As will be observed by the proceedings of the Liberal-Conservative Convention in another column, Dr.

Jenkins' candidature has been unani-As will be observed by the pro-Including candidature has been unanimously endorsed by a large and important positions. All of the party representing all sections of Queen's County. The Opposition have called a convention of their supporters for to-morrow, when it is supporters for to-morrow, when it is a convenient of the party representation of their supporters for to-morrow, when it is supporters for to-morrow is to the effects of the tion he maintained, but was anxious to have the affair settled, is to have the affair settled, is several important positions, all of which he filled with credit to him self and satisfaction to his constituents. It is very true that his course did not always meet with public approval, but the same may for the National Policy of the National Poli supporters for to-morrow, when it is expected they will nominate a gentleman to onnouse Dr. Jenkins and teman to oppose Dr. Jenkins, and liabilities for the first six months of the last five years, 1880, 1881, 1882.

The description of the last five years, 1880, 1881, 1882. Saturday contained the war-cry of which time a protective tariff has ing rapidly, and their only chance people of the Island will be the leader, bearing every characteristic of a Grit campaign document, in that the issues which it places Policy business has steadily im exciting prejudice and distrust of service. before the people are stated unfairly, proved. and the situation grossly mirrepre-

sented This document asks, "How about the National Policy? That question hat people are taxing the poor arbitrators, and proceeded, by force man to enrich the manufacturer—yet of arms, to establish its authority pursuant to notice issued by Mr. tion has been asked scores of times since the National Policy, which it characterizes "a failure, a delusion and a snare," was introduced into point to it as a proof of the failure at the instance of Ontario, and it of A collision with Manitoba pursuant to notice issued by Mr. Description. A collision with Manitoba ensued; officers of the latter Province were arrested and imprisoned point to it as a proof of the failure at the instance of Ontario, and it and a snare," was introduced into Canada five years ago, and upon every occasion the verdict has been in its favor. In 1879 the policy was of what use is a protective tariff if it eral of Manitoba was about to inin its favor. In 1879 the policy was cannot prevent such occurrences? initiated as an experiment, but it We ask in reply, "If with the advandischarge that Mr. Mowatt was comcould not be expected that it would tages of a protective tariff the manupelled to recede from his hitherto be so complete as not to want improvement. It worked, however, so earth would he have been under the propose what the Dominion Governsatisfactorily that when the people fly-on-the-wheel policy of Mr. Mewere asked, three years later, "How Kenzie." about the National Policy?" they

replied, "It is entirely successful, and we desire its continuance;" and tional Policy, and see if it is not Now that the question has come such is their answer to-day. Not wonderfully improved since the before this tribunal, what has so far one single constituency which in days of the Knight of the double been determined? The Privy Council 1882 pronounced in its favor, has shield. The securities for which Sir have decided that the award of the since changed its opinion, and it re-Richard Cartwright could obtain arbitrators was not legal, inasmuch mains to be seen whether Queen's only eighty-seven and one-half per as they did not fix the true bound-County, the largest and one of the cent., now sell for one hundred and ary, but only a conventional one, and most intelligent in the Dominion, is six, or an advance of eighteen and that it was not binding because it prepared to reverse its verdict of one-half per cent. Where formerly was never ratified by the Parliament two years ago. It is very true that we were compelled to pay six per of Canada. This was Sir John the benefits of the National Policy cent. for money borrowed, we can Macdonald's contention all along. have not been so apparent in this Province as in other parts of the cent. Although the liabilities of Dominion; but this is owing to our Canada have increased by many The despatches which have been peculiar circumstances, having but millions within the last five or six received also state that the Privy few industries to be benefitted thereyears, the fact is we are paying less Council have determined that Onby. But will any one presume to say that the National Policy has facts evidences that the position of the Lebest company of the Lebest company to the Lebest company to the Lebest company to the Lebest company of the Lebest company to the Lebe proved injurious to the Island, or Canada is vastly improved since the Lake of the Woods. For all we care that, owing to its operation, we are in any worse position to-day than Canada is vastly improved since the canada is vastly in we were under the benign sway of they adopted to accomplish so wonthey adopted to accomplish so won says that "the mushroom factories and companies established under its bothouse air are crumbling to pieces and tottering to their fall.

Where, we ask, were our starch.

hot-house air are crumbling to pieces and tottering to their fall.

Where, we ask, were our starch factories, our botter and cheese factories, our botter and shoe factories, our soap factories, before the National Policy? Has the National Policy? Has the National Policy? Has the National Policy is the prices and totter ing to their fall? No, but they have segment into existence in the National Policy have been for years? Is it not a fact that a dollar goes further now in the purchase of articles for the family than it did six years ago? Then let us acknowledge that even in the National Policy has done us the National Policy has done us the National Policy has done us the National Policy have been for years? Is it not a fact that a dollar goes further now in the purchase of articles for the family than it did six years ago? Then let us acknowledge that even in the National Policy has done us the Honograble Andrew Archibald.

Attitude to the rest of the Dominion, and the authors by carrying the essurity through a subtrost of the Dominion, and the authors by carrying the security and other new theore? Is and to the Lower Provinces in particular, then the decision of the Privy Council is a matter for regret and not for congratulation on our part.

Now Lieutenant Governor.

The Opicial Gazette of the 19th which affords a striking contrast to the announced the appointment of the Resolved, That we observe, with satisfaction.
