## Farmers' Letter File SAVES TIME AND MONEY

Nearly-wise farmers out of every hundred lose money at some time because they have not kept copies of their business letters or have lost the receipts for bills they have paid. When you ship grain, produce or livestock or order supplies of any kind by letter, it is important that you keep an EXACT copy of the letter you write. Without these EXACT copies you will often be put to inconvenience and possibly lose money. Every secretary of a farmers' association, school board or any business organization should have a FARMERS' LETTER FILE and keep his correspondence in proper shape. It will save several times its cost to every farmer yearly.

The FARMERS' LETTER FILE shows in the accompanying illustration "writing pockets" for all the letters of the alphabet. Letters you receive and copies of letters you send, as well as your receipts, can thus be filed alphabetically and be found in an instant whenever you want them. This file is 11 1/2 inches by 18 inches, and will accommodate letters of any size up to 8 1/2 inches by 11 inches. When closed the file is 1 1/2 inches thick and opens like an accordion so that it will hold 1,000 letters. It is made of tough, heavy Manila paper and galvanized with brass. With ordinary care it will last twenty years. With each file we supply six sheets of "Manila" carbon paper, specially made for taking copies of letters with pen or pencil; also six "Manila" pens, which are more rigid than the ordinary pens and made specially for writing letters of which carbon copies are to be taken. Ordinary letter paper such as can be purchased anywhere may be used, the most convenient size and style being gold 8 by 11 inches.

THE FARMERS' LETTER FILE, with six sheets of "Manila" carbon paper, six "Manila" pens and "Instructions for Use" will be mailed to any address for **\$1.00**
