

"Why I Recommend Dr. Williams' Pink Pills."

The Particulars of a Remarkable Cure Told by a Presbyterian Clergyman--The Sufferer Brought Back from Death's Door.

St. Andrew's Manse, Cardigan, P.E.I., Jan. 1908.

Though I have never been sick myself, and have not had occasion to use Dr. Williams' Pink Pills, I thought you ought to know of the remarkable cure they have wrought in Mr. Olding's case.

During a visit to my home in Merigomish, N.S., some years ago, I was grieved to find our next door neighbor and friend, Michael Olding, very low. "He is not expected to live," my mother informed me. "And you must go over and see him as he is liable to pass away at any moment." "Not expected to live," that was the opinion not only of the doctor who attended him, but of his wife and family as well. Upon visiting him myself I found abundant evidence to confirm their opinion.

Mr. Olding had for years been afflicted with asthma and bronchitis, but now a complication of diseases was ravaging his system. He had been confined to his bed for months and was reduced to a skeleton. Though evidently glad to see me, he conversed with the greatest difficulty, and seemed to realize that it was the beginning of the end. He was daily growing weaker; his feet were swollen to twice their natural size, and the cold hand of death was upon his brow. "It's no use," he said feebly. "The doctors medicine is not helping me and I am going down rapidly." I prayed with him as for a man soon to pass into eternity, and when I took his hand in parting it was the last time I expected to see him in the flesh.

Three years later while on another visit to my mother's Michael Olding was seemingly in better health than I

had ever seen him, for, as I said, he had always been ailing. In sheer desperation he had asked his wife to get him Dr. Williams' Pink Pills. They soon began to help him. His appetite and strength began to improve, and to the astonishment of the family and friends he rapidly regained his health. Now, though the burden of well nigh four score years is upon him, he is able to do a fair day's work, and is in the enjoyment of good health, even the asthma has ceased to trouble him as in former years.

Mr. Olding himself, as well as his neighbors and the writer of this letter, confidently believe that his rescue from the very jaws of death--seemingly so miraculous--is due under the blessing of God to the timely and continuous use of Dr. Williams' Pink Pills.

REV. EDWIN SMITH, M.A.

Mr. Olding himself writes: "I am glad Rev. Mr. Smith has written you about my wonderful cure, for I confidently believe that if it had not been for Dr. Williams' Pink Pills I would have been dead long ago. It would be impossible to exaggerate the desperate condition I was in when I began to use the Pills. No one thought I could get better. I scarcely dared hope myself that Dr. Williams' Pink Pills would bring me through, but they did and I have ever since enjoyed good health. Though I am seventy-nine years old people are always remarking on how young I look--and I feel young. I can do a fair day's work, and I am better in every way than I had been for years. I cannot say too much in praise of Dr. Williams' Pink Pills and I take every opportunity I can to recommend them to friends who are ailing."

Elsie (aged five): "I do hope some Dutchman will marry me when I grow up." Aunt Mary: "Why, dear?" Elsie: "Because I want to be a duchess."

"Perfectly Trustworthy" is the character of Bickel's Anti-Consumptive Syrup. It can be used with the utmost confidence that it will do what is claimed for it. It is sure in its effects, as the use of it will clearly demonstrate and can be relied upon to drive a cold out of the system more effectively than any other medicine. Try it and be convinced that it is what it is claimed to be.

WISE PREACHER.

"Tommy, you have been to church two days running in succession. That is fine splendidly--for you."

"Yes, sir. Last Sunday the preacher was going to talk about Jonah and the whale but he only talked about Jonah. Said he'd preach the rest of it to-day, and I had to go again to-day to hear about the whale."

An important medical discovery of last year was that Malaria fever was found to be due to a specific microbe, propagated by the milk of infected goats. Nearly half the goats in the island were found to be affected.

WANTED, HEIRS AND HEIRESSSES.

Fortunes Held by English Court of Chancery Awaiting Claimants.

Not the least remarkable feature concerning the unclaimed wealth held by the Courts of Chancery and others is that in some cases the next of kin have been missing for between 100 and 200 years, says London Tit-Bits. There is for instance nearly £25,000 waiting for persons who can prove themselves to be relatives of one Edith Goddard, who married S. Trutman in 1772; while there is something of advantage to be learned by the descendants of Ann, the wife of Joseph Mason, who died in 1776. The descendants of James Johnson, too, who died at Dailly, Ayrshire, in 1792, are also wanted.

Unclaimed funds are due to the unknown heirs of many persons who have died intestate in South Africa. These include the estates of Edward Bevan Thomas, £2,946; William Roberts, £1,674; Isabella Novella, £1,532; George Neale, £1,445; Ernest A. Lehman, £1,000; and John Williams, £1,702.

The trustees of an estate in Sunderland, which probably belongs to the heir-at-law of Henry Moorhouse, who in 1826 was a Captain in the army, would like to find the person who is really entitled to the property. When Lewis Moore of London died in 1837 he left trust legacies amounting to £1,000. These have now become payable, but no one has come forward to claim them.

Mitilda Cotton, Harriet Cook, Amelia Masters, Elvira Webster Smith, wife of a lieutenant in the navy in 1839, are being diligently inquired for. They are all heiresses to considerable amounts. A sum of money is also payable to Isabella Corner, last heard of in London in 1887; and Edmund Cooper, who left England for New Zealand in 1868, is as absent legatee.

Among other missing beneficiaries are Herbert Bilton, who in 1888 resided at Croydon; the children of Mary A. R. Clay; the children of Henry Cox, bush-ranger, who is said to have emigrated to Canada many years ago; Hannah Felgate, who married George Dyke in 1847; Thomas Keen, who left for Cape Colony in 1893; John F. N. Murray, last heard of in 1879 in New South Wales; and John Nelson, son of David Nelson, of Hutton Garden, in 1812.

ZAM-BUK SAVED THIS MAN'S FINGER!

Mr. William C. Edwards, Peter Street, Toronto (late steward Elks' Club), sustained a severe cut on the middle finger of the left hand. Blood poisoning ensued and the finger caused him excruciating agony. He says: "My hand was so swollen and painful that I had to carry it in a sling for some months. I was under the care of a well-known doctor in Toronto for several weeks. The wound got no better, and one day he said my finger would have to be taken off. The pain from the wound was terrible and was extending right up the arm. I consulted another medical man and was treated by him for some weeks longer. He then suggested that the finger be opened and the bone scraped. At this stage a friend advised me to try some Zam-Buk which I did. I had the wound opened and Zam-Buk applied as directed. Next morning the wound began to bleed. It was a healthy sight to continued with the treatment, and in a week's time I was able to discard the bandage. A little more perseverance and Zam-Buk cured the wound completely."

Zam-Buk Cures cuts, burns, chafings, itch, eczema, running sores, ringworm, piles, bad legs, poisoned wounds and all skin diseases. All druggists and stores, 50c., or postpaid from Zam-Buk Co., Toronto.

SENTENCE SERMONS.

Conduct is simply character vitalized. A good lover is sure to be a first-class hater.

He rejects happiness who refuses all sacrifice. The Father never drove any into the far country.

You cannot find a martyr by looking in the mirror. To sow selfishness is certainly to reap sorrow.

It's hard to believe in the goodness of the grouchy. The most wasteful thing in this world is selfish economy.

A hot scolding from the minister is the quickest way to cool any meeting. The soul is simply that which sees the supreme and the sublime.

The church is almost sure to have paralysis following a fit over dogma. Your use of your leisure often determines the usefulness of your life.

The man who says he is too poor to give will never be rich enough to be other than poor in heart.

He can never be more than half educated who is not educated in heart. The greater the opportunity the less likely it is to have an advance agent.

Infinite love would be a mockery without infinite hatred of things that harm. There must be something queer about any faith that needs perpetual defending.

A man's confidence in goodness is usually dependent on his own reserves of it. It's easy to be pious when the children are asleep and the neighbors have left town.

The religion that does not improve human relations has no business with humanity.

"You say the victim was shot in the head?" queried the coroner. "Yes, sir," replied the witness. "Previous to the shooting, had there been any trouble or threats that would have led the victim to expect the shot?" No, sir; I don't think such a thing ever entered his head before."

PERU-NA IN THE HOME

RESIDENCE AND PHOTO OF J. E. CARSON, TORONTO, CAN.

Mr. J. E. Carson, 218 St. Clarens Ave., Toronto, Canada, Inspector London Life Insurance Co., London, Canada, writes: "I have used the popular remedy known as Peru-na, and I can testify as to its merits. I regard it as one of the best tonics now on the market."

TORONTO is one of the most beautiful cities in the world. It is a city of homes and churches, a city of intelligence and good government, a city of healthful climate and beautiful scenery.

Among the many beautiful homes which make up the city of Toronto, is the home of J. E. Carson, 218 St. Clarens Ave. This home Peru-na is revered as a family medicine.

Peru-na can boast of being a fixture in over a million such happy homes on this continent, where it is used for the petty ailments that afflict the family.

Coughs and colds, catarrh of the head and throat, sore throat in various forms, disturbances of digestion, catarrh of the stomach, and other internal organs. These ailments, petty in themselves, are often the beginning of very serious diseases.

A dose or two of Peru-na taken in the beginning may quickly avert tedious if not fatal illnesses.

Head Stopped Up. Mr. G. W. Martin, Hartford, Ontario, choir leader at St. Paul's Episcopal Church, writes:

"I have been troubled with catarrh for a great many years, and always trying something for it, but was able only to secure temporary relief until I used Peru-na. Only five bottles rid my system of all traces of catarrh, and I have not needed the slightest trouble for several months. My head was stopped up, my breath offensive, and it is a relief to be able to breathe freely once more."

Lungs and Bronchial Tubes. Mr. J. C. Hervus Pelletier, Dept. de l'Agriculture, Ottawa, Ont., writes:

"The Peru-na is particularly efficacious in the cure of catarrhal affections of the lungs and bronchial tubes. Six bottles cured me this winter of bronchitis. I am completely restored and I owe thanks to the Peru-na. I have recommended this remedy to a large number of my friends afflicted with the same trouble, and they have verified my good opinion of this valuable remedy."
