Ottawa, June 8, 1914.

Mr.,

With reference to Voucher No. 833, amounting to \$833.02, for beef supplied during the month of May last, it is observed that issues of beef are being made to Rev. Haynes and Dr. Gillespie. I have, therefore, to request an explanation in regard to these issues.

It is also observed that 12 lbs. were issued to the hospital. Is the Department to understand this is the hospital recently opened at Victoria House?

The cost of the beef issued in connection with the round-up should be charged to Ranch Account 201, and the beef issued to the plough outfit should be charged to Interest Account 210. In future kindly note these accounts on the face of the voucher.

Payment of the voucher is withheld until your explanations are to hand.

Your obedient servant,

Asst. Deputy Secretary

H. A. Gurn, Esq.,

Indian Agent,

Bricket, Alta.
