THE MOUNT ALLISON WESLEYAN ACADEMY has been in successful operation upwards of thirty years. The arrangements which were made for the accomplishment of the important object for which it was founded were such as obtained for it a high position in the public estimation very early in its history; and those upon whom the direction of its affairs has devolved have been stimulated and encouraged, by its prosperity, to continued efforts to render it, in all its departments, increasingly efficient and deserving of patronage. Each year has, therefore, been marked by valuable additions to its educational facilities, and by more or less extensive general improvement throughout the establishment.

The new Academy Hall, opened January, 1883, is commodious and well adapted to the purposes for which it was intended. It is heated throughout in a most efficient manner by hot water. The rooms are provided with necessary furniture, so that students need not bring furniture or bedding with them. Students are responsible for damage to their rooms during the period of their occupancy.

The College Library is accessible, under prescribed regulations, to all the students.

A full supply of all Text Books, Stationery, etc., needed by students, is kept constantly for sale at the Institution, at the lowest possible prices.

Students can, if they desire, take in the College special classes while attending the Academy.
