THE ENEMY SOON SALTS, FOR KIDNEYS

Impossible to Take German Request for Peace Seriously

A TRAP

Prepared for Unwary, Declares Premier Briand of Peace Note

he used the term in its idiomatic sense of meaning, "very soon." His speech, although short was a reitera-tion of what he had previously said in the Chamber, and breathed a de-fiance of Germany which convinced his hearers that France was a unit with the rest of the allies in standing firm for a peace which would be no makeshift, but a permanent guaran-tee of safety from Prussian aggres-

The galleries of the Senate were crowded with diplomatists, journalists and distinguished representatives of all walks of French life, as sensational developments were expected.

The Premier spoke briefly, and then before a chance was offered for anything to happen, a vote was rushed through to go into secret session and consider the interpellation of Clemen-ceau and his colleagues on the army committee in regard to the organization and conduct of the war, and the situation as regards munitions and

Paris. Dec. 20.—While Premier David thlayd George was making plain to Great Britain in the Howes of Commons yesterday that there could be no peace for Europe without adequate reparation for the past and adequate reparation for the past and adequate reparation for the past and adequate security for the future adequate reparation for the past and adequate security for the future and the security of the future appeared before the Senate and reparation of his country to reject the German proposals in their present form. He said that the alies would send a note to-morrow making known to the Central Powers that its impossible to take their request for peace seriously.

A Gross German Trap

"That the note is a gross trap prepared by Germany for the unwary is evident to everyone," M. Britand said. He added that the reply would be despatched immediately to-morrow he said—aithough it is believed that he used to everyone, "M. Britand said. He added that the reply would be despatched immediately to-morrow he said—aithough it is believed that he used in recommendation of the contraction of th

Farms for Returned Veterans

in charge of a colony superintendent, cess."

The Canadian Pacific Ratiway, through its Department of Natural Resources, now makes an official arm númecement of lis plans whoreby its land holdings in Western Canada are placed at the disposal of such men who, having seen active service in the British forces in the Buropean war, are desirous of taking up agricultural work at the close of hostilities.

After defining that amongst the many big problems to be faced by the many big problems to be faced by the British Empire after the war is the return to civil life of the many millions of men who, as volunteer soldiers, have taken part in the great struggle, the company recognizes "that active service in this cause will have created a desire on the part of many men who, before the war, were engaged in other work, to take upoulside employment, and that of this number a considerable proportion will be desirous of obtaining land upon which they can create farm homes.

"Western Canada offers one of the best opportunities in the British Empire for those men who may wish to engage in farming. While of course any general scheme of land colonization in Canada by returned adolders must necessarily be formulated and administered by the Dominion Government, the Canadian Pacific Railway, as a large landowner in the western provinces of Canada, is desirous of doing its share in attempting to solve this important problem."

Only those are eligible who can produce proof of service in the Canadian Pacific Railway, as a large landowner to the western provinces of Canada, is desirous of doing its share in attempting to solve this important problem."

Only those are eligible who can produce proof of service in the Canadian pacific Railway, as a large landowner in the western provinces of Canada, is desirous of doing its share in attempting to solve this important problem."

Only those are eligible who can produce from the start of the British Army or in the British Army or in the British Army or in the British Army or of the many of the provision of water supply, and the breaking

stock, implements and seed grain will, where necessary, be provided in the Assisted Colonization scheme, in which an almost unlimited amount of land will be available tarms will be first selected by the intending colonists, and then improved by them with assistance from the company in the way of advances of building and fencing material, livestock, implements and seed grain.

In case where the Examining Committee the scheme must of necessity contain something of philansity and will be secured by lien notes or mortgages.

The announcement concludes: The project has been formulated and brought into force with a keen desire on the part of the company to do its share in recognizing the work of men who have fought for the empire, and who desire to take up farming at the close of the war, and while it is recognized that the scheme must of necessity contain something of philansity. ments and seed grain.

In case where the Examining Committee is satisfied that the colonist is suitable to provide living expenses for himself and his family during the first year of his occupation, financial assistance in the earlier years of the colonists efforts, it is not exceeding one-half the value of any work done by the purvalue of any work done by the pur-chaser in permanently improving the farm may be made.

On each Improved Farm Colony a Central Control Farm will be estab-tioned and operated by the company.

Province From The

quintette. Only nine per cent. of the 740 men with which they arrived in England, were turned down, or sixty-seven. The 148th of Woodstock, like the 160th, had a percentage of 13. This battalion lost eighty-seven men out of a total of 604.

Echo of Famous Palmer-Wilson Scrap in the London Council

London, Ont., Dec. 20.—When Ald. Adam Palmer Wicked up a glass tumbler at his desk in the City Council a few months ago and hurled it at a fellow-Councillor, Ald. W. A. Wilson, the tumbler wounded Ald. Wilson and also cost Ald. Palmer just \$70, without costs. The nteresting, as they emphasize the was imposed to-day by Judge Mac carelessness which has marked the organization of previous battalions in the matter of passing as medically unfit men who have to be turned back from England, thus necessitating an badily harm but His Hanny miled bodily harm, but His Honor ruled that as Ald. Palmer had provocated the row by calling the other Alderman a "coward and a scab," a orders instruct medical solution of the careful to avoid the mistakes of the case on that charge had not been past, and in order to visualize what made out. He found Ald. Palmer made out. past, and in order to visualize what careless medical inspection has already meant, the figures are given as to the strength of several battalions public servants and having set a bad public servants and having given s they arrived in England and as hey were after the British inspec-the city a bad reputation, that the fine was made as heavy as it was.
