of the reserve, these people
within the reserve, but they should
-aged from wasting further labor
that they can never own; the cattle have
the best hay meadow on the reserve, but
the old lines is the North half of section
in Township 34 a hay meadow, heretofore
they have always cut their hay on this land
it would be well if a license could be granted
ed for them to continue to cut this, then the
cattle need not be herded off their present
rather limited hay meadow.

I beg to recommend that a ledger (foolscap size book) properly ruled and opened with the goods on hand 30th June should be prepared at your office and sent to Mr. [redacted] at present his only record is a copy of [redacted] which is contained in the [redacted]
