

Q. It was cloudy?

A. I would not be sure, sir.

Q. Visibility was very poor?

A. I would not say very poor. A normal dark night.

Q. How far could you see?

A. Without lights, sir?

Q. Yes.

A. With a person, about 15 feet.

Q. Fifteen feet was all you could see?

A. It depends on what clothing you are wearing. The outline would only stand out about fifteen feet.

Q. You don't know who was driving the car?

A. No, sir.

Q. How did you determine the distances?

A. I paced them, sir.

QUESTIONED BY THE PRESIDENT

Q. Did you use a spotlight that night?

A. For what sir?

Q. To examine the car and so forth.

A. I used a torch.
