The paper is sent to subscribers until an order is received for its discontinuance and subscription is paid in full.

Correspondence is requested but we reserve right to reject any where writer will not assume the responsibility over his own name. No correspondence of any kind inserted without the name of sender being given (not for publication.)

Address: H. G. HARRIS, or The Advertiser, Kentville.

TRANSPORTATION AND TOURIST BUSINESS

Ably Presented By General Manager Graham at Union Meeting Boards of Trade

Transportation said Mr. Graham is the most interesting, the most absorbing of any occupation in which it is possible for man to engage. To make it a success requires the complete circle of man's intelligence to a greater degree than any other line of human endeavor. To successfully combat, circumvent, way-lay or kill, the many schemes foisted upon transportation interests, which, in the minds of the promoters, are absolutely necessary for the preservation of the human race, but which in reality are the results of thought and energy entirely misdirected, requires a magician's skill. I have even known of cases where the Church combined to frustrate what seemed to be the exercise of a most reasonable function.

Without means of transportation we turn our faces from true progress and surround ourselves with an impenetrable gloom which nothing but the shriek of a locomotive whistle, or the glad hand of an amiable railroad officer promising more and faster trains, will lower and still lower rates, will dispel.

Encourage transportation, foster it, sympathize with it, confide in it, and you will open up the avenue of true prosperity, make for larger, brighter communities, happier homes, fuller Churches, etc., etc., and in short make it what nature intended it should be, the real advance of the highest type of civilization.

Let us now study for a few minutes some aspects of the transportation problem as affecting that section of country served by the Dominion Atlantic Railway.

Owing to our geographical position and our proximity to the New England market, as our population increases and our business develops there will be an ever increasing traffic movement between this Province and the markets referred to. The transportation line giving the best service as to time and regularity will undoubtedly handle the greatest volume of

such business. We aim to give our patrons conscientious service and ask for their confidence and support. Our interests are identical, we are both vitally interested in the upbuilding of the trade of the country on sound business lines. We desire to cooperate with you in every way possible for our mutual welfare. We cannot prosper unless you do.

When you consider the advantageous geographical location of your valley, the wonderful natural beauty of your scenery, your unique historical significance, and your close proximity to large centres of population, very many of whom trace their ancestry to this Province, why is it that during your delightful summer season there are not many thousands more tourists, revelling in the glory of your sunshine, inhaling the fragrance of your blossoms and absorbing the spirit of romance which seems everywhere to abound. To a stranger among you it seems that the reason is perhaps owing to a lack of appreciation of the unequalled advantages you possess in this respect—to a lack of uniformity of purpose in making these advantages known, and to a failure to effect a proper organization for the attraction of tourists to your Province and for taking care of them after they reach you.

a most important point

mind however, in this connection is that when the people in New England find that the folks "Down home" are really awakening to the possibilities for trade development, there will be many heart stirrings for the Old Land, which will result in a return movement, forward to the land of their ancestors.

So I say to you gentlemen here tonight, that inasmuch as nature and history have combined in providing a most harmonious setting, with millions of pleasant seeking people within whose touch the responsibility or taking advantage of such an unparalleled opportunity is yours. Will you grasp it?

If you study the records for the past few years, you will find that the number of tourists visiting summer resorts in the State of Maine are steadily on the increase, new tourist centres are being opened up and the older resorts are being improved and kept up to date in the matter of amusements, accommodation, etc. All these tourists are drawn from territory contiguous to your Province. These results are made possible because the people believe in themselves and work together with one end in view. They have an active and aggressive organization composed of all interested bodies, such as Chambers of Commerce, Transportation Companies, owners of resorts, etc. They have a common fund to be used in the interests of the whole. As a business proposition we need the tourists here, but in order to secure them and satisfy them we must organize and work as a unit. We must sink purely personal views for the common good. This meeting presents a real opportunity for action in the direction indicated.

Minard's Liniment Relieves Neuralgia.

Regulate Kidneys AND Relieve Constipation

Gin Pills are acknowledged to have the largest sale of any proprietary medicine in Canada—an achievement solely due to their remarkable virtue as a Kidney and Bladder remedy. But users of Gin Pills have discovered that this invaluable remedy also acts as a mild cathartic. The evidence of hundreds of letters we have received establishes the very logical fact that in compounding a medicine to heal and ease up the Kidneys and Bladder certain of the ingredients have a stimulating effect upon the other organs, especially the bowels. It is important to know, in the case of constipated patients, that Gin Pills do not act harshly on the bowels; there is no gripping, but a gradual and gentle restoration of the function. Try Gin Pills for constipation. In thus relieving the bowels, you safeguard yourself against possible kidney trouble.

Gin Pills are 50c a box, or 4 boxes for \$2.50 at your dealer's. A trial treatment will be sent upon request.

National Drug & Chemical Co. of Canada, Limited, Toronto.

VALUABLE FARM FOR SALE

Farm is finely situated at Sheffield Mills with a total of about 125 acres. Persons desiring a good farm at a small and reasonable figure apply at once to H. G. HARRIS,

SUCCESS

(By Henry Victor Morgan) I hold that man alone succeeds Whose life is crowned by noble deeds, Who cares not for the world's applause But scorns vain custom's out-grown laws; Who feels not dwarfed by nature's show, But deep within himself doth know That conscious man is greater far Than ocean, land, or distant star; Who does not count his wealth by gold, His worth by office he may hold But feels himself, as man alone, As good as king upon a throne; Who, battling against each seeming wrong, Can meet disaster with a song, Feel sure of victory in defeat, And rise refreshed the foe to meet; Who only lives the world to bless, Can never fail—he is success.

9 YEARS

I suffered with an abscess on my face," writes Mrs. Herbert Cox, of Fort McNichel, Ont. "I tried everything and received medical treatment for some time, but in vain. Finally the doctor advised an operation, which was performed, but instead of improving, the sore became worse. I had despaired of ever finding a cure, when a friend recommended Zam-Buk. I tried it, with the result that before long the poison was drawn out and the sore began to heal. Persistence effected a complete cure, and now not even a scar remains."

Zam-Buk is equally good for eczema, blood-poisoning, ulcers, boils, piles, burns, cuts, and all skin injuries. All druggists, 50c. box, 3 for \$1.25, or from Zam-Buk Co., Toronto.
