

AUGUST, 1886.

'Neath low green boughs the cattle cool,
And slake their thirst in the limped pool.

PROSE AND POETRY.

Bad drainage causes much sickness, and bad blood and improper action of the liver and kidneys is bad drainage to the human system, which Burdock Blood Bitters remedy.

ONLY.

Only a baby, kissed and caressed,
Gently held to a mother's breast.

Only a child, toddling alone,
Brightning now its happy home.

Only a boy trudging to school,
Governed now by sterner rule.

Only a youth, living in dreams,
Full of promise life now seems.

Only a man struggling with life,
Shared in now by loving wife.

Only a grey beard, toddling again,
Growing old and full of pain.

Only a grave, o'ergrown with grass,
Dreams unrealized, rest at last.

Why are those who take Burdock Blood Bitters like the small boy on circus days? Because their delight is *in tents*.

There's danger in the glass, Beware lest it enslaves. They who have drained it find, alas! Too often early graves. It sparkles to allure, With its rich, ruby light; There is no antidote or cure. Only its course to fight. It changes men to brutes; Makes women bow their head; Fill homes with anguish, want, disputes, And takes from children bread. Then dash the glass away, And from the serpent flee: Drink pure cold water day by day And walk God's footstool free!

There is no remedy known to medical science that is more positive in its effect, to cure Cholera Morbus, Colic, Diarrhea, Dysentery, Cholera Infantum, and all Bowel Complaints than Dr. Fowler's Extract of Wild Strawberry.

PROOF FROM THE PRESS.

"The results of the use of Burdock Blood Bitters have been highly satisfactory in the cure of diseases of the Blood, Liver and Kidneys. One of our prominent druggists orders in gross lots."—*Montreal Star*.
