Waddell has received checks for Mrs. Helga Schwegat, wife of the late Eagene Schwegat, the young German who took his life in a fit of despondency caused by illness in the remainder for funeral benefits. The widow is an Icolandie woman without friends in this country, and the payment from the I. O. F. will be of very material assistance to her.—[Winnipeg Free Press.]

The annual sermon of Court Lambeth, 143, I. O. E., will be preached in the Meshodist Church on June 14, at 10:30, by Rev. Bro. Meyers, of Mount Brydges.

Parkhill Court, I. O. F., will have a grand concert on June 17. James Fax, Canada's comic singer, will take a leading part in the programme. Miss Marrin, of Parkhill, and Miss Murray, of London, are also expected to take part. J. A. McGillivray, Q.C., of Toronto, supreme secretary of the order, will be present and deliver an address.

INDUSTRIAL EROTHERHOOD.

The new Industrial Brotherhood of America bids fair to occupy a prominent position among the reform organizations of the country, and that in a very short time. It is without doubt the most liberal and advanced organization of its kind ever instituted. Its machinery is simple but effective, and the greatest care is exercised in admitting members to its ranks. Its great aim is to combine the mechanic, laborer, farmer and professional man in one great brotherhood. It will discuss economic and social questions. It realizes that raising the rate of wages and reducing the hours of Jabor, while good in themselves, can never solve the social question. To accomplish the objects aimed at man must attack the social evil at its root, and legislation alone can remedy it, and it is by the use of the bailet in the hands of an enlightened electorate that bad laws and corrupt measures and parties can be overthrown. The order will endeavor to make independent men and teach the producers to organize in their own behalf. It calis for the Government to issue all money, to abolish monopoly in the land, and makes the claim in their own behalf. It calls for the Government to issue all money, to abolish monopoly in the land, and makes the claim that every individual in the world is entitled to every right and privilege enjoyed by any other individual, regardless of sex, race, creed or condition. It comes cut fair and square in regard to the reforms demanded in the interest of women. It claims on rights for men that it is not ready to extend the manner of the condition of the condit in far only days in an early accounts to the count it seems to the fact this inflated in Queen's Loder's with a management of the back of the control in the held in London on June 30 and July 1 line and man a charter service to the held in London on June 30 and July 1 line and man a charter service to the held in London on June 30 and July 1 line and man a charter service to the held in London on June 30 and July 1 line and man a charter service to the held in London on June 30 and July 1 line and man a charter service to the held in London on June 30 and July 1 line and the control in London on June 30 and July 1 line and the process of the control in London in London on June 30 and July 1 line and the process of the control in London on June 30 and July 1 line and the process of the control in London on June 30 and July 1 line and July 1 line and July 1 line and London on June 30 and July 1 line and London on June 30 and July 1 line and London on June 30 and July 1 line and London on June 30 and July 1 line and London on June 30 and July 1 line and London on June 30 and July 1 line and London on June 30 and July 1 line and London on June 30 and July 1 line and London on June 30 and July 1 line and London on July 2 line and London line and London line and London line and London line and manded in the interest of women. different medicines for all the different diseases. The theory is entirely different from that of the old schools. The medicines are perfectly pure, containing nothing of a poison ous nature whatever, and are quite tasteless. For three years these medicines have been given away free and thoroughly tested in the most hopeless cases before being placed on the market. The result has exceeded the most sanguine expectations. Hundreds of cases supposed to be incurable have been cured, and abundance of proof can be produced to convince the most skeptical that Histogenetic Medicines have a later stage than any other system of medicine in the world. In ACUTE cases the medicines act like magic. Chronic troubles require a longer time, generally from one to three months, according to the nature of the complaint. In FFMALE IRREGULARITIES, WOMB TROUBLES, etc., the medicines have been especially successful. Private EXAMINATIONS in these troubles are almost, in of quite, absolutely unnecessary. Call or send for one of our free books explaining the system. They should be in every house in the land.

RHEUMATISM and SCIATICA

London, April 26, 1891.

I am happy to acknowledge, and now teetify, to the efficacy of your medicines in curing Rheumatism. I have suffered with this painful disease in my shoulders, knees and hips for twenty-five years, also with sciatica for some time. I decided to try Histogenetic Medicines as a last resort, as nothing ever seemed to give me any pormanent relief. The first week's medicine gave me relief, and in two weeks the sciatics disappeared and has not returned. I took the medicines for six weeks, and am curred of the rheumatism. I feel better in every way. I am sixty years of age, and feel quite smart and active. I can cheerfully recommend these medicines to the public, and will be gliad to tell any sufferer about my case. It is now nearly two months since I ceased taking the medicines, and the effect is permanent.
