

Skin Troubles Grow Worse

Eczema, Psoriasis, and other skin troubles are caused by myriads of germs at work on the skin. These germs are promptly destroyed by the rapid multiplication of the germs. This is what causes that awful itch, and what seemed a mere rash may grow worse and develop into a loathsome and torturing skin disease with its years and years of misery.

Don't take any chances! Destroy the germs at the beginning of the trouble with that soothing and cleansing wash, the D. D. Prescription for Eczema.

We have had experience with many remedies for skin trouble but have never seen such remarkable cures as those from D. D. Prescription. Instant relief from the very first application.

If you have skin trouble of any kind, we certainly advise you to drop in and investigate the merits of D. D. Prescription. Why not drop in to the D. D. Laboratories, Dept. E. B. 49, Colborne Street, Toronto.

We know the D. D. will help you. For sale by all druggists.

LABOR LEADERS TO BE INDICTED BY COURT

Officials of Striking Union to Appear in U.S. Circuit Court—Dynamite Figures in Disclosures—The Social Workers Ask Tact for a Labor Commission.

Kansas City, Mo., Dec. 29.—To answer what they believe is a government prosecution under the Sherman anti-trust law, charging them with restraint of trade, the first suit of a nature ever filed against a labor leader in the United States, three officials of the unions who men are striking for better working conditions on the Harriman line were today ordered by the government to appear on January 1st in the United States circuit courts, eastern district of Illinois, at Danville.

The men summoned are Mr. E. Ryan, general president of the Railway Carmen of America, J. A. Franklin and A. Hinman, vice-president to Mr. Franklin.

The court summons was issued at the order of Judge Wright of the federal district, and it is approved by Edward D. White, chief justice of the United States.

Muscatine, Iowa, Dec. 29.—Indictments against labor leaders are expected tomorrow when the grand jury which has been investigating the button workers' strike troubles makes its report.

It was stated here today that the quantities of dynamite, alleged to have been discovered, would figure in the disclosures.

A commission composed of prominent sociologists and social workers appointed at a meeting of the federal council of churches of America held at Pittsburgh, Dec. 12, to investigate conditions, sociological and industrial, arrived in Muscatine today and began its work.

Washington, Dec. 29.—Using the McNamara case as an illustration of what might be expected again in this country if labor conditions are not improved, a delegation of social workers today urged President Taft to create a labor commission. Such a commission should have powers co-extensive with the interstate commerce commission, and should be authorized to hold testimony. It should investigate and make a preliminary report in six months of the condition of labor in the structural iron trade in the last six years and investigate rules and records of unions.

President Taft was greatly interested and promised to do all possible to create such a commission.

SIXTEEN PERSIANS HAVE BEEN EXECUTED
Tabriz, Persia, Jan. 3.—Eight Persians were hung yesterday by an order of the Russian court martial, and another eight were executed in the afternoon in connection with the recent attack on Russian troops.

A MODERN MIRACLE

He Had Eczema 25 Years and Doctors Said "No Cure."

Yet Zam-Buk Has Worked Complete Cure.

This is the experience of a man of high reputation, widely known in Montreal, and whose case can readily be investigated. Mr. T. M. Marsh, the gentleman referred to, lives at 191 Deloraine Avenue, Montreal, and has lived there for years. For twenty-five years he has had eczema on his hands and wrists. The disease first started in red blotches, which itched and when scratched became painful. Bad sores followed, which discharged, and the discharge spread the disease until his hands were a raw, painful mass of sores. This state of affairs continued for twenty-five years!

In the last four months Marsh tried to cure him, and each gave up the case as hopeless. Naturally, Mr. Marsh tried remedies of all kinds, but he, also, at last gave it up. For two years he had to wear gloves day and night so terrible was the pain and itching when the air got to the sores. Then came Zam-Buk! He tried it just as he tried hundreds of remedies before. But he soon found out that Zam-Buk was different. Within a few weeks there were distinct signs of benefit, and a little perseverance with this great herbal balm resulted in what he had given up all hope of—a complete cure! And the cure was no temporary one. It was permanent. He was cured nearly four years ago. In fact, the cure which Zam-Buk worked has been absolutely permanent.

From the day that I was cured to the present moment I have had no trace of eczema, and I feel sure it will never return.

If you suffer from any skin trouble, cut out this article, write across it the name of this paper, and mail it with five cents to pay return postage, to Zam-Buk Co., Toronto. We will send you by return a free trial box of Zam-Buk. All druggists and stores sell this famous remedy. 50c. box, or for \$1.25. Refuse harmful substitutes.

BOAT AFTER BOAT WAS LADEN WITH THE DEAD

Account of Terrible Carnage During Attack on Hanyang, China, Before the Armistice and Peace Conference Were Arranged.

Victoria, Dec. 23.—Stories of ghastly scenes connected with the revolution in China were brought by the missionary arrivals on the R.M.S. Empress of Japan.

Desperate fighting was taking place. The imperial greycoats had recaptured Hanyang, killing 3,000, and the rebels suffered heavily in the fight from Hanyang, 400 being driven into the river and drowned.

Many, who commandeered river craft, large and small, to escape to Wu Chang, suffered under severe fire from imperialists and their own gunners at Wu Chang, who could not distinguish between friend and foe, and the result was that the river was strewn with corpses and wreckage of boats, and after the conflict dead and wounded were carried into the settlement in a long stream, and hospitals were filled to overflowing.

The drift of the dead down the river was awful. Boat after boat, with decks thick with dead, with no one at the helm, went by the Bund. Launches went out and towed them in. A pinebox from H.M.S. Cadmus was busy all day doing this.

First came a boat with only dead, next was one with a few wounded, many dead, and one alive, and a baby who played among the bodies. The saddest sight was a Chinese war junk with the poop knocked to bits, the mast cut down, and the boat packed with dead, dying, wounded and a few unfortunates who had in the early morning unexpectedly found the greynois coming over the hill to their destruction. They spoke of treachery, but it is more likely that retreat was the cause of the fight. Camera and cinematograph operators were working while the ghastly crafts were towed in.

Through a hail of shells, machine guns and rifle bullets, the flotilla with its gruesome cargoes came down the river. Almost all the boats had been the lot of the occupants. All the while drifting corpses floated by. These were let go, while the rescuers went to the drifting boats. The pinebox of the Cadmus went alongside one, which had 15 or four revolutionaries clinging to the side. They had drifted down thus to use the boat as a shield from the fire.

NOTHING DONE AS YET TO SETTLE THE STRIKE

Both Weavers and Employers Appear Determined to Hold Out—The Operators are Unconvinced—The Strike as Agreeable Extension of Christmas Holiday.

Manchester, Eng., Dec. 29.—Nothing has been done so far by way of intervention to end the great cotton mill strike which has thrown 160,000 weavers out of work and placed on the verge of starvation.

Both sides appear determined not to yield and the situation remains unchanged.

Joe Hiley whose refusal to join the union caused the trouble, has been compelled to leave his home because of hostile demonstrations against him. The locked out operators are unconvinced over the strike and treat it as an agreeable extension of their Christmas holiday.

FARMERS IN CONFERENCE

Gathering of Representative Agriculturists from Western Provinces

Being Held in Regina.

Regina, Dec. 29.—Delegates representing the Grain Growers' Grain Company, the Saskatchewan Co-operative Elevator Company, and the grain growers' associations of Manitoba, Saskatchewan and Alberta, held a conference in Regina today, when the grain situation in its various phases was discussed.

The railways came in for some severe criticism at the hands of the delegates and a proposition was made that a similar agreement to that arranged a couple of years ago, be entered into with the railways and dealers on the other side of the line to handle the grain. Nothing definite was done at this morning's session. The conference is also dealing with the Saskatchewan elevator bill.

EXPECT BIG IMMIGRATION

Ottawa, Dec. 29.—According to the immigration returns for the past year the proportion of male to female immigrants has been nearly three to one while about one-fifth of the total arrivals have been children under sixteen years of age. Male adults arriving in Canada as new citizens during the last twelve months have numbered a little over 200,000 as compared with little under 100,000 female adults and about 50,000 children. The immigration department expects that 400,000 immigrants will settle in Canada during the coming year.

NEW FLAG FOR THE CANADIAN NAVY

Ottawa, Dec. 29.—The government has decided upon a flag for the Canadian navy and the description of the bunting will be published in the Ottawa Gazette tomorrow. The order is that "all ships of the royal Canadian navy shall fly at the stern a white ensign as the symbol of authority of the crown, and at the jackstaff, a distinctive flag of the Dominion of Canada, such distinctive flag being a blue ensign with the arms of the Dominion inset. A white pennant will be flown at the mast head."

Financial and Commercial Markets

EDMONTON CITY MARKETS

Edmonton, Jan. 2.—Notwithstanding the decline in wheat prices during the last few days flour is selling at the same present fixed figure by the millers two weeks ago. They contend that the present sagging market will be only temporary, and even if it continued for a greater length of time they anticipate the margin is so slight that it should not affect flour prices.

Large quantities of vegetables are still being shipped in from various points, indicating that the farmers in the Edmonton district can not begin to supply the local demand and that they have overlooked one of the best sources of revenue in agricultural pursuits to be found anywhere in the world. Vegetables of every description are bringing good prices and the demand is very keen.

KING APPROVES THE POST STAMP DESIGN

King George Canadian Stamps Will Be Issued at the First of the Year—Said To Be Of An Artistic Design.

Ottawa, Dec. 29.—The announcement was made today that early in January the postoffice department will issue the first installment of the King George postage stamps. The stamps will be placed on sale in Canadian postoffices. In the beginning it is expected that only more commonly used denominations of one and two cents will be ready for issue, but others may follow shortly.

The new stamps which in color and design will be the same as those of the current series, have for their central feature a portrait of His Majesty in the uniform of a general, wearing the sash of the order of the Bath and the star of the order of the Garter. The design is formed of two supporting branches of maple leaves. The design which fully symbolizes the empire and the dominion has received the approval of the king himself, so that the new stamps in addition to the departmental authority have the privilege of the royal sanction.

STAGE

Edson to Grande Prairie and Peace River District

Owing to condition of roads for the last few week stages were carrying no passengers, but as the roads have greatly improved the trip can now be made in good time and rigs are all comfortably heated.
