WOOL - FURS - HIDES

AVERAGE OF \$400. FOR AYRSHIRES.

An average of \$400 with a top of \$1,200 was realized at the annual consignment sale of the New England Ayrshire Club at Charter Oak Park, Hartford, Conn. Canadian Ayrshire breeders were well represented. R. R. Neal, Howick, Que., consigned a head, which averaged \$399, Bartlett Right King, (Imp.) selling for \$1,200. Hunter Bros., Grimsby, Ont., also consigned six head, which averaged \$1,300, among them Lockergara Cheryl, (Imp.) selling for \$1,500, and Lady Mary bred by D. A. MacFarlane, Kelso, Que., for \$1,200. Gilbert & Blum, Hamilton, Que., consigned three head, which averaged \$440, Gramsmaier's Flora, (Imp.) selling for \$450.

THE MILWAUKEE HOLSTEIN SALE.

What is the connection with live stock matters, but few people outside of those who realize the quality of the stuff offered, and few even of those realize just what the total returns from the Milwaukee Holstein Sale were likely to be. A total of \$200,000 was talked about in some what hazy tones, but when it was brought to a total of \$200,000, it was a surprise to even the most optimistic, and when it was stated that that amount was paid for one animal, and that animal a seven month' calf, it was a great surprise still. Here are a few of the figures: Its head averaged \$2,432; all but 62 brought over \$1,000; eight sold for over \$1,000; and more than 70 sold for over \$1,000. Only three calves for less than \$400, and only nine for less than \$300. The Carleton Farms were the heavy buyers, having purchased in all six animals, including the \$100,000 calf, for a total of \$120,000.

What is of greatest interest to Canadians is the success of the two greatest Canadian consignment Messrs. A. C. Hardy, of Brockville, and W. E. Shaw, of St. Mary's. It is with considerable satisfaction that we note that B. O'Brien, Mr. Hardy securing his phenomenal price for CHELSEA'S STYLISH, a 10-month NA, Mr. Shaw was fortunate in securing the second highest price for a female, this distinction going to BETTY LEOP FERRETTE, the world record two-year-old that sold for \$12,750 (not \$10,000, as was reported in Farm and Dairy last week). Regarding the sale of the best Holstein in the world, the world says as follows:

"The sale of Het Lee Petrie, called by W. E. Shaw, of Newmarket, Ont., furnished one of the sensations of the week, and because they placed her up to that time was the highest record, but rather because of her individuality and record. Here was a heifer which far outclassed any other heifer of her age in the world, and individually was about the finest animal possible to find. She was bought by Mr. Morton, of the Lisle Farms, of Lisle, Ill., and was his only purchase, although he was a strong bidder on the \$100,000 bull. Mr. Shaw deserves great credit on this distinction."

Besides being sold, Mr. Hardy also did some buying, having paid \$30,000 for four head. For \$10,000 he bought three Alex. Bred 2nds. One only animal in the world whose three nearest dams average over 42 lbs. in 3 days. He also purchased the only 25-lb. daughter of K. P. Pontiac Lass at \$5,500, and her heifer calf at \$2,000. Walnut Ridge Red Apple Buttercup, bred by A. W. Green, Middlefield, Ohio, for which animal he paid \$10,000.

Besides the \$200,000 bull Mr. Hardy also consigned the following: King Walden Katie Boko, a son of the Canadian champion, Lady Walden Breeze, and best cow of the year, both sold at the Worcester sale last year. This bull was sold to the A. L. Williams estate for \$4,000, a much smaller price than he was expected to bring. Echo bred by A. A. Sylvia Mangrove to S. Carpenter, Oswego, \$600, and Woodcrest Phoebe Langenshaw, A. M. Anderson, White Water, Wis., for \$1,250.

LONDON DISTRICT SALE.

ELTON Farm and Dairy—A large number of the London District Holstein Breeders' Club met on Thursday afternoon, June 26th, at the Department of Agriculture rooms. After some discussion it was decided to hold their annual sale on November 27th, 1918, when there will be offered for sale up to 100 head of pure bred Holstein cattle.—Fred. Bodkin, Secretary, Wilton Grove, Ont.

A WORD ABOUT SUNNYBROOK FARMS, EGLINTON, ONT.

ful manufacturer, deserves great credit for his famous ability in developing Sunnybrook into one of the successful well-known Holstein farms of Canada. An added test of six of his young cows has just been completed at Sunnybrook. In this test Ina Sylvia Maids made 31.4 lb. of butter in seven days, highest daily milk record of 102.5 with a total of 697 lb. of milk in the 7 days. Three others made from 25 to 27 lbs. and two junior two-year-olds made 15 and 17 lbs., respectively.

THE BOY WHO RAISED THE CALF.

ON the front cover of Farm and Dairy last week the name of the fourth member of the 7 days. Three others made from 25 to 27 lbs. and two junior two-year-olds made 15 and 17 lbs., respectively.

Ontario
DURING the past few months we have had many ways to auction, among the many of them, the three sales are the most successful. Only the Dr. Parwell's at the Ontario.

As the Allison sale at the Ontario, the prices paid for the milk sold can be seen for those who wish to see the same. It would not be between it and the other, however, and the comment by way of interest at this time. One of the points of the holding of a weather to some extent, many breeders especially in Ontario, though they have had a number of years ago, brought his buyers in Parwell. On the other hand, the Ontario sale many thought that he was not the best of the Ontario, as Mr. Bratherton, however, that he was the course best suited to the conditions. In many cases, the difference between the two herds, both, as we have had a phenomenon years from small.

DRAINAGE
THERE are many farmers who have had a number of years ago, brought his buyers in Parwell. On the other hand, the Ontario sale many thought that he was not the best of the Ontario, as Mr. Bratherton, however, that he was the course best suited to the conditions. In many cases, the difference between the two herds, both, as we have had a phenomenon years from small.

men started with a number of cows of very mediocre quality, and from these they have built their herd. It paid particular attention to the and both had a record of their sales that were a comparison of the best of the best cows sold in the advertising. In the main we find that in the two years three 30-lb. Holstein sales there were 20-lb. cows. In Dr. Parwell's four, Mr. E. Parwell had four 20-lb. or over cows. And consequently had a number of selling animals in the market. Mr. Bratherton offered two records while Dr. Parwell offered a record in a cow for her day and her daughter over 56, butter fat.

It is of the important fact always done to decide the success of a sale is a preparatory advertising. It is not to be expected that the advertiser is the power of the best selling animals in the market. During the past few years, it has been a bitter experience to have a record keep his herd in prominence and some of the believe in the best of the best. The fact, however, during the past few years have been the price of the milk. Dr. Parwell's consistent advertising, but a different style. For the sale advertisement in connection to the use of much for the insertion of the advertisement, it is doubtful whether it has been a small stream of milk kept up a small stream of milk, and everything, it is an open ques-
