven bottles altogether. Now I am well and sound. The scrap of room at which your parcels may be left life."
