NIPAWIN RESOLUTIONS

The following resolutions have been passed by Nipawin Locals

"As it is well known that the present system of party patronage in all branches of the Civil Service is unjust d unwise, inasmuch as good men are often dismissed and less efficient ones substituted, causing great inconveni-

ence and ill feeling.
"Therefore, the Grain Growers of Nipawin petition that the Civil Service be placed on an independent commission outside of party politics, and that all positions in the same be given according to merit, and in respect of country post offices that the municipality shall have the placing of such post of fices according to the convenience of the residents of such municipality.

"The term Civil Service to include the postal service, government railways, customs, inland revenue, forestry fire rangers, game wardens, land department and public works and all cases where government money is spent."

Election Campaign Funds "That whereas, under the present system, each political party has its own separate campaign funds and whereas such funds are raised from unsatisfac tory sources and fall mostly on the business and manufacturing classes we de sire to have this fund raised from all classes of the electorate, especially as the present method of raising funds is popularly supposed to bind members of parliament and put a restraint their actions. Therefore we, the Grain Growers of Nipawin, do protest against such funds being raised by the present system, and petition the respective gov ernments of the Dominion to set aside enough funds for the use of such persons who shall run as candidates at all government elections. Such funds to be available to all persons nominated by a responsible convention of the electors of such constituencies. Such convention to represent at least 10 per cent, of the electors of the constituency and such funds to be available to an party candidate, also to any independnt randidate if nominated by such concention as aforesaid. Also that each candidate shall give an accurate ac-

made illegal. ROY McVAGH, Sec., Nipawin Assn.

UNA FOR CO-OPERATION

count of such funds used by him to an independent committee; and that each

such account be published in at least

two of the papers printed in the con-

stituency he shall contest. Also that

the use of funds from other sources be

The Una Branch of the Saskatchewan G.G.A: held their last regular meeting on March 31, when 71 of our members renewed their membership fees for 1914 and one new member joined.

Orders were taken for gopher poison A carload of coal was ordered. makes our third-car of coal ordered, and all our members are very much pleased with the grade of coal we have been receiving. I might also say that on this coal we have realized a saving to the members of \$2.50 per ton. We find there is nothing like co-operative buy ing to keep the association alive. Our association is just a year old, conse quently we are just getting nicely start: ed on the right road, and we intend to go right after it this coming year. During the past winter we have been hold ing regular meetings twice a month, and have had some interesting programs, discussions and debates. We find it necessary to have programs if we wish to have regular attendance of the mem bers. At our last meeting we enjoyed the following interesting program: Selection. "Jolly Boys Overture," Una Orchestra; address, Co-operative Selling; Harold Halvorson; comic recitation, "A Joy Ride," Carl Mossing; remarks, Hon. E. W. Everson, M.P., North Da-kota; closing remarks by chairman.

A. E. ROSWOLD, Sec., Una Assn. HARPTREE HAS BRASS BAND

Many thanks for supply of membership cards, also constitutions received, all of which we have used in forming new locals, one at Cow Creek, the other at Lake View, in our Sub District No. 7, District 15. Altho we are a long way from town and Central, yet we are very much alive in Harptree and sur-rounding locals. Our annual plowing match, sports and dance are fixed for June 12, and we expect a big crowd, a brass band being one of the great at-

May we ask for further supply of membership cards, as we have other

MR. AND MRS. C. C. KING, Secs., Harptree Assn.

MILLY IS GROWING

Enclosed you will find \$22 member ship fees. We have 44 members, and each meeting adds several names to our list. We have had pretty good success with our association so far. our last meeting we ordered a carload of lumber direct from the manufacturer. The following is a list of our officers: President, W. L. Hogins; vice-president, W. G. Graves; sec. treas., P. R. Belcher: directors, Percy Hannon, Chas. Dezall, Joe Guimond, J. A. Thompson, J. Cler mont, John McManus

A GOOD START

A public meeting was held in the town hall at Viewfield recently to or ganize a focal of the Saskatchewan Grain Growers" Association, G. E. Nog gle, of Lampman, sub-director and or ganizer for this district, spoke at some length upon the benefits of the associa-There were forty-five farmers present, and the following officers were elected: President, Jno. Argue; vice president, J. A. McIntyre; sec. treas. B. Gray.

BERTRAM GRAY, Sec

WARREN ORGANIZED

I beg to advise you that a local union of the Grain Growers' Association, to be known as Warren G. G. A., was or ganized here on Wednesday evening last, with fifteen charter members. The number in attendance would have been larger, only we had not sufficient time to notify many of the people, but prospects are for a good membership here, as our farmers are deeply interested in the co-operative principles of the G.G.A. and feel that they may have some chance for successfully combating the big interests that are allied and work ing against them.

The following officers were elected: President, J. W. Boulter; vice-president," A. R. Hart; sec. treas., S. P. Daniels; directors, G. W. Patterson, J. Seuton, W. Jensen, R. J. Warren, A. F. Theobald, R. Oxley. S. P. DANIELS.

Sec., Warren Association.

MORE NEW ASSOCIATIONS

Enclosed please find money order for \$10.50 from the newly organized branch of Grain Growers under the name of the Spencerville G.G.A. J. F. Cates was pinted president of our association We have twenty one members enrolled and hope to increase our membership

T. H. BRAY, Sec.

On Wednesday a meeting was held at Hazel schoolhouse for the purpose of organizing a local of the G.G.A. Mr. Donald McRae, of Foam Lake, kindly addressed the meeting and helped us with the work of organizing. We secured ten members, and fourteen others have promised to pay their fees at next meeting. Kindly send us all information and necessary forms for organizing under the Co-operative Trading Associa tions Act.

PERCY W. SMITHERS, Sec., South Beaver G.G.A.

McCormick Binders

MANY years of McCormick binder experience have brought out the strong points of the machine and enabled the builders to devise features that make the machine still more efficient and satisfactory. There are a number of such features that insure a complete harvest of the grain, whether it be short, tall, standing, down, tangled or full of green undergrowth.

For Western Canadian fields the McCormick binder is built with a floating elevator which handles varying quantities of grain with equal facility. A third packer assists in the handling of grain that is very short or full of undergrowth. The improved knotter has only two moving parts. The tops of the guards are almost level with the platform canvas, leaving no ledge where short grain

might accumulate.

For these and other reasons the McCormick binder is efficient in Western Canadian fields. See the McCormick local agent for full information, or, write the nearest

International Harvester Company of Canada, Ltd

Brandon, Man.; Calgary, Alta.; Edmonton, Alta.; Estevan, Sask.; Lethbridge, Alta.; North Battleford, Sask.; Regina, Sask.; Saskatoon, Sask.; Winnipeg, Man.; Yorkton, Sask. These machines are built at Hamilton, Ont.

YOUR VACATION MONEY can be earned in leisure hours by looking after the local subscription business of The Grain Growers' Guide. A postal card will bring full details. The Circulation Manager, THE GRAIN GROWERS' GUIDE, WINNIPEG, MAN

is now ready for mailing to all who are interested in reliable and economical farm power

T tells all about an engine which is so well built that you can always depend upon it; which is so simple that a boy can run it; that can be run on either gasoline or kerosene; an engine that star's on the magneto and doesn't stop until you want it to; an engine that will do any kind of work, in any weather, anywhere,

The main object of this handsomely printed and fully illustrated book is to show you how very adaptable the "Alpha" Engine is, and how it is possible for you to select from the "Alpha" line just the size and type of engine and the equipment that will best fit your needs for farm power.

Eleven sizes, 2 to 28 horse-power. Each furnished in stationary, semi-portable, or portable style, and with either hopper, or tank cooled cylinder.
