We had 50 customers around that Dress Goods counter waiting their turn on Monday, getting 85c., \$1.00, 2.00 and 2.75 goods for 59c. How can we do it? A German manufacturer that has a distributing warehouse in Montreal, after all the Canadian travellers were through selling, had 2,500 yards of Dress Goods left, they sent 1,500 yards to us. We immediately wired back, "We were full of Dress Goods and would only handle them to sell at 59c.," and they wired back, "Keep them." We told them to double the quantity. They are here now. Imagine ladies' goods worth \$2.75 for 59c., and another lot of Black Figured worth up to 85c. for
