WOODS' FAIR**J. M. THOMSON****DEATH SUMMONS**
REV. JAS. DYER

A Veteran Methodist Clergyman Well Known Here Passes Away.

Toronto, July 21.—A veteran minister of the Methodist Church, Rev. James E. Dyer, of 555 Markham street, died at 7 o'clock this morning at Grimsby Park, as the result of a paralytic stroke sustained over a week ago, it being the fifth stroke he had suffered.

On July 2, while in feeble health, Mr. Dyer was taken to a nursing home, where he remained until the 10th, when he was brought home. He was 79 years of age, and had been a member of the church for 50 years. He was a native of New York, and had been a minister of the church for 30 years.

In May last Mr. Dyer went to his home at Grimsby Park, in the hope that he might grow stronger, and for a time seemed to improve, but a few days ago, when he was fatally stricken. At that time his condition was considered so critical that his relatives were summoned, and were with him when he died.

Rev. Mr. Dyer joined the Wesleyan Methodist Church in 1854, being stationed at that time at Guelph, when he was removed the following year to Gray, then to Wallace and Peel, remaining in each place for a year. From 1858 to 1860 he was at Erin, going from 1861 to 1862 at Wellesley, going from there to Georgetown, where he remained till 1865. He was next stationed at London, South, where he stayed for three years, and in 1869 was sent to Westminster for three years. From 1872 to 1874 he was at Lucan, and from 1875 to 1877 at Belmont, from which place he went to Drayton, where he was in charge of the parish from 1879 to 1880, going from there to Oakville for three years. In 1884 he went to Ancaster for three years, and in 1887 he was appointed to his last active charge at Stony Creek, where he remained till 1889. After that he was placed on the superannuation list, and from that time had made his home in Toronto, living on Markham street since he came to the city.

He was a member of Bathurst Street Methodist Church. He is survived by a daughter, Mrs. Hodson, of Lockport, N. Y., and one son, James A. Dyer, of Wilson, N. Y. He also leaves an adopted daughter, and one sister, Mrs. Hepburn, of Toronto.

MACHINISTS MAY STRIKE.

Montreal, July 22.—There is a possibility that there will be a general strike of machinists on the C. P. R. The verdict of the commission does not meet the favor of the men, as was shown by the refusal of Mr. Somerville to sign the finding of the majority. The men here have decided nothing yet. It is not likely that anything will be done till Mr. Somerville has sent out his report to the union.

Sir Wilfrid Laurier has made no arrangements for a political tour.

OLD SORES; NO CURE, NO PAY.—Druggists refund money if DR. PORTER'S ANTISEPTIC HEALING OIL fails to cure any case, no matter of how long standing. The only Household Surgical Dressing. 2c.

THREE NATIONS JOIN HANDS TO WELCOME PRINCE OF WALES

His Royal Highness Expected to Arrive at Quebec at Noon Today—Pageant in Honor of Champlain in Full Swing—Fifteen Thousand Troops in the City.

Quebec, Que., July 21.—Final preparations for receiving the Prince of Wales on his arrival aboard the battleship Indomitable tomorrow have been made, and tonight the city is on the tiptoe of expectation over this momentous event in its history. The city is invaded by 12,000 to 15,000 soldiers, representing the regular and militia strength of all parts of the Dominion with hundreds of official visitors and the titled nobility of England and other parts of the world and thousands of interested spectators from American cities and all parts of Canada.

Quebec is elaborately decorated with triumphal arches spanning the main thoroughfares, the buildings hung with British and French flags and devices commemorating the deeds of the old French discoverers and testifying loyalty to the royal visitor who will come ashore tomorrow.

The Indomitable is expected to come around Point Levis, the outpost of the city, about noon tomorrow. Her appearance will be the signal for a royal salute from the guns of the British flagship Exmouth and the shore batteries on both sides of the river, followed by the combined salutes of the international fleet of French, American and British warships and the answering guns of the Indomitable. The latter will come to anchor alongside the United States battleship New Hampshire, thus completing the double chain formation of warships and bringing side by side the two latest types of British and American fighting machines.

Distinguished Welcoming Party.—At the King's landing will be gathered a distinguished party of officials to welcome the Prince, including Earl Grey, Governor-General of Canada; Field Marshal Lord Roberts, representing the British army; Premier Laurier and his cabinet; Admiral Jauréguiberry and the official French envoys, and Vice-President Fairbanks, representing the United States Government, and Admiral Cowles, representing the American naval department.

The landing stage has been decorated for the occasion with truly royal splendor. Two massive arches emblazoned with the royal arms and topped with the Hon and unicorn guard-rails of the Prince from the landing to the heights of the city. All along the route the buildings are ablaze with color, with garlands and flowers looped across the streets, and patriotic emblems and mottoes, in French and English, expressing loyalty and devotion to the Prince.

Great Precautions Taken.—The popular outpouring to witness the passage of royalty is expected to be immense and extreme precautions have been taken to guard against any disorder in the narrow, precipitous streets.

The official guests already here include the Earl of Dudley, representing Australia; the Earl of Ranfurly, representing New Zealand; Sir Henry de Villiers, representing South Africa; the Duke of Norfolk, premier peer of England; Lord Marshall, Lord Roberts; Count Bertrand Montcalm and George Wolf, representing the two generals whose battle on the Plains of Abraham settled the destiny of the Marquis de Levis and Marquis de Montcalm, descendants of the General Levis who sought to wrest Quebec back from the British; Captain Arthur Murray, M. P., representing General Murray, who resisted Levis' attempt to retake the city; the mayor of Brouage, the birthplace of Champlain; the official and naval representatives from France and the United States, and scores of lesser celebrities in the historical struggle over Quebec.

Death of the Noted Bishop Potter After Long Struggle With Disease

Prelate Was 74 Years of Age—Helped to Overthrow Tammany's Power.

Cooperstown, N. Y., July 21.—Bishop Henry Codrington Potter died at 8:35 tonight.

Bishop Potter's illness first became publicly known early in the spring, when announcement was made that he was unable to take part in the Easter service. He was said to be suffering from acute indigestion. His condition, which was said to have resulted from overwork, manifested no degree of improvement, and he was forced to give up all participation in church affairs.

A diagnosis showed that the bishop was suffering from a stomach and liver malady and after it was given out late in May he would not be able to attend the Pan-Atlantic congress in London June 16, plans were immediately made to bring the bishop here when his condition would permit the journey.

June 5 the bishop was apparently stronger and he was brought to Fenleigh, the summer home of his second wife, Mrs. Elizabeth Clark Potter, in Cooperstown. The change of air had a beneficial effect and Bishop Potter recovered sufficiently from his illness to go to his office in the Clark estate building almost daily.

Occasionally he went sailing on the lake.

With the beginning of the oppressive heat wave late in June Bishop Potter became prostrated and his malady recurred in an extreme degree. The bishop's family, many of whom were in the city, and a number of the world were summoned by cable and telegraph to the bedside.

For several days the prelate was at the point of death and only his strong constitution enabled him to survive. After several remarkable rallies the bishop's physicians, Dr. J. E. Janvrin, of New York, and Dr. M. L. Bassett, pronounced him out of danger and expressed the hope that he might live for some time. Bishop Potter gained strength for several days and was able to leave his bed, but the malady in its more pronounced form made its reappearance and the bishop's condition again assumed a grave phase. All hope was practically abandoned two days ago and the use of oxygen in great quantities was resorted to in order to prolong the patient's life. The end came peacefully tonight at 8:35 o'clock. All through his illness Bishop Potter exhibited rare courage and patience, and not infrequently those about the bedside almost forgot the gravity of the bishop's condition when some expression of keen humor came from his lips.

Henry Codrington Potter, seventh Protestant Episcopal bishop of the diocese, was 74 years of age, and was a native of Schenectady, N. Y. He had been the head of the New York Diocese since 1887, succeeding his uncle, Bishop Horace Potter. In addition to the heavy duties of the oversight of the largest diocese in point of population in the United States

Bishop Potter took an active part in movements of national importance. The bishop did much to promote more cordial relationship between employers and employees and when the occasion demanded, lent his efforts to improve the standard of municipal government in New York City. Having once pointed the way toward municipal regeneration, the bishop stepped aside and permitted others to carry out the reforms.

Conditions of immorality on the East Side, New York, were brought to his attention several years ago and in his sharp sermon delivered at St. Paul's Church at a noonday meeting, he called public attention to a lax condition of municipal direction which resulted in the overthrow of the Tammany administration and the election of Seth Low, president of Columbus College, to the office of mayor.

Bishop Potter caused a great stir throughout the country several years ago when he took part at the dedication of the Subway and at the dedication of the new City Hall. It was the plan of those interested in the subway to conduct an establishment where all intoxicants would be served under the supervision of the police, and the bishop was one of the speakers at the dedication. The bishop had hoped that the tavern would prove a success. After an uncertain existence the tavern failed.

NEARLY FORTY PERSONS INJURED

Disastrous Trolley Collision in Vicinity of Chicago—Some May Die.

Chicago, July 21.—Nearly forty persons were injured today in a collision between two Aurora, Ill., and Chicago cars at Loveland, four miles north of Aurora. Some of the injured may die.

The collision occurred when the cars were running at a speed of forty miles an hour and the two cars were telescoped more than half their length.

The passengers, among whom were nearly fifty women, were thrown through windows and tossed to the side of the tracks several feet away. The cars almost immediately caught fire from the trolley wire, but the uninjured passengers soon put out the blaze with water from a nearby stream and dragged the wounded to places of safety.

The failure of the motorman of one of the cars to switch to a sidetrack and await the passage of the other is said to have caused the accident.

The cars, each containing nearly 100 passengers, met head-on.

A great many passengers and both motormen saved themselves by jumping.

GAMEY FOR NORTH YORK.—Toronto, July 22.—The Telegram says: "A dispatch from Aurora says that it is probable that R. R. Gamey, M. P. P., will be the next member for the House of Commons. Conservatives in North York. It is said, are anxious to secure Mr. Gamey as their standard-bearer against Mr. A. B. Aylesworth."

VERY SAD FATALITY DUE TO A RUNAWAY

Miss Annie Foley, of Toronto, Meets Almost Instant Death.

Toronto, July 21.—Miss Annie Foley, daughter of the late Edward Foley, 80 Bond street, was almost instantly killed in a runaway accident between Dixie and Streetsville, early last evening.

Arrangements had been made to hold a celebration in connection with the reopening of St. Patrick's Roman Catholic Church at Dixie, and Miss Foley, who was an accomplished soprano vocalist, had been asked to lead the singing at the choral service, which was to have been held at 10 o'clock this morning.

On leaving the church Miss Foley took the reins. The horse, a somewhat spirited one, traveled fairly steady until going down the hill to the Credit River it increased its speed, and on reaching the bridge over the Credit got beyond control. Mrs. O'Gorman and Miss Foley jumped from the rig shortly after crossing the bridge, and, although the horse was not seriously hurt, but Miss Foley struck her head against some obstruction with tremendous force and remained unconscious till she died.

Dr. Smith was at once summoned, but could do nothing for her, as her injury was of too serious a nature, and death ensued within a very short time.

FIERCE FOREST FIRES

Sweep Ottawa Valley—Many Million Feet of Timber Burned.

Ottawa, July 22.—Additional reports from the scenes of forest fires in the Ottawa Valley state that the loss will be tremendous. The flames are devastating large areas of spruce and pine timber along the Lake Nipissing and the Montreal River. Among the losers are Messrs. J. R. Booth, the Sheppard and Morse Company, and Gillis Bros., and it is stated that nearly 150,000,000 feet of timber have been destroyed.

Ottawa lumbermen say that more stringent measures should be adopted to prevent forest devastation by fires.

The Government printers at Ottawa have worked on Sundays for several weeks and the Lord's Day Alliance is complaining. The skin of muskrats is largely made use of in the manufacture of the cheaper grades of fur coats. It is estimated that New Zealand has an available coal supply of 1,000,000,000 tons, of which not more than 20,000,000 tons have been touched.

LORD ROBERTS LL. D.

'Varsity May Have Chance to Confer Degree on the Veteran.

Toronto, July 22.—If his engagements while head of the Lord Roberts is pretty sure to have an honorary LL.D. degree conferred upon him by the University of Toronto.

A couple of years ago, when Lord Roberts was to have been conferred the degree, he had to wait, but it is probable according to the statement of a member of the 'Varsity senate, who was seen this afternoon, that 'Varsity will take advantage of the visit of Lord Roberts next month to confer the degree upon him.

With many prominent university people out of town, the middle of the long vacation is not a good time to hold a convention, but, when the man to be honored is of the prominence of Lord Roberts, a showing as brave as possible will be made.

The chancellor and president being out of town, it will be up to 'Varsity's senate to name a member to confer the degree.

THREE CENTS TOO LITTLE

Cleveland, O., July 21.—Cleveland has had nearly three months of 3-cent street car fare, and two of the monthly reports have shown a deficit.

A similar report is predicted for July. The operating expenses and fixed charges have been from \$40,000 to more than \$50,000 a month in excess of the earnings.

The Municipal Traction Company, which is operating the local lines under a lease, also is under a promise to give free transfers July 23. The revenue from transfers has been about \$30,000 a month, a cent each having been charged. Several weeks ago President A. B. Du Pont, of the operating company, stated that he expected the company to lose money during the first year. The officials of the company still express the belief that 3-cent fares will pay in time.

PAY ROLLS PADDED.

Montreal, July 21.—Discovery was made today at the city hall that civic pay lists have been stuffed, and that in all probability the corporation has suffered to the extent of many thousands of dollars. The accused is a trusted employee of the paymaster's department, and the exposure was made quite accidentally. It is expected that a warrant will be issued for his arrest this afternoon. His method was to introduce on the pay roll names of men who never existed, and then draw pay for them.

POPLAR HILL SCHOOL.

The following pupils of the village school were successful at the recent mid-summer examinations:

Continuation Class—John McArthur, Norma Owen, Gordon Pincombe, Eva Owen.

Entrance Class—Camilla Zavitz, Milton Nagel, Mary McArthur.

Class III. to Class IV.—Lorena Zavitz.

Class II. to Class III.—Christy Alexander, Stewart Campbell, Harold Zavitz, Charles Petrie, Verna Wilson, Joe Glass, Nelly Alexander, Helen Zavitz, Prudence Zavitz.

Class I. to Class II.—Jack Gray, Reta Zavitz, Dwight Harris.

Gourlay Pianos are so constructed and finished as to harmonize with beautiful surroundings, and there is not a home in the land that would not be embellished by one of these instruments. Combined with its beautiful singing tone is the durability that comes from finest material and best workmanship.

A new process has been discovered in China by which candle glass becomes a soft flange in a few minutes.
