TERMS:
1 Per Year in Advance.

Number 27

FACTORY OF J. & D. A. HARQUAIL CAMPBELLTON, N. B.

When you think of building or improving your home please bear in mind that we have one of the **Largest and Best Equipped Planing Mills, Drying Kilns and General Woodworking Establishments in the Maritime Provinces**; this, with our advantages of handling large quantities of lumber at little expense, places us so as to compete with any Special attention given to kiln drying.

THE QUALITY OF OUR WORK CANNOT BE EXCELLED

Eternal Vigilance is the price of Success
Our first year's experience in the wood-working business has taught us that there are **3 Things Necessary to Success**

The Machinery Material

1st the Man, having secured the services of M. Lavalles foreman, a gentleman who has had 20 years experience having charge of some of the largest manufacturing establishments in the Western States and in Montreal, and who thoroughly understands his business, we are now prepared to give estimates on all material used for building purposes, cabinet work as well, and will guarantee satisfaction.
2nd the Machinery, during the past year we have added a number of new machines to our already large variety, and we contemplate adding other machines this year which will make our factory the best equipped in the Maritime Provinces.
3rd the Material, having our own long lumber and shingle mill, we manufacture direct from the tree every part both the rough and finished wood-work of a house from the foundation to the saddle board.

We also keep on hand a full supply of hardware and nails, brick, lime, etc., for building purposes. A car of lime just arrived, will be pleased to furnish quotations on anything in our line.

Wm. Currie & Co.,
CAMPBELLTON, N. B.

Mr. M. Connolly will probably get Contract

For Bay Chaleur Boat
Service

The New Company obliged to
abandon the Project

The company organized for the purpose of tendering on the Bay Chaleur project this season, as they were unable to procure a suitable boat in time. The Committee here did everything in their power to buy a suitable boat and failing in this, tried to time-charter but without success. They have petitioned the Government to grant the contract for this year only, to enable them to build or procure a boat for next season, making Campbellton the western terminus.

It is understood that Mr. Connolly in accordance with the expressed feeling of the entire Bay Chaleur, has signified his intention of putting a first class boat on the route this season with the terminus at Campbellton if he secures the contract. This is accepted as generally satisfactory and the work of the new company will not have been entirely in vain if such is the outcome.

The new company had about \$70,000 capital subscribed and had the matter been taken up early last fall there is no doubt it could have been carried through successfully. The company met with a severe loss in the death of Mr. John Nadeau who took a great interest in the project and who was really the promoter of the enterprise. His co-workers and many friends in Campbellton sincerely sympathize with his bereaved wife and children.

Russians driven across the Yalu

London, April 5.—Eight weeks from the opening of the war sees Japan without any real fighting, apparently in complete possession of Corea and the first stage of the campaign ended. According to the Daily Mail's Kode Japan, correspondent who telegraphs

under date of April 4, a Ping Yang despatch has been received there confirming the report from Shanghai that Japanese scouts entered Wiju Corea at 11 o'clock a.m. Monday, and that the Russians apparently retreated beyond the Yalu river, but no further news of any kind to hand throwing light on either land or sea operations. Everything, however, is regarded as pointing to the imminence of important developments.

A Fatal Accident.

Mr. James Edwards of Fleurant
Point Meets Death at his own
Door

The community was painfully shocked in hearing of the fatal accident which befell Mr. James Edwards of Fleurant Point, Bonaventure Co. P. Q., while sawing wood with a circular saw at his home on the 31st ult. Scarcely had he and his sons been working half an hour when, with Mr. Edwards attending to the saw, a stick fell unexpectedly from the pile behind striking Mr. Edwards and precipitating him upon the saw going at high speed. Two deep cuts were inflicted upon his head one from the upper part near the centre of the forehead to the back of the head. These cuts measured nearly nine and five inches respectively, piercing the frontal bone and fracturing portions of the skull.

Medical aid was speedily summoned and soon Drs. Ritchie and Hawley of Dalhousie were dressing the wounds which required several stitches. Mr. Edwards regained consciousness and lingered a patient sufferer until Sunday night, when gradually becoming weaker he departed this life fully trusting in his Redeemer and Lord.

Mr. Edwards was an industrious and prosperous farmer, a Christian gentleman of more than ordinary intelligence and refinement. He was a good friend to the poor and many can testify of his thoughtful assistance and sympathy. As a school commissioner and citizen he was highly respected and his presence and services will be greatly missed.

In the Presbyterian church of which he was a liberal supporter and active member his loss will be most keenly felt. As a member of the board of managers, and S. S. Superintendent his place will be hard to fill. Our deepest sympathy goes out to his sorrowing widow, his six sons and his relatives.

His funeral on Wednesday was largely attended. His remains were interred in the Presbyterian Cemetery at Esquimaux, Rev. M. J. McPherson, M. A. officiating.

Broadlands

As spring is coming around again and the cold winter is past we think a few items from this vicinity will not be out of place.

We are pleased to see Mr. James Connacher again in our midst after a long winter in the woods in the employ of the Shives Lumber Co.

Mr. John Gregoire was in town Tuesday. Miss May Macpherson, our popular school teacher spent the Easter holidays with friends in Charlo. Mrs. R. B. McBeath and Mrs. Harry McLennan of Campbellton spent Thursday of last week at Lombardy.

Quite a number of our young people attended the Sock Social at Tide Head last week and were delighted with pleasant time spent. Mr. Andrew Dickson of this place spent Sunday in Charlo the guest of Jas. Reid M. P.

Mr. Fred Adams was in town on Thursday.

Fishery Commission

Meeting Postponed

Owing to important business requiring Prof. Prince's presence in Ottawa for some days, the meeting of the Fishery Commission at Charlo has been postponed to Wednesday April 20th.

McKenzie & Flett

House-Cleaning Time.

The season of the year is at hand when the thrifty house-keeper looks around for the best place to buy Carpets, Curtains, House Furnishings, Furniture, Bedding, Wall Paper, and the hundred and one things that are necessary to beautify the home. A glance at our stock will convince you that McKenzie & Flett have unquestionably the largest stock greatest variety and can quote you lower prices than any firm in the country. We can furnish your home from cellar to attic on easy terms if desired.

Glenlivet.

Miss Robinson spent Easter holidays in Campbellton. We are glad to see Mr. H. Smith out again after being laid up with a sore hand.

A very pleasant time was spent at Mr. Felix's last evening. Dancing and games being the chief amusement.

Miss Bulah Delaney spent a few days here last week. We are glad to see Mr. P. Fournier down from the woods again.

Mr. Jack Ryan passed through here on Tuesday. We are sorry to hear that Mrs. A. Boudreau is very sick.

We are glad to see Miss L. LeTurneu in our midst again, after spending the winter in Sayabec.

J. Craig passed through here on Sunday.

Miss C. LeTurneu spent Easter with friends in Glencoe. Mr. and Mrs. Wm. Rogers of Sayabec are spending a couple of weeks with their parents. They intend to return to Sayabec to run a hotel. Mr. LeTurneu returned from Sayabec last week. Wedding bells in the near future.

H. S. ALEXANDER

GOT A RAIN COAT?

Every man should have one at this season of the year, for the skies are constantly playing us false, one minute sunshine another showers. Our Rain Coats are neat and dressy, of proper weight for ordinary overcoat use, and at the same time perfectly waterproof. There is no rubber in our Rain Coats, hence no odor. They are porous to air yet absolutely waterproof.

Rain Coats at \$7.50, \$9, \$10, and \$11.
