The Possibilities of Our Marine Grass.

"The oddity in the form of eel grass," to which reference was made in the Broadsheet issued by the Management of the Empire Exhibition, and which was further commented upon by the Daily News and The Mail yesterday, was not forwarded as a floral exhibit, but to attract attention as an article of commercial value. Apparently the gentleman who suggested that a shipment of goose grass or eel grass should be one of our exhibits at Wembley showed commendable foresight, and as a proof of his conviction in the value of this product it is worth recalling that he was instrumental in having a supply included in the Newfoundland Exhibit at the Crystal Palace in 1911. The gentleman referred to is the late Minister of Agriculture and Mines, Mr. J. F. Downey.

Goose grass is not, as one of our contemporaries stated, a product found in our inland waters, but grows in profusion around many parts of our coasts, particularly in such places as Sandy Point, Dildo, and Clarke's Beach. In the former, immense beds miles in extent cover the bottom of the harbour, and at low tide they resemble grassy fields beaten down by the wind.

The process of preparing and drying it for market is simple and inexpensive, and it is estimated that three men are able to cure about five tons a day. The grass which should be collected during the first two weeks in August, as it ripens about the middle of the month, and is torn from the bottom by the first storm after that date. It must be washed thoroughly in fresh water and afterwards spread out to dry. A few hours in the sun will cure it for market, but care must be taken not to expose it to rain afterwards, or it will turn a dark colour. The quality which fetches the highest price is of a bottle green colour, and the darker the colour the lower is the grade.

The prices quoted for this article vary from £7 to £27 in the London market, and the value of this industry if properly developed can readily be appreciated. The grass grows in profusion, requires no cultivation or attention of any kind, and does not necessitate the employment of a large number of men. The only machinery needed is a haypress, but as it is less fibrous than hay it should be more carefully bound with wire than is necessary when making the latter into bales.

One of the peculiar qualities of this marine grass is that it is vermin proof, and for that reason it is greatly in demand by manufacturers of cheap mattresses such as are used in emigrant ships or the poorer boarding houses. It is also used extensively in the cheaper upholstery, and it is well known that local manufacturers of the above articles purchase a considerable quantity of the grass from the people in Conception Bay.

The immense possibilities which this industry presents demand that it should be put to the test, and we suggest that

the Government undertake the starting under capable supervision of about twenty tons and shipping it to Wembley. This would have to be done immediately. The very fact that the Broadsheet has considered the small quantity on exhibition of sufficient importance to refer to it justifies our carrying out such an experiment.

In 1911 very high offers were made in London for a supply of this grass, but either because those who were approached were sceptical, or because they were too closely interested in other industries, no steps were taken to forward a shipment.

We trust that the opportunity which offers to develop a new industry will not be passed over, for even if it proved to be an unsuccessful venture, the cost to the country would be very little. When we recall that the valuable deposits of limestone at Aquathuna were considered until recently just rocks, and that the only use made of the wonderful iron deposits at Bell Island was to ballast ships, we should not hesitate to make a thorough investigation into the possibilities of establishing a new industry.

Serious Accident to East Bound Express

TWO MEN KILLED.

At the moment of going to press we have received the following report from the Railway Management of an accident to the East Bound Express, which resulted in the death of two of the train hands:—

No. 2 Express, in charge of Conductor Nebucett, which left Port au Basque at 9 a.m. to-day, got engine, two baggage cars, and 2nd class car off track about one mile west of Cape Ray. Engine and tender turned over on side, other cars upright.

Fireman R. Penney and Mail Clerk Perchard were killed, and Engineer Lawlor severely wounded.

Mail Clerk William Perchard appears to have been riding in the engine at the time.

Full investigation as to the cause of derailment is being made.

To-morrow—One hundred doz. Green Cabbage, W. E. BEARNS' 2 Stores, Hay Market and Military Road. Phone 379 and 971.—July 23, 11

Spend an enjoyable evening at the Kilbride Garden Party this afternoon—Exciting Pony Race—Three Mile Road Race—Junior Football Five, and lots of other attractions.—July 23, 11

Owing to illness at 101 Gower Street, Mrs. Shannon T. Clift will not be "At Home" on July 24th and 25th.—July 23, 11

PEPS BEHIND THE SCENES.

July 22.—Up betimes, and the weather grown cold, with a great fog, which chills me to the marrow almost. But Lord, the silliness of women, since my wife would have me wear a chest protector that she made for me, that I might not be taken with a chill which is, says she, most likely at my time of life in such weather.

The House this afternoon on Supply, and among other things, the Fortune Day service discussed, and is definitely decided by the Cabal to take the West off the route, in the interests of economy. A list of payments on the Labrador Boundary established, and this we with every think that some men are so fortunate as to receive commissions such as this, where I must slave to buy clothes for my wife.

Mr. McKay tells me this day that many boots at his Industrial Fair are now taken and will have all the space filled soon. Indeed, he takes the greatest pleasure in organizing the Fair, and like to meet with huge success.

Home all the evening, being mighty cold, and to read a while in a detective book, and did he but know, would be the greatest regret of my great ancestor that it was not his good fortune to have such tales in the days of the second Charles.

Knocked Down by Motor Car

A boy named George Cooper who lives on Monroe Street was hit by motor car No. 5649 as he was coming from St. George's Field after the football match last evening. The car which was driven by Mr. Pierce White was proceeding up Parade Street when the accident occurred. Cooper was knocked to the ground and appeared to be much injured. He was picked up by Mr. R. Power placed on board the car and rushed to hospital. An examination was made by Dr. Gaynor who pronounced the lads injuries as not serious. Mr. White reported the matter to the police. He will be discharged from hospital this morning.

Wedding Bells

FLYNN—GUSHUE.

A very pretty wedding was solemnized at St. Thomas's Church, Brooklyn, New York, on June 25th, at 7.30 p.m., by the Rev. Fr. MacOroy, when Miss Molly Flynn was united in the holy bonds of matrimony to Mr. Wm. Gushue, both of this city. The bride was given away by her brother Mr. Thomas Flynn, and looked very pretty in her dress of delicate blue crepe, rose buds and satin ribbon; a tawn hat of georgette and old lace, and carried a bouquet of orange blossoms. Miss Stella Ryan, also of this city, who wore a dress of peach colour and hat to match. Mr. James Connolly, also of this city, acted as best man. The groom's present to the bride was a cheque, to the bride, maid and best man a gold piece. After the ceremony the happy couple motored to Conny Island and through Central Park to the home of the bride's brother where a very enjoyable supper was partaken of, after which a musical programme was rendered by many of the guests, which lasted until the small hours of the morning. The bride and groom were the recipients of very many costly presents. We wish them many years of wedded bliss.—Com.

About Printing and Developing

The Kodak Store's Printing and Developing service is in a class by itself. The pioneer of the amateur developing business, it has a skill and efficiency in handling film in large quantities only achieved by long and steady experience at that particular class of photography.

The Kodak Store's developing room is specially equipped for the efficient treatment of films, which are handled only by experts to whom developing, through constant effort, has become second nature.

To be sure of the most careful development of your negatives, and the very best printing results obtainable from them, plus a special 24-hour service (films developed, printed and ready for delivery in that time). Come to the Kodak Store.

Shipping

S.S. Falkland arrived in port from Montreal at 11 o'clock last night. S.S. Bala arrived in port from Montreal at 2 o'clock yesterday afternoon.

S.S. Silvia left Halifax at noon yesterday for this port. The ship is due to-morrow.

S.S. Sachem is now en route to Liverpool from this port. S.S. Canadian Paper is now en route to this port from Montreal via Charlotte Harbor.

WILLIAMS' LIVERY FOR HIRE. A.C.H.

In the Realms of Sport

C. OF E. GARDEN PARTY TO-DAY.

The annual Garden Party in aid of the C. of E. Orphanage, takes place this afternoon at the Orphanage grounds. Last night a large number of willing workers were on the grounds and the tents, tables, and stalls for the various shows were all erected. The C.E.B.C. are in charge of the sports programme, which promises to be very interesting, competitive as it does all the popular track events. The football will also be interesting. The matches have been arranged as follows:—(a) B.L.S. vs. Cadets; (b) Star vs. C.E.I. The Mount Cashel and C.E.B. bands will be in attendance. The various stalls will be well supplied and the most delicious teas will be served. As the Orphanage is badly in need of funds, it is hoped there will be a large attendance, especially in view of today's glorious weather.

NO FOOTBALL TO-NIGHT.

Owing to the Church of England Garden Party taking place there will be no Junior League Football game on St. George's Field to-night. The teams will, however, take part in the Football Relay Race at this garden party and will play a series of five at Kilbride.

KILBRIDE GARDEN PARTY THIS AFTERNOON.

Extensive preparations have been made to accommodate the large gathering who will assemble at Kilbride this afternoon to take part in the annual Garden Party. Arrangements have been made for a special train to leave the Railway Depot at 3 o'clock, and no doubt many of the patrons will avail of this special opportunity. The pony race, three mile road race, and football fires by the Junior League are the special attractions, while the usual side shows will be in evidence, all of which will complete a very interesting programme. The C.C.C. Band will furnish the musical airs in their own good style. Delicious teas and refreshments will be served by ladies of the Parish. The day being fine, the success of the Garden Party is already assured.

LAST NIGHT'S FOOTBALL.

Guards Win Four Straight Games. The football contest staged at St.

To-Night's Dance

The big attraction to-night will be the popular dance to be held in the C.C.C. Hall commencing at 9 o'clock, the proceeds of which go to the Church of England Orphanage. A full dance programme comprising all the latest dance hits has been prepared by the C.E.B. Band and the programme is one that will suit everybody.

During the interval (about eleven o'clock) songs will be rendered by Miss Cassels whose charming voice will delight all present. Mr. Arthur Williams who has not been heard in public for over a year and the ever popular, Mr. Karl Trappell, Professor F. J. King will be the accompanist.

Refreshments consisting of sandwiches, cakes, iced aerated drinks, and ice cream will be on sale all evening and a special room has been reserved for those desiring to play "Bridge" or "Forty-fives." It is anticipated that there will be a big attendance and patrons are again reminded that they may wear "what ever they find the most comfortable to dance in on a warm night." The dance is being championed by Mrs. Allan Fraser and Mrs. W. J. Edgar.

Be with the crowd at the Kilbride Garden Party this afternoon—while the C. C. C. Band discourses catchy music. The Kilbride Ladies will supply delicious Teas and Refreshments. July 23, 11

Off to Camp To-morrow

The C.E.B.C. 115 strong, will leave the Armoury at nine o'clock to-morrow morning, en route to their camping ground at Topenell. The final arrangements were made last night and both officers and lads are eagerly looking forward to a good time. The Commandant is Capt. G. House, Capt. Harold Hayward undertakes the responsible duties of Adjutant, and Lt. Moty will again attend to the Quartermasters Department, a job upon which depends to a very great extent the success of the event. The cook house and canteen are included in his management. In his capable hands however, there is no reason to fear that the camp will have to put up with short rations of skilly or that the singer pop will run out.

REGATTA WANTS.—With a select variety of goods to choose from, we feel satisfied to be able to please prospective purchasers. On hand, boots, shoes (all sizes), ladies', gent's and misses' apparel. Get some of the bargains while they last. DOMINION SECOND HAND STORE, 4 Chapel Street.—July 23, 11

George's Field last night between the Star and Guards drew only a small attendance of fans and spectators, but to those who had the pleasure of being present received good value for their money, because the game resolved itself into a closely contested battle for the points. The Guards, likely championship winners, were forced to battle every inch of the way, and won out by a score of two goals to their opponents none. Shortly after the game opened up the ball became very wet and greasy, due to a heavy quarter. Joyce was given a very busy time. The old Star rush on goal was very much in evidence, and on three occasions the goalie just barely saved. The only goal recorded in this half was by Dicky Quick, for the Guards, after seven minutes of play. From then on the play was transferred from end to end. The Guards, having a slight advantage, lost many good opportunities to score through very erratic shooting.

2nd Period.

Upon changing over the Guards pressed matters and secured a corner. The ball was nicely placed and from a scrimmage in front of the net Macklin quickly sent the leather home scoring No. 2, three minutes from the commencement of play. The Star boys quite undaunted, played even harder, and confined the ball almost at will to their opponent's territory, but through weakness on shooting several excellent chances were lost. As the game progressed, with Charlie Quick and Macklin leading in the attack, many good attempts were made to increase the score; but the pink and white shirts marked their man down to a nicety and no further scoring resulted. The Star goalie was called upon to save several hot shots towards the close, for which he received full appreciation from the fans. The game on the whole was very good and was devoid of anything bordering on rough play. The Star were turned in a great game, and it is hoped they will have better luck in the future. Referee, F. C. Brien.

To-Morrow's Band Concert

AT BANNERMAN PARK.

To-morrow Thursday, the Mount Cashel Boys' Band will give their weekly Band Concert at Bannerman Park at 4.15. A special programme of all new music just received from New York will be rendered on this occasion by the full band. They will play all new marches, waltzes, fox trots, selections, etc. At the concert to-morrow night a number of young ladies have kindly volunteered to assist at the gates, and it is hoped the public will support the young organization by contributing something as they pass through, thereby in a small way help to maintain and support this band.

CARPENTER TO MAKE ANOTHER BID FOR THE CHAMPIONSHIP.

NEW YORK, July 22.—Georges Carpentier, French heavyweight, will make one last endeavour to re-establish himself as light-heavyweight of the top ranks when he steps into the ring against Gene Tunney, the United States light heavyweight champion at the Polo Grounds, on Thursday night. Carpentier will enter the ring with Tunney as a 2 to 2 favorite, but those who have seen the French brawler getting in trim at Great Neck, L.I., are of opinion that the Carpenter who meets Tunney will be a vastly improved fighter from the one who dropped for the count at Boyles' Thirty Acres in 1921.

Remember that professional people need less starches, fats and sweets than laborers.

FACE AFFECTED WITH ECZEMA

Also Behind Ears and On Limbs. Cuticura Heals.

"I was afflicted with eczema which broke out in a rash. I had it on my face, behind my ears and on my limbs. My skin was sore and red and my clothing aggravated it. It itched and burned and I could not sleep at night. My face was disfigured. I finally used an advertisement for Cuticura Soap and Ointment and sent for a few samples. I got relief so purchased more, and after using Cuticura Ointment, with the Cuticura Soap, I was healed." (Signed) Helen A. B. C. Dept. 269 Taylor St. N. B. Minneapolis, Minn. Use Cuticura for all toilet purposes. Send for free book, "Cuticura Cures." Write to: Cuticura, Dept. 269 Taylor St. N. B. Minneapolis, Minn.
