A Word of Warning!

To the Outlying Settlements of St. John's East.
 Electors of Ponch Cove, Torbay and other outlying settlements, don't be led astray by the Tories. They are bluffing you and trying to give you the impression that St. John's proper is with them. They do this by bringing all the force they can muster down with them to attend their meetings in all the settlements. This is done to make you believe that all St. John's is with them. They are down and out in St. John's, and they know it, and Higgins claims that he can gull you in the outport settlements every time, and if he succeeds you will be on the losing side. Vote the straight ticket and show Higgins that you are not "too green to burn," and can't be bluffed by fake messages etc. St. John's East is LIBERAL, and the next Government will be LIBERAL. Therefore be on the winning side and vote straight for Kent, DWYER and Ryan.

Fudge Will Have Large Majority.

 Capt. Fudge arrived at Belleoram yesterday after a successful canvass of the western part of the District. He will secure a large majority of the votes in that section. The eastern part of the District will go not less than two-thirds in his favor. Morris's day is done in Fortune Bay.

MINARD'S LINIMENT CURES DAN-DEUFF.

Queer Doings.

We pay our stateemen princely sums and hand them all the lucious plums, and boost and love them; and when at last they come to die, we pile t h e i r granite shafts sky high, and weep above them. And when they're dead two years or one, and some one asks what they had done that really counted, we have to wrench our thought works loose if we'd recall to what the deuce their deeds amounted. We brag a lot about our schools, where knowledge lies around in pools, in heaps and slathers; and to the pedagogues we pay as much a year as in a day the statesman gathers. We hand the teachers charming words; we tell them they are peaches, birds, and honeycoolers; we give them kindly, cordial looks, when they are tired of sates and books and kids and rulers. We split our nickels when we pay them for the work that makes them gray while in their thirties; the way we treat the folks who train this boastful nation's heart and brain our record direct. And when the teacher dies, some day, from having lived too long on hay and river water, we do not loosen up a cent to buy a fitting monument, as we had ought ter.

 "Cured Eczema Like Magic"
 Suffered for Years—Tried All Kinds of Treatment—Surprised at Results From Dr. Chase's Ointment.
 You can soon tell when people are enthusiastic about medical treatment by the language they use. After experimenting with all sorts of ointments in a vain effort to obtain relief and cure, the writer of this letter was astonished at the quick and satisfactory results obtained by the use of Dr. Chase's Ointment.
 "It worked like magic," she writes. "Indeed, it is surprising the healing that is often effected in a single night by this great ointment. The stinging and itching are relieved at once, and cure is only a matter of time and patient treatment."
 Mrs. Clements, 13 Strange street, Toronto, Ont., writes: "I have suffered from eczema for years, and after using all kinds of ointments, at last tried Dr. Chase's Ointment. It worked like magic and proved a God-send to me. I would advise anyone suffering from eczema to try one box and be convinced." 60 cents a box and be convinced." 60 cents a box and be convinced."
