A NEWFOUNDLAND WOMAN SAYS:

"This is a letter I am proud to send you regarding how Lydia E. Pinkham's Vegetable Compound has done such wonders for me. If you care to use it for an advertisement you may do so. I suffered for almost six months with backache before I began taking the Vegetable Compound. I had read about it a number of times and my husband had told me to try it. It is the only medicine I took but I also used Lydia E. Pinkham's Sanative Wash. By degrees my backaches became easier and then they disappeared. None of my friends suffer as I did, but I will gladly recommend the Vegetable Compound to any woman who writes to me. Address Box 252, St. Johns, Newfoundland."

"AFTER MY FOURTH CHILD WAS BORN"

"I took Lydia E. Pinkham's Vegetable Compound for a breakdown and it did me a lot of good and is my standby now. I certainly believe in your good medicine. I was so broken down after my fourth child was born and my nerves were so bad I had to lie down every day, I was so weak and tired. My mother advised the Vegetable Compound and it has helped me more than anything else I have taken. I recommend it to other women and you may use my letter as a testimonial. I will answer any letters I receive from women asking about the Vegetable Compound."
