Five Good Points

- FIRST**—It is made by one of the best manufacturers in the world. Every one is guaranteed.
- SECOND**—It is a good timekeeper—in fact so good that many railway conductors rely on it.
- THIRD**—It is strong, and will stand the rough and tumble, the dust and damp of every-day wear.
- FOURTH**—The case is nickel-finished, and looks just as well as solid silver. With ordinary wear it will keep its color for two or three years—much longer with care. The works will last ten or fifteen years.
- FIFTH**—It has a stem-wind and a stem-set. No key to lose; no key hole to let in dust.
