TALKS OF THE TOBIQUE.

Rev. J. D. Campbell Tells of Its Attractions for Sportsmen—Game Very Plentiful—Status of Presbyterian Church in That Section.

Rev. J. D. Campbell, of Three Brooks, Tobique River, is the guest of Rev. Dr. J. A. Morrison. Last evening Mr. Campbell conversed most interestingly of the Tobique River region, its people, scenic charms and industries, and of the big game which has made the Tobique a hunting ground for sportsmen who come from distant points throughout the Great States and the Dominion. A method employed by guides or woodsmen to accommodate the hunters is to lease them fully equipped camps, which are located along the river or back in the forest. To the camp owners this is very profitable, for as a rule the visitors are people of means and pay whatever is asked.

Besides the renting of the camp, the owner also furnishes guides and provides provisions. The shooting season began on September 15th, and the arrival of hunters since that date has been unusually large. Mr. and Mrs. Childs, of New York, and Mr. Scollin, the Chicago tobacco manufacturer, have arrived.

Trappers have penetrated the woods, and it has been the exception if they did not return each with a head of moose or caribou. In a trip of about eight days one party saw 52 moose.

"Apart from the game features," said Mr. Campbell, "the Tobique River offers rare opportunities in the salmon or trout fishery. A salmon club acts as a prevention against illegal stream, and it is well they have it so, else some of the finest pools would soon be spoiled. "Generally the Tobique country is prosperous. A lot of sturdy evidence by the boundaries crops this autumn, the destruction of many buildings, and the increasing scope of the lumber industry. "The Presbyterian church is gaining materially, the different ones being in a most gratifying condition, a fact largely brought about, through the foresight and energy of the superintendent, Rev. James Ross."

PROGRAMME OUTLINED FOR ST. JOHN'S AUTUMN CARNIVAL.

Horse Racing, Yacht Racing, Base Ball, and a Regatta to Be the Competitive Sports Provided—Change of Opening Date from October 4th to 8th—Salem Cadet Band to Come.

St. John will certainly be the centre of attraction for the week of the autumn carnival which, according to the rearrangement, will take place October 8 to 14. The dates originally proposed were October 6 to October 11, but at a meeting of the promoters of the carnival, held last evening, it was deemed advisable to change them, and the week of October 8 to 14 will be chosen as the dates on which will be held the best programme of sporting events ever seen in St. John.

At last evening's meeting there was a large attendance and general enthusiasm was shown. In the absence of F. M. Scandlers, who was confined to his home through illness, W. W. Hubbard acted as secretary. Cheap excursions have been arranged on all the railroads and steamboat lines, and the following provisional programme of sports has been decided upon:—
Wednesday, October 8—Yacht races in the harbor starting at 1 o'clock. The following yachts will compete: Windward, Canada, Louisa, Cyrie, Kathleen, Rose, Imogene, Robin Hood, Grace M., Sunol, Winogene and Zephyr. The course will be from Reed's Point to a buoy off Red Head, thence to the whistling buoy and back to the starting line. This course will make it possible to view the whole race from the end of Reed's Point wharf. Four prizes will be offered, \$40 for first place; \$30 for second; \$20 for third, and \$10 for fourth place.
On Thursday, the second day of the carnival, there will be a big day's horse racing on Moosepath Park.
Friday's programme has not yet been definitely settled.
On Saturday there will be a base ball match between a St. John team and a team either from Haverhill or Montreal. The game will be on the Athletic grounds and will start at 2 o'clock. At 4.30 the rowing regatta will take place, and among the events already arranged for are a four-oared race, a race in doubles, and single scull races.
On Monday and Tuesday there will be grand base ball games, and a series of professional foot races on the Athletic grounds.
A special feature of the carnival will be a series of promenade concerts by the Salem Cadet band, an organization which has the reputation of being the best band in the New England states. This band visited St. John with the American and Honorable Artillery Company of Boston, and on that occasion made a very favorable impression. The idea at present is that they should give several promenade concerts in one of the city parks, to which a small admission fee will be charged.
Arrangements for the band competition have not yet been definitely settled, but an effort is being made to bring some of the best bands in the maritime provinces here. Cheap excursion rates will be issued upon all railroads.
