STAGGERING FIGURES

A farm woman sat down with her pencil on rainy, dull day and figured up all the work she had done in the 30 years that she had served 335, 425 meals.

She made 33,190 loaves of bread
She made 5,900 cakes
And 7,950 pies

She canned 1,550 quarts of fruit
Raised 7,660 chicks
Churned 5,460 pounds of butter
Put in 36,460 hours sweeping, washing and scrubbing.

She estimates the worth of her labor conservatively at \$115,485.50, none of which she ever collected. But she swears she still loves her husband and her children and wouldn't mind starting all over again for them.

WORDS OF WISE MEN

No rock so hard that a little wave may beat admission in a thousand years. —Tennyson.

Humility is like a tree whose root when it sets deepest in the earth rises higher, and spreads fairer and every step of its descent is like a rib of iron.

Take it as a rule, proper to be observed in all occurrence of life, to preserve a disposition to be pleased.

Nothing can bring peace but yourself.

Be careful, son, if you are wise, And don't make a break; You'll find the girl with dreamy eyes Is very wide awake.
