

Local News.

HORSES WANTED.—A horse-buyer from the United States will be in town to-day, Thursday, for the purpose of purchasing good serviceable horses that weigh about 1100 lbs. Good prices are offered.

NOW IS YOUR TIME.—If you want a good sewing machine, melodeon, organ, or piano, apply to S. Frederick, agent, Glencoe.

A Concert and Readings will be given in the Union Hall, Melbourne, on the evening of Tuesday, April 15. Independent of the treat that may be expected, the object being to benefit Mr. Trowhill, who was burnt recently, should secure a good attendance.

TINSMITH WANTED.—We are sorry to notice that Mr. Roseburgh who has carried on the business of tinsmith here for a period of nearly three years, has seen fit to leave us. His removal has, however, left a good opening for another, and it is to be hoped that the town will not be long unaccommodated in this line of business.

NEW GROCERY STORE.—We notice that Mr. A. McKellar, well-known in the neighborhood of Glencoe, is about to open a new grocery store, opposite to the Transcript office.

The buildings for the Ekfrid Cheese factory are nearly complete, and are expected to be finished by the 15th instant, the contract time. The last instalment, being one-half of the share money, is now collecting. The factory is to be in full operation on the first of May next.

NEW FIRM.—Messrs. Lawrence & Morehouse, late of Newbury, are about opening a new Dry Goods Store, at the stand formerly occupied by Mr. Drummond, on the south side of Main street.

THEY CAN'T AGREE.—The new school section lately formed west of Glencoe is in trouble. The trustees and the residents cannot agree about the site of the new school-house. Some fine points in the law and the circumstances of the case prevent the arbitrators from coming to a decision. Mr. Glashan, the Inspector, comes to the rescue on Monday, and will, doubtless, set the antagonistic features of the case in harmony.

The incessant rains, together with the melted snow and ice, have raised the water in the Thames some three feet higher than it has been within the recollection of the oldest settlers.

Capt. Symes has just received a large stock of new Wall Papers, at his Book and Stationery Store, Glencoe. Call soon and get your pick. Additions of the latest style have been made to his stock of jewellery.

E. J. OATES, New Arcade, London, Ont., has just received a fresh supply of Sunday School Libraries and Books suitable for Sunday Schools, which he will supply at the lowest possible rates. Also, a Large Assortment of second hand Sunday-school libraries and books of every description, which will be disposed of cheaper than the cheapest.

IRON IN THE BLOOD.—When the blood is well supplied with its iron element, we feel vigorous and full of animation. It is an insufficiency of this vital element that makes us feel weak and low-spirited; in such cases, the *Persian Syrup* (a protoxide of iron) call supply this deficiency, and its use will invigorate us wonderfully.

PAY-UP.—Those indebted to the Transcript by subscription or otherwise for last year, are respectfully requested to pay-up. All arrears must be paid up, as our local advertisement specially states that no paper will be discontinued until arrears are paid-up. Also, yearly subscriptions remaining unpaid over six months, will be charged \$1.50 invariably. All postmasters where the paper is sent, are authorised to collect and forward subscription money.

Ekfrid Mills.
THE Subscribers, in returning thanks to their numerous customers for the very liberal patronage received since commencing business, beg to inform the public that, having the facilities for doing FIRST-CLASS WORK in the different departments of the establishment, and having secured the services of careful and competent workmen, they hope to merit a still greater support, than the very liberal one which they are now receiving, and at all times be able to accommodate their customers. Particular attention paid to the Gristing Department.
FLOUR and FEED kept constantly on hand, and sold wholesale and retail.
Wanted, 30,000 feet First-Class Oak, Rock Elm, and Hickory
In the LOG, at the Mill, for which the Highest Price will be paid.
G. J. & J. B. COULTHARD.
Ekfrid, 12th Feb. 1873. 6y

TO FARMERS

And Owners of
PRIVATE RESIDENCES.
INSURE YOUR PROPERTY
IN THE
Agricultural
INSURANCE COMPANY,
HEAD OFFICE FOR THE DOMINION,—AT
KINGSTON.

It is a Stock Company that insures at about ONE-HALF THE RATES of Stock Companies that insure all kinds of hazardous property. It is confined by its Charter to FARM PROPERTY and Private Residences, and is SAFE BEYOND ALL CHANCE. It is not subject to sweeping fires. Its advantages are clearly demonstrated by the late disastrous fires, proving that no Company doing general insurance with large amounts insured in cities and towns however prosperous to-day, knows what its fate may be on the morrow. While many large Companies were ruined and others crippled, the Agricultural continues smoothly on her even course, unaffected by these sad disasters. The financial condition of the Agricultural, and the character of its risks considered, second to that of no other fire insurance Company in the United States or in the Dominion.

It has, by its vigorous, energetic, and active prosecution of business; its fair and honorable course of dealing; and equitable adjustment of losses, and its large surplus—greatly in excess of any Company doing the same class of business—gained the confidence of every community where it has been introduced, and has been enabled to multiply its risks, and extend its boundaries.

The book Value of its Stock as estimated by the Superintendent of the Insurance Department is \$576.42 for every \$100 of stock, largely in excess of that of any other Company, and is conclusive evidence of the perfect security afforded by this Company to those seeking insurance. We present the matter thus fully for your candid consideration. Weigh it well in your own minds before acting and we believe you will conclude that it is wiser and cheaper to patronize a company thus thoroughly established, than those which are surrounded by doubt and uncertainty.

Parties wishing their buildings insured would do well to call on
C. B. SLATER, Glencoe,
Or
F. W. FRANK, Strathroy,
Agents.

Good, reliable AGENTS WANTED to canvass townships that are not canvassed. A good commission will be paid. For further particulars, apply to
O. C. JARVIS,
Agent for the Counties of Elgin and Middlesex, and part of Huron,
OFFICE—CORNER of
Elgin and Talbot streets, St. Thomas.
