**HILLCREST HERD OF ENGLISH BERKSHIRES**

Our success is attributed to: 1st—We endeavor to live up to representations. 2nd—Furnishing reg. pedigree and guaranteeing to replace non-breeders. 3rd—Our herd consists of the best blood, the sires used are a superior class. The "mail order" business is a boon to breeders who do not abuse the confidence of their patrons.

**Hillview Farm, the property of J. E. Disney, Greenwood, Ont., located as it is in the center of Canada's Shorthorn area, is well adapted for producing the best of stock.**

Although Mr. Disney has been breeding pure-bred horses, cattle and sheep for several years, he never had so many good things to offer as are to be seen roaming leisurely over the pastures just now. His Shorthorns, numbering 30 odd head, are headed by the choice imported red bull, Royal Scott, by Bucaneer (82982), dam Duchess Annie 11th. This straight, even-fleshed chap was imported by Arthur Johnston (than whom there are few better judges in America), and we look for him to produce some choice things. Among the most promising females is the roan rising two years old, Lewella, by Keith Baron (imp.), dam Duchess 22nd of Dereham Abbey 30425. Hillview Rose is a choice all-round heifer, by Imp. Blue Ribbon 26876, dam Beauty of Hillview, by Indian Chief. The two-year-old heifer, Crimson Aster, by Magnet 37614, dam Crimson Flower 35978, is also doing well at her new home. She was sold at Geo. Johnston's sale, and is in calf to Choice Korral, the sire that brought \$360 at the same sale. Lady Raglan is a fine cow that breeds well. She is by Lord Roseberry (imp.). Her heifer calf, Hillview's Royal Princess, is a promising, straight calf, by Royal Prince (imp.), the present stock bull of D. Birrell's herd, and the sire that produced the ones that sold for such good figures at the Thistle Ha' dispersion sale last winter. Lady Raglan's last calf headed the Port Perry sale last winter. The Miss Ramsden family is represented in this herd by a few good ones. Among the mature cows is May Queen, by Roan Baron = 81251, dam Bertha, by King William, grandam by Vice Consul (imp.). She has a fine bull calf at foot, by Bargain Day, sire and dam imported. Among the young things, especially worthy of mention, is Hillview Duchess, by Lord Kintore (imp.) = 36054, dam Duchess of Balsam 7th, by Hospodar (imp.), one of the few bulls that have been taken across the Atlantic the second time. Hillview Visalia, another promising heifer, is by Longford Eclipse (imp.) = 50049, the bull that sold at the Thistle Ha' sale for \$1,425. This herd is built up with stock from the best of imported sires, such as Royal Prince, Longford Eclipse, Cyclone, Hospodar, Blue Ribbon, Indian Chief, Royal Sovereign, etc., consequently is, as might be expected, a high-class herd. Among the young things are a few bulls that are quite equal to the females, both in breeding and individual excellence. Parties wanting something good should not fail to see them.

Among the Clydesdales are several thick, blocky mares and fillies, some of them imported, upon which is being used that fine stock bull, Highland Chief 4254 (imp.), said to be an excellent stock-getter, and should mix well with the mares seen at Hillview. The Cotswold flock has received a fair share of attention here and, consequently, is quite up-to-date in size and quality. Nothing but the best rams are used from year to year. At the time of being desired they will soon be sold. If you want to get a good one, you must inquire early, before they are all gone.

**GOSSIP.**

Mr. H. J. Whitteker & Sons, of North Williamsburg, Ont., the well-known breeders of Ayrshire cattle, Oxford Down sheep and Buff Orpington fowl, are still to be found at the old stand with a grand lot of their favorite breeds around them. At the present time their large herd of Ayrshires are in splendid condition and milking very heavily. Mr. Whitteker years ago set a type of Ayrshire for his coveted goal, that was a decided improvement. To that end he kept for breeding purposes only what came nearest his ideal. To-day, his Ayrshires are large, have deep, well-formed bodies, small, graceful heads and necks, large, full, even udders, and last, but not least, good-sized teats. From such grand cows as these, he has for sale a number of extra good young bulls and a few young females. He is also offering a few Oxford Down ram and ewe lambs and Buff Orpington cockerels and pullets. Write Mr. Whitteker for what you want. He is absolutely reliable.

A visitor to Maple Glen Stock Farm, the property of C. J. Gilroy & Son, will be well paid for his trouble in a look over their magnificent herd of 40 head of Advanced Registry and high-testing Holstein cattle. This well-known farm is easily reached from Brockville, nine miles distant, or Lyn, five miles distant. In the herd are two-year-olds with seven-day butter records of 16 lbs. 14 oz.; three-year-olds with seven-day butter records of 22 lbs., and a number of older ones with seven-day records of 20 lbs., made months after calving, and milk records of 17,500 lbs. a year. The stock bull is Sir Aaltje Posch Beets (imp.), sired by a son of Aaltje Posch, the champion two-year-old heifer of the world, official test, dam Katrina Pieterje De Kol, a daughter of Paul Beets De Kol, who has 55 daughters in the Advanced Registry, and who is also a brother to Aagie Cornucopia Pauline, who holds the world's official seven-day butter record of 34.31 lbs. Mr. Gilroy reports the demand as very active for high-class Holsteins, and it is no wonder with such gilt-edged breeding in his herd. The stock bull won first at Toronto and Ottawa, and the herd, first at Ottawa and second at Toronto this year. Write Mr. Gilroy at Glen Buell P. O., Ont.

What is probably the banner herd of Jerseys in the Province of Quebec is to be found on Rushton Stock Farm, one mile from Cookshire Junction Station on the C. P. R. and Maine Central Railroad. This splendidly-equipped farm is the property of Mr. F. S. Wetherall, breeder of high-class Jersey cattle, Cheviot sheep and Poland-China hogs. At present there are 25 head of typical Jerseys in the herd, headed by the great prizewinning Pearl's Golden Crown 60827, by King of Beachlands 53996, dam Pearl Moore 106439. His form and quality are indicated when we say that this year he won first and sweepstakes at Sherbrooke and second at Ottawa, being there up against D. O. Bull's peerless winner, Blue Blood of Dentonia, a bull that never was beaten. The females principally belong to the Cetewayo and St. Lambert strains, and are a deep-bodied, typical lot, showing perfect dairy type, with large, even udders, and milk on grass alone from 30 to 40 lbs. a day. In the herd are a number of young females, sired by Golden Name, a get of Golden Lad Nameless. They are a splendid lot of youngsters and give promise of great things at the pail. There are also two bulls, one year old and two years old. These young bulls are for sale, also a number of young females. In the Cheviot sheep, there are for sale a few ram lambs and a few one and two-year-old ewes. This hardy and early-maturing breed of sheep are particularly adapted for ranching, being natives of the Highlands of Scotland. They are extremely hardy, and show a heavy, well-formed carcass, and possess a strong covering of high-grade wool. In Poland-China hogs, Mr. Wetherall finds the demand constantly on the increase. His are built on improved bacon lines, and are very easy feeders. Write Mr. Wetherall for what you want. He will use you right, and you can depend on what he says. Address Cookshire P. O., Quebec.
