WAR ORDERS AID MATERIALLY AMERICAN HIDE AND LEATHER

Boston, Mass., January 22.-The boom effect of war erating results of American Hide & Leather for the December quarter. Net profits during this period were more than four times as large as those for the September period. In specific figures the three months to Dec. 31 produced net earnings at the rate of almost \$2,600,000 per annum, which after taking out interest and sinking fund charges would amount to a balance for the \$13,000,000 stock of better than 15 per cent. This of course does not provide for interest on bonds kept alive in the sinking fund.

Iterest on bonds kept alive in the sinking fund.

In its best year since organization American Hide carned a little over 11 per cent on the preferred. If the second six months continue at the rate of profit accumulated during the past three months the full According to figures received from official Argen- year should show not far from some such volume of

volume of business, but a very profitable business The surplus crop of scains available for export this sties have reached as high as \$1.500,000, of which

about 25 per cent, has been cash export busine Of course one of the main contributing causes to Wheat 4,200,000 the good earniers the company is making has been 1,200,000 the cleaning up of stocks at advancing prices which
2,000,000 it has made possible. Export leather has shown very In the plant and a very decided gain was extended the industry, there is a plenishing their supplies which they had allowed to plenishing their supplies there are supplies that the supplies which they had allowed to plenishing their supplies there are supplies the supplies the

retrier would be \$293,840,000, 686,606 on Inc. 30, against \$9,237,921 for corn the return would be end of the fiscal year being June 30,

t makes a total of \$386.328.
