Greetings

The first greeting card to reach us this year came from an ex-member now living in South America; *Felices Pascuas y Prospero Ano Nuevo* was its message and we imagine that this is as good a way as any to extend one's best wishes for the holiday season. As we looked at this card, we couldn't help thinking about the widespread brotherhood of members and ex-members of the Force. Scattered throughout all parts of this country and to many out-of-the-way corners of the world, many of them still find time to help us put out a magazine that is representative of the Force and its work. To all of them and to our other subscribers, our advertisers, contributors and Associate Editors our best wishes for a happy and successful 1952.

This is our annual reminder about NATIONAL HEALTH WEEK—this year it is February 3-9. The Health League of Canada urges that wherever groups of Canadians meet during that week they should endeavor to invite some competent health authority to address them on some phase of disease prevention and positive health promotion.
