## THOUSANDS of men are prisoners of disease as securely as though they were confined behind the bars. Many have forged their own chains by the vices of early youth, exposure to contagious disease, or the excesses of manhood. They feel they are not the men they ought to be or used to be. The vim, vigor, and vitality of manhood are lacking. Are you nervous and despondent? tired in the morning? have you to force yourself through the day's work? have you little ambition and energy? are you irritable and excitable? eyes gunken, depressed and haggard looking? memory poor and brain fagged? have you weak back with dreams and losses at night? deposit in urine? weak sexually?—you have Nervous Debility and Seminal Weakness. #### COLDS THAT WILL NEVER BE CURED

Are Being Contracted Every Dayis a niece. The late Squire Frederick The Treatment Prescribed by an Strangways, of Beeton, Simcoe county, Eminent Medical Author and Physician-Timely Action the All erick Strangways, of Tottenham, and John Chalmers and Mitchell Cumming, Important Point in Treating Colds "Colds that will never be cured." A

startling sentence, but you know it to be true. Scarcely a day passes but some death from consumption, pneumonia or similar ailment emphasizes the truth of this statement. It is well to remember that a newly-contracted cold can, in almost every case, be cured. It is the neglected cold that leads to death—the cold that runs on and on—the cold that is added to by fresh colds from time to time. But what treatment is to be chosen from the great number of remedies that are recommended? You can use common-sense in buying medicine, just as you can in the purchase of a piano a bicycle or a sewing machine. Find out what treatment has the best re-cord in the past, apply the test of time, and get the opinion of people who know from experience.

for coughs, colds and similar ailments, you will select Dr. Chase's Syrup of Linseed and Turpentine, because of the extraordinary merits which it possesses and which have become linear the service. sesses, and which have become known to the public generally through years of trial. The sales of this remedy are far in excess of any similar preparation, and have never been so large as during the present season. These two facts are, we believe, the strongest evidence that can be produced in verifying the merits of any remedy that has been thoroughly tested for years. Dr. Chase's Syrup of Linseed and Turpentine is prized especially because of its far-reaching effects, even in the most serious cases of whooping cough, croup and asthma. It is not a mere relief for coughs, but acts on the whole system thoroughly curing the cold and removing the chest pains, soreness of the lungs and bron-

chial tubes, and all inflammation of the respiratory organs.

Just a word of warning. There are other preparations of turpentine and linseed put up in imitation of Dr. Chase's Syrup of Linseed and Turpentine. To be sure you are getting the genuine, see portrait and signature of Dr. A. W. Chase on the wrapper. Twenty-five cents a bottle; family size, three times as much, 60 cents.
