**NOTE OF THANKS.**—The relatives of the late Mrs. Richard Stowe hereby express their thanks to the officers and teachers of George Street Primary for their great kindness in providing a beautiful wreath to adorn the casket of the deceased; also, to the Secretary, Miss Tucker, for a note of sympathy.—adv.

**ORGANS.**—The famous Needham Organ—sold in tens of thousands of homes. Eight styles to select from. Call and see them. CHELSEY WOODS, Sole Agent for Nfld.—June 25

**FOR THE ASYLUM.**—Const. Thos. Lynch arrived here last night from Broad Cove, Southern Shore, in Goodridge's coaster, Terra Nova, with a man for the Lunatic Asylum. The vessel had to shelter at Fermanagh on Sunday night out of the gale, and the patient had to be carefully watched to prevent his doing himself injury.

**Dr. de Van's Female Pills** Are reliable French regulator for all ailments. These pills are exceedingly powerful in regulating the reproductive portion of the female system. Refuse all cheap imitations. Dr. de Van's are sold at 15 a box, or three for \$10. Mailed to any address. The Sobell Drug Co., St. Catharines, Ont.

**POLICE INVESTIGATING.**—The police are investigating the case of the boy of 15 who was found drunk on Saturday. It is not thought that the boy received the liquor in a saloon but was given it from a bottle on the street. Nevertheless who ever gave it to him if found will be severely punished.

## Klark-Urban Co. Cable News.

Last night the Klark Urban Company staged for a large audience "The Easterner." The play was produced successfully and the performers made a decided hit with the play. The story deals with the adventures of an "Easterner" in the west and depicts the murder of one Sam Johnson—a foreman at the works—who, shortly after his marriage is killed by a rival who was in love with his wife. The title role was ably sustained. Fred Schreiber, as Morley Crawford, a schemer, gave a clever impersonation; while Harden Klark, the Easterner, was inimitable; Marie Fontaine made an excellent housekeeper, and Billy Webb, as Lee Tang, the Chinaman, won well merited applause; Frank Field, as Sam Johnson; Dot Carroll, as Dora Johnson; Maudie Cecil, as Grace Morton; Etta Hunt, as Janet Robbins; Frank Urban, as Archer; as Pedro Sanchez, and Wm. H. Fendexter, as Bruce Morton or Roy Stewart, portrayed their parts realistically. The speciality acts merited much applause from the audience. Canton, the magician, did well in his magic tricks. Tonight "The Easterner" will be produced again.

**Makes the Hair Beautiful.**  
At last a remedy has been discovered that will positively destroy this pest Dandruff.  
That Dandruff is caused by germs is accepted by every sensible person. Dandruff is the root of all hair evils.  
SALVIA will kill the dandruff germs and improve Dandruff in ten days, or money back. 50c. a bottle.

**A Draw.**  
The second game in the second round of the Inter-Collegiate football series took place on St. George's Field yesterday afternoon. The contesting teams were the representatives of Bishop Field and Methodist College. The weather was ideal for football, and a fairly large gathering of spectators were present. The game was fast, exciting and closely contested. In the first half each team scored one goal but on reversing ends no scoring was done, and the match closed in a draw. Mr. W. J. Higgins refereed. Tomorrow afternoon the Methodists and St. Bon's will play.

**Electric Restorer for Men** Phosphono restores every nerve in the body to its proper tension; restores strength and vitality. Prevents decay and all sexual weakness. Sufferers at once. Phosphono will make you a new man. Price \$1 a box, or two for \$2. Mailed to any address. The Sobell Drug Co., St. Catharines, Ont.

Foster - Clark's Blanc Mange, 15c. tin.  
Superior quality Fresh Sausages, supplied daily, 18c. lb.  
Fresh Eggs.

C. P. Eagan, Duckworth St. and Queen's Rd

## Methodist Ministers Protest

**AGAINST SUNDAY PAPER.**  
At the St. John's Methodist Ministers' meeting held yesterday, the following resolution was moved by the Rev. F. R. Matthews, seconded by Rev. C. A. Whitmarsh and carried unanimously:—"That the Ministers' Meeting hereby places itself on record as deploring the constant encroachments being made in this city on the sanctity of the Lord's Day. In transgression of the solemnizing influence of Sunday train, excursions, motor touring, concerts, etc., is this latest innovation of the Sunday newspaper. We regard this new departure as a menace to the best interests of the community. The publication is wholly unnecessary, and as far as we have been able to discover, undesired. One regrettable feature is the moral danger to which the boys who do the Sunday selling are exposed. It is unfortunate that such cases in Newfoundland, as they have in Canada. We believe the time has come for the enactment and enforcement of such legislation, and urge all lovers of the Christian Sunday to use their influence in this direction. It is to be hoped, however, that in the meanwhile public sentiment will prove strong enough to put this Sunday newspaper out of business."  
Signed,  
J. A. ROGERS, Chairman.  
J. W. BARTLETT, Secretary.

## The Berry Industry.

At Old Perlican there are extensive barrens where partridge berries grow in profusion, and this fall women and children of the place collected 1,000 barrels in the aggregate, all of which were sent here and transhipped to the States. The people were paid 18 cents per gallon for picking them and daily they would pick from 15 to 18 gallons, so that they made good wages. By the barrel they were paid \$3.00 plus 80 cts. if the packages were furnished by the gatherers. It is estimated that \$4,000 or more was earned in the aggregate at the industry and many a family managed to buy a winter's provisions as a result of this work.

## Good and True

Safe and reliable—for regulating the bowels, stimulating the liver, toning the stomach—the world's most famous and most approved family remedy is  
**BEECHAM'S PILLS**  
Sold everywhere. In boxes, 25c.

## Snatched Victory From Defeat.

Capt. W. Winsor arrived here by the Fogoto yesterday. Capt. Winsor this year fished in the Straits until the 20th of July and hardly had a cod's tail on board when he determined to sail for Labrador. A succession of easterly winds kept him in the Straits until coming on for the last of August and the prospects of securing a voyage looked slim indeed as he did not reach St. John's before the 3rd of September. When he arrived he heard that Capt. S. R. Winsor who fished off Cape Harrison had 900 barrels sealed. Capt. Will, however, set to work with a vim which did him credit, put out his three traps and was home at Westleyville on the 23rd September with 800 qtls. having used all his salt. Capt. Sam Bob secured 1,050 barrels of cod for the summer.

## FINE NATIVE TIMBER.

The Prospero this trip there arrived 40 pieces of splendid timber from Henderson's mill at Jackson's Arm, White Bay. They were each 30 ft. long and 10 by 10 inches square. The timber is composed of white birch is equal to any that might be imported from Canada. This mill which is run by Turbinus gives employment to a large number of men and the owner hopes to cut 200,000 feet of this valuable wood the coming winter.

## FISH STILL PLENTIFUL.

At Bay de Verde when the weather is civil and the men can get over the ground they fish a very plentiful haul of squid or herring bait is used. Boats with two men on board take as high as 5 qts. each.

## Here and There.

**C. L. B. CHURCH PARADE.**—The C. L. B. Battalion, headed by their band will parade to the 3.30 service at St. Mary's Church on Sunday next.

**FOR C. L. B. FUNDS.**—Mrs. Rendell, wife of Lieut.-Col. Rendell, of the C. L. B., will hold afternoon teas at Canon Wood Hall to-morrow afternoon in aid of the C. L. B.

## THE BANKERS

In town know more about the financial pulse of individuals than any one else. They will tell you that the man that watches his dollars is the one that's on top. The ovicost we offer for \$20 is a money-saver for the wearer, it means \$5 in your pocket, and the garment is up-to-date in every particular—goods, workmanship and trimming. SIF FREREL, 355 Water St. next door to Parker & Monroe's.—Oct 15, 16

**AT CAPE ST. MARY'S.**—Cod is reported to be very plentiful up-to-date at Cape St. Mary's but bad weather and scarcity of bait prevent much being taken. The fishermen of the western side of Placentia Bay are still fishing with opportunity offers at the Cape and will continue at it until the end of October. If there is a period of fine weather good catches will be secured.

## FINE COLOURED PHOTOS.

The Reid Nfld. Co. a few days ago received from New York, a series of beautiful coloured photographs of local scenery, taken along the Turpin and other branch lines and also on the West Coast. The size of most of them is 12 by 14 inches, they are handsomely framed in gilt and the work is from the camera of Miss Levis, who was on a visit here the past summer. She is a skillful photographer.

## WHALING NEWS.

The whaler Cabot, operating at Snook's Arm, captured three large whales last week. When the Prospero was passing Cape Charles on her last trip the whaler Hawk reported that she had only six fish ashore. So far she has not done as well as she did at Cape Broyle the early part of the season. No news of the Cachelot's movements at Hawke's Harbor, Labrador, has been learned since the Solway was here last.

## Timely Sermon.

At the first Mass in the R. C. Cathedral, Sunday, Rev. D. O'Callaghan, who was the Celebrant, preached a sermon in which he dwelt on the Intemperance classes. He referred to the recent attack made on the police in the West End and the attitude of on-lookers towards them which was not favourable to the officers. This is a spirit which the rev. gentleman held should not prevail as every good citizen should always be found on the side of law and order.

## Bankers Report.

Reports from the bankers fishing on the Labrador Coast received within the past couple of days show that they are doing poorly. About a week ago there were nearly 50 sail fishing off Domino and they have not near as much fish as 12 or 14 sail had last year. Several bankers also fishing at American-Tickle are even doing worse than those at Domino.

## Here and There.

**SCHOONERS ARRIVE.**—Yesterday afternoon a fleet of schooners arrived here from the westward, all fish laden.

**STEAMER OVERDUE.**—The S. S. Odland, which is chartered by A. Harvey & Company to bring a cargo of coal to this port, is overdue. She left Philadelphia ten days ago and must have met with stormy weather.

**MORE DIPHTHERIA.**—Yesterday another case of diphtheria developed at Cabot Street, the patient, a little girl aged 6, was removed to Hospital where there are now four patients. There are no new cases at Torbay.

**"BELL" AND "BON."**—The S. S. Bellaventure, Capt. Randall, is now at Sydney loading coal for here. The S. S. Bonaventure will be leaving Boston to-morrow. Both steamers are returning from the southern fruit trade and are due the latter part of the week.

**LAST NIGHT'S "AT HOME."**—The Knights of Columbus continued their celebration of the landing of Columbus at San Salvador last night by a grand "At Home." Over seventy members and their lady friends were present. The music for the dance was excellently furnished by the C. C. C. Band.

**Your Brain Is a Battery**  
Its thoughts are the sparks that sets Success in motion.

The simplest form of battery requires three factors to make the electric spark—(zinc, copper and an acid).  
The human brain also requires three vital elements to put forth thought—water, albumen and Phosphate of Potash.

In the Brain as in the Battery, let a single element become weakened from yesterday's use and lessened activity follows. Therefore, in order to keep a good working brain or add to its power, one absolutely must use food which contains albumen and Phosphate of Potash.

**Why not do a bit of thinking now?**  
Water and albumen exist plentifully in every-day food, but Phosphate of Potash is often lacking.

That missing element exists freely in the outer coating of wheat and barley, but the miller of white bread flour throws it out because it makes his flour brown instead of white.

**Grape-Nuts FOOD**  
Made of choice wheat and malted barley, retains the rich brain-building Phosphate of Potash required by Nature for supporting bright brains and active minds.  
Pure! Wholesome! Appetizing! This food is partly pre-digested and quickly absorbed. A morning dish with cream provides force for accomplishment that many a man has come to know and appreciate.

Common Sense goes a long way toward making Success.  
To eat right often means to be right.
