

VOL. LI

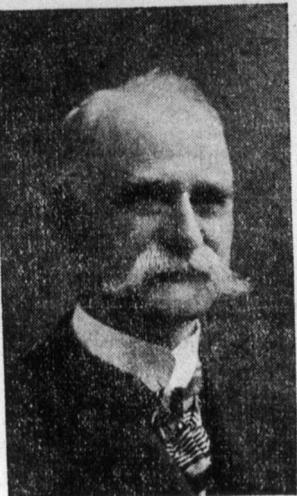

HAMILTON, CANADA, THURSDAY, APRIL 9, 1908.

NO. 82.

THE PRESIDENT TO SUPPRESS ANARCHY.

Declares It the Enemy of Humanity. Asks Congress for Extra Legislation. Stop Anarchist Papers by Mail.

Washington, April 9.—In one of the shortest messages which he has yet transmitted to Congress President Roosevelt, yesterday called the attention of that body to the necessity for further legislation on the subject of anarchy. With the message he transmitted a report reviewing the legal phases of the question by Attorney-General Bonaparte. The President's message follows:

MR. W. D. LONG, Newly Elected President of the Hamilton Health Association.

"I herewith submit a letter from the Department of Justice which explains itself. Under this opinion I hold that existing statutes give the President the power to prohibit the Postmaster-General from being used as an instrument in the commission of crime; that is, to prohibit the use of the mails for the advocacy of murder, arson and treason; and I shall act upon such construction. Unquestionably, however, there should be further legislation by Congress in this matter. When compared with the suppression of anarchy, every other question sinks into insignificance. The anarchist is the enemy of humanity, the enemy of all mankind, and his is a deeper degree of criminality than any other. No immigrant is allowed to come to our shores if he is an anarchist, and no newspaper published here or abroad should be permitted circulation in this country if it propagates anarchistic opinions. (Signed) Theodore Roosevelt." The White House, April 9, 1908.

Shot and Killed.

St. Louis, April 9.—Dr. Englehardt Voerster, jun., formerly chief physician at the city dispensary, was arrested last night, charged with killing Robert Bell, a paperhanger on Sunday morning. Bell was killed while escorting a woman and two of her daughters from a party. Bell was singing as he met a man and woman. The man remarked that the singing was "rotten." Bell retorted that the man's companion had a voice like a mud lark. The man whipped out a revolver, and shot Bell in the head. The slayer hurried away before a policeman came. Voerster denies guilt of the crime.

ARE THEY THE MEN?

Three Suspects Arrested in Connection With Bank Robbery.

Aurora, Ont., April 9.—The names and addresses of the three men arrested here last night and supposed to have been implicated in the attempt to rob the Sterling Bank branch at Thornhill on Tuesday night is given to the authorities and are as follows: Thomas Power, New York, age 29, trimmer, tattoo marks on both arms; Thomas Donaldson, 113 McCord street, Montreal, age 22, occupation, not stated; William Herbert, Manchester, Eng., occupation and age not stated.

MARKET STALL TENANTS MAKE SOME ACCUSATIONS.

Say Police Knew of Contemplated Robbery and Did Not Prevent It.

That the police knew that a theft was going to be committed half an hour before the commission of it and did nothing to prevent it, and that they know at present who the thieves were and are making no move to bring them to justice, is the charge that some market stall butchers and dealers are bringing against the department. For months the market stall stalls have been entered from time to time and coppers and goods stolen. A few weeks ago the stall of J. Thompson was entered at night and \$3 or \$4 in coppers stolen. Many of the stalls were entered about this time and one man lost a crate of butter, another some hams, another some eggs and one even had an apron stolen out of his stall. From this it looks as if the thieves intended to start in business and were taking an easy way to get their stock. The night Thompson's stall was entered, it is alleged by the interested parties, that a policeman was aware of the depredations about to be perpetrated, and he reported to one of the superior officers—at least this is what a butcher on the market claims the constable told him last Sunday night. For some reason things were left to take their natural course, and the thieves were not apprehended. It is further alleged by these butchers that the persons suspected of the thefts were seen counting over a lot of coppers. They are still at large.

MISS MARLOWE CANCELLED HER ITHICA ENGAGEMENT.

Overcome by News of the Divorce Proceedings—Refuses to be Interviewed.

Ithaca, April 9.—On receiving the news here yesterday afternoon that she had been named as a co-respondent in the suit for divorce brought by Mrs. Clara Louis Von Herrman against her husband, Karl Stephens von Herrman, Miss Julia Marlowe was completely overcome and last night cancelled her engagement in "Gloria" at the Lyceum Theatre. Miss Marlowe arrived here at 2.30 o'clock in her private car, coming direct from Hamilton, Canada. She was at once besieged by newspaper men. She would not be seen and refused the reporters to her manager, Mr. Ellsler.

LEAPS TO DEATH.

Dressed in Wedding Gown Deserted Bride Jumps Overboard.

Fiance Disappeared From Home In Germany.

New York, April 9.—Dressed in a gown she had made for her marriage to a man who deserted her, Dora Gilliar, a pretty young woman, bound for New York on the liner Pretoria, jumped overboard in mid-ocean on March 24. No one saw her leap into eternity and the ship was miles away from the spot when her absence was discovered.

Miss Gilliar left behind her on the ship two little children, her nephew and niece, Erwin and Helma Maas, whom she was bringing to this country to join their mother, who lives in Hoboken. Henry Maas, the father of the children, took them aboard three months ago. While he was at his old home in Germany a young man who had promised to marry his wife's sister, Dora Gilliar, disappeared. The young woman was heart-broken, and her relatives decided to send her to America. Maas placed her aboard the Pretoria at Hamburg with the children on March 23.

At two o'clock in the morning of March 24 Miss Gilliar, dressed in a white gown, appeared at the door of the ship's surgeon and complained of illness. She said she would like to go on deck and get some fresh air. The steward accompanied her.

They walked on the starboard promenade a few minutes, the young woman conversing rationally. The steward was unobtrusively watching her as she went below and get her a cup of coffee.

"Stop at the stateroom," the young woman requested, "and see if the children are all right."

After the lapse of about half an hour the steward returned to the deck. Miss Gilliar was missing. He notified Captain Schratzer, who was on the bridge, and the engines were stopped. A boat was lowered, but no trace of the missing passenger could be found.

DOUBLE WEDDING.

Wesley Parsonage Scene of Happy Event—Other Weddings.

Tuesday afternoon a double wedding took place in Wesley parsonage. Mr. Harvey Little and Miss Ada Sparks, of this city, were the first in order to be married, followed immediately by the second couple, Mr. Melvin Sparks, brother of Mrs. Little, and Miss Emma Springer, of Freelon. After the ceremony, which was performed by the Rev. Dr. Tovell, the happy pairs returned to take luncheon with their friends, and then started for a honeymoon trip together.

WRITS ISSUED.

Aikine Billiard Academy Transfer Results In Litigation.

H. D. Petrie, acting on behalf of Grace DeKam has issued a writ against Charles Ennis, for an order for the return of a piano which, it is alleged, was wrongfully taken from the residence of the plaintiff, and for damages. In the alternative, for wrongfully depriving the plaintiff of the piano. The writ is in the County Court.

PAYS FOR SPREAD.

Wedding Breakfast Is "On" Bride's Mama.

Buffalo, April 9.—Judge Taylor yesterday in County Court decided that Mrs. Alice R. Glenn must pay for her daughter's wedding breakfast. Mrs. Glenn claimed that the bill should have been presented to her late husband, John Clark Glenn. Judgment for \$545.08 was rendered in favor of Mrs. Clara W. Deming, the cateress.

The prominence of Mrs. Glenn in artistic and social circles of the city drew a large number to the trial. The wedding which preceded the breakfast was celebrated in Trinity Church, Delaware avenue, by the Rev. Cameron J. Davis, between Miss Arline Glenn and Professor Kelley Prentice, of Princeton University, who has recently been appointed a professor in the American School of Archaeology at Athens, Greece.

HAD A JOLLY TIME.

Mr. and Mrs. Mitchell Entertained Their Friends.

The home of Mr. and Mrs. Fred Mitchell, 17 Woodbine Crescent, was the scene of jollity and pleasure last night when a number of their friends were entertained right royally. The occasion being the thirty-third birthday of Mrs. Mitchell. Cards and games took up the first part of the evening and dancing and refreshments were indulged in afterwards, the dancing lasting till the wee sma' hours this morning. Many and beautiful were the presents received by Mrs. Mitchell, and good wishes for the future, and for many more birthdays, were plentiful and heartfelt.

THE MAN IN OVERALLS.

I don't think much of the Mayor's plan to provide water for the Mount Hamilton people by pumping it up at the head of Ferguson avenue. It would have to be piped a mile or so to get to its destination after 1909, to the top.

And the Herald was so sure that the Government would quote Hamilton the exact price of power that it would not listen to reason or argument. You couldn't tell it anything. It had inside information and so on. Now notice how it is trying to smear itself out of the hole it tumbled into.

The Tories are finding so much difficulty in getting a likely candidate to oppose Mr. Zimmerman in the West, that I wouldn't be surprised if Adam will have a walk over. Mr. Lamoureux is not so anxious as he was a year ago to be runner up against the present popular member.

While Commissioner Van Allen is hobnobbing with the crowned heads of Europe and doing the desert and the pyramids on the back of a drummed-up misdeed partner is busy trying to save the beach from being washed away.

I don't hear much about the improvement in penmanship of the pupils in the public schools. Is the mediocrity slant another fake?

That dream about Mr. Hendrie was a night mare. Nothing to it.

But I miss the Y. W. C. A. clock on the Gore. It was something to look at when you had nothing else to do.

When I read the report last night about the San, I couldn't help thinking that that brutal attack on the ladies a few moons ago.

I never hear of a butcher being fined for giving light weight.

The gerrymander looks to me like a criminal offence.

The Spectator has had another look at its dream book and it finds now that a lawyer will oppose Mr. Hendrie, presumably a tall, dark man.

No doubt the trenching machine will help the committee to retrench and save expense, a sort of retrenchment, as it were.

The principal thing that keeps the Brockville Times from reforming is the fear that it might be mistaken for a reformer.

While Whitney's spending more money than Ross spent, he excuses himself by saying that he takes more money from the people than Ross did.

The Parks Board might as well throw open the Gore Park gates. Nobody would think of running away with it.

Now that the bicycle season is again approaching, take my advice and keep off the street railway tracks.

WRITS ISSUED.

Aikine Billiard Academy Transfer Results In Litigation.

H. D. Petrie, acting on behalf of Grace DeKam has issued a writ against Charles Ennis, for an order for the return of a piano which, it is alleged, was wrongfully taken from the residence of the plaintiff, and for damages. In the alternative, for wrongfully depriving the plaintiff of the piano. The writ is in the County Court.

As a result of the turning over of the Billiard Academy, formerly owned by Mr. Charles Aikine, to Mr. George E. Mills, Bruce & Cunnell have issued a writ in the High Court, on behalf of the Brunswick Balke Colliery Company, to set aside the deed from Aikine to Mills, as being a fraudulent preference. Some time ago Mr. Aikine transferred the property to Mr. Mills, at the same time giving a list of creditors, which Mr. Mills agreed to pay. The Brunswick people were down on the list for \$221, as being paid, whereas the company has a claim for \$1,100 against Mr. Aikine. The writ is issued against Mr. Aikine and Mr. Mills jointly.

THEY DID WELL.

Police-Firemen Game Netted \$125 For Hospital.

Miss Jeannette Lewis has given out the returns from the game of indoor baseball played in the Alexandra Rink between the firemen and the police a week ago. The profit on the game after paying sundry expense accounts amounted to \$125.80. The policemen sold \$117.70 worth of tickets, and Miss Lewis sold the rest. The firemen were not asked to sell tickets, as a benefit they are having at the Savoy was taking up their ticket selling energies.

Miss Lewis wishes to thank Constable Hawkins who did a lot towards getting the game arranged and who drummed up the enthusiasm among the police.

Are You Dissatisfied?

Or are you thinking about changing your grocer? If so, favor us with a trial order. It doesn't matter how small it may be. We want to get to know you and you know us. We want to try and please you. The best of everything in the grocery line at lowest prices, prompt delivery and courteous treatment. Our store is central, bright, clean and pleasant to trade at.—Bain & Adams, 89, 91 King street east.

SAFETY DEPOSIT BOXES.
To rent at \$5 a year and upwards, for the storing of deeds, bonds, stocks, wills, silver and other valuables.
TRADERS BANK OF CANADA.

IN THE HOUSE.

Question as to Government Detective's Spending Money.

Whitney Must Hold Elections All On One Day.

(Special Despatch to the Times.)

Toronto, April 9.—When the Legislature was in committee at the morning session on Mr. Matheson's bill to provide for auditing the Public Accounts of the Province, Mr. Harcourt claimed that no criminal law enforcement fund was necessary. He said the Attorney-General should have the final say in the matter of expenditure. He also contended that one of the clauses gave the Provincial detectives carte blanche in the matter of expenses, and said the detectives might as well be given blank cheques when sent out to make investigations.

Hon. Mr. Hanna replied that the proceeding was followed at Ottawa and Washington. When detectives went out to make investigations they had to spend money in ways which it was not advisable to have set down in the public accounts, and if the Government did not make some provision for compensation the men would necessarily have to pay the money out of their own pockets.

The bill was read a third time.

The Attorney-General's Department has decided to take a share in the investigation of the attempt to rob the Sterling Bank at Thornhill on Wednesday, when the burglars were driven away by Manager Henry, who was stunned in the struggle. County Constable Burns is at present in charge of the case. It is felt, however, by the Provincial authorities that such outrages should be stopped. Therefore a detective from the Provincial staff will be sent to seek the culprits.

In moving the second reading of the Statute Law Amendment Act, Hon. Mr. Foy explained that it was quite possible that clause two would be struck out. That clause made provision for holding elections in New Ontario at a later date than in other portions of the province. In view of statements made that the enumerators would not have the

WAS JUSTIFIABLE.

Such Is Majority Report on Theaker Dismissal.

(Special Despatch to the Times.)

Ottawa, Ont., April 9.—The Labor Department gives out to-day the effect of the majority report of the Board of Arbitration which dealt with the dispute between the Hamilton Street Railway Company and its men. The department, in cases where there is a disagreement, does not give out the full report. The dispute arose over the dismissal of John Theaker, a conductor, and President of the Street Railway Union. It was said that he was unfairly dismissed and that the company was discriminating against members of the union.

The majority report of the board finds that, as he violated certain regulations of the company, his dismissal was justifiable. In reference to discrimination against union men, it appears that there were differences of opinion among themselves. This trouble arose over the settlement arrived at by the Ontario Board of Railway Commissioners in regard to a strike about a year and a half ago. The company was not to blame for this, but it seems that the men did blame them. Over this dispute some of the men left the union.

LADIES' TEA CLUB

Reorganized and Will Have An Active Year.

The annual meeting of the Ladies' Tea Club, in connection with Hamilton Cricket Club, was held this morning. There was a very encouraging attendance of the ladies. Mrs. R. A. Lucas was in the chair, and was re-elected to the presidency by acclamation. Mrs. J. H. Collinson was elected to the vice-presidency in place of Miss Leggat, who resigned. Mrs. Vaughan Wright was made secretary, treasurer and Miss Marjorie Stinson was elected assistant in the places of Miss Frances DuMoulin and Miss A. Tandy.

The meeting was held principally for re-organization purposes, the club not being active last year. It was decided to give a Cricket Fete similar to the one given three years ago. The club will give teas at all the regular matches of the Hamilton and Highfield Clubs, and will no doubt prove a helpful boon to the cricketers.

Once Again

Your last year's straw hat can be made to look like new with Oriental Hat Dye. This dye is waterproof, put on in brown, black, blue, navy blue and red. Sold at 25c. Oriental Hat Cleaner will clean up that old straw hat. 15c per bottle. Parke & Parke, druggists.

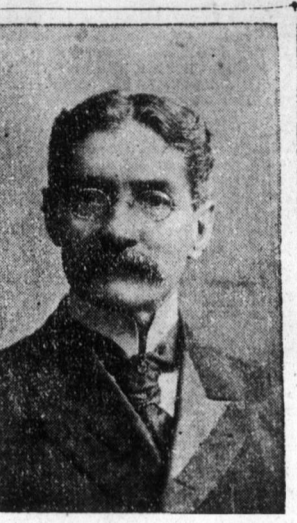

B. B. B. Briar Pipes.

This stamp on a pipe is an absolute guarantee of material and workmanship. They are made in England of the finest quality of briar and sold in this city at peace's pipe store, 107 King street east.

FOUND DEAD.

Halifax, April 9.—George Hill, Vice and Deputy United States Consul-General here, was found dead in bed at 3 o'clock this morning. He was 70 years old, and had been connected with the consular service for more than a quarter of a century.

SHORTAGE OF COAL IN THE CITY YARD.

MR. J. J. EVEL, Newly Elected Vice President of the Hamilton Health Association.

Shot Himself.

San Francisco, April 9.—First Lieut. David A. Lindsay, U. S. A. signal corps, shot and killed himself in his quarters at the Presidio yesterday. He had destroyed all his personal papers, and no cause is known for his act. Fellow officers say he has appeared morose for several days past. Lieut. Lindsay was a native of Pennsylvania, 33 years old. He enlisted in 1900, and was made lieutenant in 1903.

STOLE HIS BANTAMS

And Left An Old Black Hen In Their Place.

Elijah Bacon, 25 George street, considers himself a deeply wronged man and justly, too. This morning when he went to the back yard to feed his four prize game bantams an old black hen walked proudly around, monarch of all she surveyed. The bantams were gone and the thieves had apparently believed in reciprocity to a certain degree when they left the old hen. Mr. Bacon does not appreciate their views. The police are working on the case.

George Gordon, a respectable dressed young man from Kincairdine, was placed under arrest this morning by Detective Campbell on the charge of stealing some clothing and cash from a Kincairdine man. The detective armed with a warrant and a description of the man, was not long in getting on his track and arrested him a short time after he got off the train. Gordon will be taken back this afternoon or in the morning.

In regard to the trouble the board finds that the company remained neutral. Judge Monk and Mr. Bell sign the report, while J. G. O'Donoghue, in the minority report, not yet received here, disagrees over the dismissal of Theaker, who, he holds, was unfairly dismissed. This settles the matter, because Theaker has got a position elsewhere, and does not want to return to the company.

THIRTY STRIKE BREAKERS ARRIVE IN BRANTFORD FOR BUCK'S STOVE WORKS.

(Special Despatch to the Times.)

Brantford, April 9.—The political situation here is in an unsettled condition in so far as the selection of party nominees for the Provincial election is concerned. Local Tories are divided into two camps, one supporting the placing in nomination of W. S. Brewster, who was among the fallen at the last election, and the other opposing Mr. Brewster's nomination, in favor of Mr. W. G. Elliott, a prominent manufacturer. Last summer the Conservative convention was called but postponed, presumably on account of the activity of the farmers with their crops. In reality, however, a strong faction of the Tories kicked over the traces and succeeded in having the convention postponed since die because it was known that a procedure had been arranged to secure the nomination for Mr. Brewster. Meanwhile the party is still in a quandary. Winter has come and gone, but no convention. One is slated for the near future, however, with the chances of Mr. Elliott's nomination in the ascendency. In the Liberal camp, from well informed parties it is said that strong pressure is being brought to bear on Mr. T. H. Preston, M. P. P., to run again, and that he is likely to do so.

THE STRIKE.

About 30 new men arrived in the city yesterday afternoon from London and points west to replace the striking moulders at the Buck Stove Works. They were brought here by the firm. The men refused a special bus ready for them at the station and decided to walk to the works. Their arrival was witnessed by a large number of the union men, but there was no trouble. The strikers in the vicinity of the works were threatened by the foreigners who went to the shop to take their place. The men claim that they can win a victory over the firm in short time if foreigners are taken on in their stead. With the importation of a number of skilled men, however, the strike takes on a somewhat threatening aspect. The strikebreakers are housed at the factory at the expense of the firm. As far as can be learned the union has not yet received the consent of the International authorities for the strike, which was suddenly precipitated. They are counting on doing so, however, as they claim conditions have been very bad for some time. Some of the men state that they were able to earn only 40 cents a day quite frequently on account of the quality of the metal with which they were expected to work.

GARDINER ACQUITTED.

James Gardiner, one of the striking moulders, appeared in the Police Court this morning on the charge of removing some beds from the wagon of the Buck stove works on Monday night last. The beds were being taken to that shop for the Chicago strike-breakers, who have been brought to the city by the firm. Driver Exley gave evidence that he believed Gardiner was one of the men who approached him and threatened to dump him as well as the beds off the wagon. The defendant, on the witness stand, denied that he was anywhere near the place at that time of the night, and offered to prove an alibi. The case was dismissed, as the Magistrate did not identify the beds.

Frank Sparks and Patrick two vagrants from the United States were remanded until Monday by the police to investigate their case. A dispute is in progress between T. H. & B. Railway and the strikers over an exchange of land was made some time ago. The under the agreement traded streets in Eagle place. The solicitor for T. H. & B. Railway is (Continued on page 5.)

Fuel Committee Has Unpleasant Surprise.
Can Hydro Commission Supply Power Before the Cataract Contract Expires?

The old question of the civic fuel department promises to furnish material for a lively debate in the council on Monday night. The Fuel Committee will make a statement of the stock on hand, and it is said that the report will show a rather heavy shortage. Ald. Allan, Chairman of the Fuel Committee, when spoken to this afternoon, said the department was taking stock, and he admitted that there would probably be a shortage, although he did not know that it would be anything out of the ordinary. All the dealers, he says, have shortages in their stocks. The city makes an allowance for this shortage. The surprising part of it is that last year the stock was supposed to show a surplus. Ald. Allan thinks that this was a mistake, and that there really was no surplus. He points out that it is rather hard to measure up coal in this way.

As a result of the bungling and delay over the Hydro-Electric project, it looks almost certain now that even though the council decides to install a municipal lighting plant here, it will be impossible to complete it before the city's contract with the Cataract Power Company expires July 1 next year. At the present rate of progress, the Government, if it is in earnest, will not let the contracts for building the transmission lines until the fall. Hamilton can not begin work on its plant until it is satisfied beyond doubt that the transmission lines are to be built. The city officials admit that the city will be in a very bad fix if the plant is not ready for operation before the contract with the Cataract expires. Mayor Stewart stated last night that Hon. Adam Beck would likely be here to-day with the amended contract. The Mayor is out of the city today, and no one seems to know when Mr. Beck will be here or what he can do when he does come. Chairman Sweeney will likely call a meeting of the Power Committee to discuss matters next week. Hon. J. M. Gibson and General Manager Hawkins are expected to return from the south on Wednesday, and it is likely that the proposition Colonel Gibson promised to make to the city to sell the lighting plant before he went away will be submitted.

Friends of City Engineer Barrow say they are quite satisfied now that he will win when the question of appointing a new engineer comes up in the Council again. Barrow had intended going to Washington next month to attend the convention of the American Waterworks Association. It is probable, however, that Assistant Engineer Heddle (Continued on page 5.)

T. H. PRESTON MAY RUN AGAIN IN SOUTH BRANT.

Thirty Strike Breakers Arrive in Brantford For Buck's Stove Works.

(Special Despatch to the Times.)

Brantford, April 9.—The political situation here is in an unsettled condition in so far as the selection of party nominees for the Provincial election is concerned. Local Tories are divided into two camps, one supporting the placing in nomination of W. S. Brewster, who was among the fallen at the last election, and the other opposing Mr. Brewster's nomination, in favor of Mr. W. G. Elliott, a prominent manufacturer. Last summer the Conservative convention was called but postponed, presumably on account of the activity of the farmers with their crops.
