

## We are Wall Paper Men

And we're not small dealers either.

Might surprise you to know how large, in fact.

To know that our Wall Paper department carries more stock than most even of the largest exclusive wall paper dealers in the Maritime Provinces.

And a greater range of patterns and prices too.

Does this seem a bold claim?

It's so.

In our 24 x 90 Wall Paper room there are nearly 700 different patterns of Wall Paper—about 40,000 double rolls. All kinds, and grades, and prices, and patterns, and colors.

For kitchens, bedrooms, parlors, halls, dining rooms, drawing rooms; for stores and offices.

Our prices start at 8c double roll.
