

**FIELD**—From the Company's hotel a variety of pleasant excursions may be made to the wonder spots so plentiful in this region. Emerald Lake, a delightful resort, seven miles distant, is reached by a good carriage road down the bank of the Kicking Horse River and thence around the base of Mount Burgess. On the wooded shore of this beautiful Lake, the Company has built a picturesque Swiss Chalet, which affords good accommodations. It is an extremely beautiful fourteen-mile drive to the celebrated Takakkaw Falls, of the Yoho Valley, a remarkable cataract making a descent of 1,200 feet. A trail continues up the valley, past Laughing Falls and the great Wapta Glacier, to the curious Twin Falls, whose divided waters unite in one stream before reaching the depths below. Other pleasant excursions may be made to points of interest within a short distance of Field—such as the Fossil Beds, Aerial Silver Mines, Natural Bridge, Monarch Mine Cabins and the Grade Reduction Loops, one of the greatest engineering triumphs of the century.

**GLACIER**—Leading from the station a good trail follows the turbulent course of the Illecillewaet River to the Great Illecillewaet Glacier and valley; other trails branch off in all directions, inviting and leading the mountain climber, explorer and lover of Nature to scenes of marvelous grandeur and enchanting beauty. Glacier Crest, Lake Marion and Observation Point are among the shorter and easier ascents. Mount Albion is a day's climb, but not a difficult one. From its summit an exceptionally fine view is obtained of the Asulkan Valley. Easy trails also lead up to the summits of Eagle Peak and Mount Avalanche. The ascent of Mount Sir Donald is more difficult, but with the assistance of experienced guides may readily be accomplished.

An excellent trail leads to the Asulkan Glacier, through scenes of Alpine splendor, and the recently discovered Caves of Nakimu are only distant about seven miles from Glacier House, by a good bridle path. These wonderful caverns have been formed by the action of water for ages upon the solid rock and form a series of chambers with large entrances, polished rock ceilings, and walls which sparkle with quartz crystals and reflect myriads of miniature lights from the darkness.

The Brewster Transfer Company will furnish carriage teams, saddle ponies, pack horses, and guides at reasonable rates for side trips mentioned from Banff, Logan, and Field. At Glacier, ponies may be secured from Mr. S. H. Baker, outfitter.

For details, see publication "Resorts in the Canadian Rockies," issued by the Canadian Pacific R.R.

#### SWISS GUIDES

The Company's own Swiss Guides are also stationed at Lake Louise,
