

OSWALD S. CROCKET

Resuming the Central Railway debate on Thursday last week, Mr. Crockett said:

"That is the way Mr. McAvity started in to execute this important trust."

"Q.—From the time you became president to the present time, you have not a single book kept in your office or under your supervision except the book you now bring and which was made up from other books?"

"But the books that were held at Norton, at the head office. This book is made up from one received, I had paid me and from data in my office."

"Q.—Not from a book you had yourself?"

"A.—I had NO BOOKS TO KEEP."

Page 368:

"Q.—Do you know what books were opened?"

"A.—NOT OF MY PERSONAL KNOWLEDGE."

"THIS IS THE EMINENT BUSINESS MAN, who managed this book. Then at page 380:

"Q.—I will call your attention here on page 5 brought forward \$52,250; this was during your regime?"

"A.—That is since I took charge."

"Q.—I see in lead pencil 'less W. P. \$5,000'—that is carried forward in a credit item on the 5th page. See this in lead pencil 'less W. P. \$5,000'?"

"A.—I NEVER SAW THAT BEFORE."

"Although it subsequently appeared that Mr. McAvity HAD SIGNED A CHECK WHICH WAS FILLED OUT IN THE HANDWRITING OF THE HON. WM. PUGSEY FOR THAT AMOUNT."

"Q.—That \$5,000 so far as this cash book appears from view?"

"A.—That would be previous to my taking charge."

"Q.—That is carried forward in pencil on page 7 it is reduced to \$47,250, then on page 8, it is carried forward in ink \$47,250. Do you give any explanation of this how W. P. would get \$5,000?"

"A.—I did not make the entry. I HAVE NOT THE SLIGHTEST IDEA."

"Q.—DO YOU KNOW WHO W. P. WAS?"

"A.—I HAVE NOT THE SLIGHTEST IDEA."

"Money of which he was the custodian, \$5,000 had gone into the hands of W. P., and he had not the slightest idea as to how it got there."

"McAvity Had No Idea."

"Q.—Do you know anybody connected with the business to whom W. P. would refer?"

"A.—I HAVE NOT THE SLIGHTEST IDEA."

"Q.—Do you know a person with initials W. P. prominently connected with the business of the company?"

"A.—I KNOW PERSONS WITH THOSE INITIALS."

"Q.—You know a man connected with the financial part of the business?"

"A.—I CANNOT SAY WHY THEY WERE PUT THERE."

"That, Mr. Speaker, was the evidence of Mr. Geo. McAvity, who on the Hon. Wm. Pugsey recommended so highly on the floors of the New Brunswick Legislature as a MAN WHO WAS GOING TO STRAIGHTEN OUT THE AFFAIRS OF THIS ROAD. At page 360:

"Q.—As director, would you inquire into the business of the company?"

"A.—NO. INTO THAT POSITION I WAS IN NEVER GAVE ANY TIME OR ATTENTION TO IT."

"Q.—There were no meetings of directors?"

"A.—NONE THAT I ATTENDED."

"Easy Money For McAvity."

Page 363 he says that Mr. Pugsey substantially controlled the whole business. Now for these services, I may say, MR. McAVITY CHARGED \$5,000 A YEAR, and the evidence shows that \$2,380 had been paid him as interest on some coupons from the month of January to the month of March, on the basis of \$24,000 per annum, \$2,380, HE DID NOT KNOW ANYTHING ABOUT, AND COULD NOT ACCOUNT FOR IT. In this investigation, he was asked about it, and had no explanation. But a few days afterwards his counsel, the member for Carleton, appeared with a statement showing that it had been charged up by Mr. McAvity as salary. When he was questioned, he had no knowledge and could not account for the money; but when he came back upon the stand, AFTER CONSULTATION WITH HIS COUNSEL, he questioned with respect to the money and said that he had put it in his pocket ON ACCOUNT OF HIS SALARY. Now, there is another section in the Act of 1901 which I read this morning, with reference to the conditions upon which this guarantee should be obtained. There is a specific section in the Act providing that the salary of each officer and the amount of wages paid for his services

"shall be subject to the approval of the Lieutenant Governor in Council, who may fix or alter the amount from time to time as long as the said guarantee of the province shall remain outstanding."

"That, Mr. Speaker, was the provision there was NOBODY WHO KNEW THE SALARIES OF ANY OF THE OFFICERS OF THIS COMPANY. They seemed to be taking money exactly as they needed it, and as they desired it, and to be taking it in very large sums. On that head I wish to quote from the evidence of the Minister of Public Works himself. Page 361:

"Q.—What salary did Mr. Allen get?"

"A.—I DON'T REMEMBER."

"The official director of this company representing the Government in the interest of the people of the province, with that provision in the Act I have referred to, that the salary should be fixed by the Lieutenant Governor in Council, states in his evidence that he was not even aware what salary was paid to the secretary of the company, or that he did not remember."

"Q.—Do you know what salary Mr. Trueman got?"

"A.—I DO NOT REMEMBER."

"Q.—Did the directors get any remuneration?"

"A.—They got some remuneration."

"Q.—I do not believe I got much, taking the accounts, and I think I am out of pocket, I think outside the New Brunswick Real Estate Loan and Trust Company you will find I am out of pocket personally."

"Q.—Had you any arrangement as to what you would get?"

"A.—No."

"Q.—You did get something as director or manager?"

Now mark that question. The member for Carleton said there was no evidence that Mr. Pugsey was manager of this company. He did not dispute it on the ground that he was manager. He said:

"A.—I do not think so. It was proposed to give me something, I think Mr. Sharpe submitted it for consideration. There were certain accounts had to go before Mr. Tweedie, as Premier, and he refused to allow anything for me."

"Q.—He was not generous? A.—He was extremely careful, he was heart-breaking at times."

"Now, that is the evidence of the Minister of Public Works in regard to his knowledge of the salaries that were paid the officers of this company. He could not give the Commission any information of any kind on that point, notwithstanding that under the terms of that act he and the Provincial Secretary were appointed a board to see that these terms were carried out."

"The 'W. P.' item."

"Q.—I will call your attention here on page 5 brought forward \$52,250; this was during your regime?"
