

## WORKMEN WERE OVERCOME BY GAS

Were Putting in a Main Into a  
Queen's Avenue Residence.

## ALL WILL RECOVER

But They Had a Very Close Call for  
Their Lives—Removed to  
Their Homes.

William Arbuckle, 5 Brighton street, Harry Morris, 186 Richmond street, and a man named Fred Macfie, employed by the City Gas Company, while putting in a new gas main into the residence of J. C. Duffield, this afternoon, were overcome by gas and had a close call from being suffocated.

When they tapped the main there was a sudden rush of gas, which caused Arbuckle and Morris to become unconscious before they could escape.

## Dragged to Safety.

They were dragged to safety by some of the other workmen. Dr. James MacArthur was called, and when he arrived found the two men still unconscious.

They were removed to their homes, and up to the time of going to press had not yet recovered. It is thought that the men will recover all right, but it is not known.

## Sale of Work Closed.

The sale of work, which was held by the ladies of St. George's Church, West London, for the past couple of days, closed last night. The sale was well patronized throughout. Many attractive articles of home work were offered for sale, and there was a very ready demand. In all upwards of \$250 were realized for the purposes of the church, which shows that the work of the ladies was thoroughly appreciated.

## Results of Food

Health and Natural Conditions Come  
From Right Feeding.

Man, physically, should be like a perfectly regulated machine, each part working easily in its appropriate place. A slight derangement causes undue friction and wear, and frequently ruins the entire system.

A well-known educator of Boston found a way to keep the brain and the body in that harmonious co-operation which makes a joy of living.

"Two years ago," she writes, "being in a condition of nervous exhaustion, I resigned my position as teacher, which I had held for over 40 years. Since then the entire rest has, of course, been a benefit, but the use of Grape-Nuts has removed one great cause of illness in the past, namely, constipation, and its attendant evils."

"I generally make my entire breakfast on a raw egg beaten into a froth, with a little milk or hot water added. I like it extremely, my food assimilates, and my bowels take care of themselves. I find my brain power and physical endurance much greater, and I know that the use of the Grape-Nuts has contributed largely to this result."

"It is with feelings of gratitude that I write this testimonial, and trust it may be the means of aiding others in their search for health."

"Look in packages for the little book, 'The Road to Wellville.' There's a Reason."

Ever read the above letter? A new one appears from time to time. They are genuine, true, and full of human interest.

## The Logical Cure for Sick Headache.

It is a mistake to endure a headache as a necessary affliction. It is equally a mistake to doctor it as simply a headache, for though you may relieve, you cannot cure it that way.

Only in rare cases is a headache caused by anything wrong with the head itself. The trouble lies in some impurity of the blood that irritates the delicate network of nerves and causes the ache. That is why every pulsation pouring in more blood, is so plainly felt.

Lessening the flow of blood to the head by means of a tight compress, an ice-bag, or some drug that acts on the heart and reduces the pulsations, sometimes gives temporary relief. But these measures have absolutely no effect on the blood impurity which was the cause of the whole trouble.

In practically every case this blood impurity would be removed from the system by the bowels, kidneys, skin or lungs, if these were all working right. It is the inactivity of one or more of them that allows the poisons to accumulate in the blood, and the headache is simply a symptom or warning that things are not right.

The way to put them right—to cure the root of the whole matter—is to take Dr. Morse's Indian Root Pills. They act directly on the bowels, regulating them—on the kidneys, strengthening and stimulating them—on the skin, opening up the pores—and on the lungs, clearing the delicate membrane of any mucus which may have collected.

When these four great eliminating organs get working properly again all impurities are quickly taken out of the blood, and the unpleasant symptoms, of which the headache is one, disappear—not simply relieved, but cured.

You can take Dr. Morse's Indian Root Pills with confidence, for they have a record of over half a century of remarkable cures.

Rev. A. L. Bowers, of Bristol, Tenn., tells how they cured him:

"I want you to know how much good your Indian Root Pills have done for me. I was troubled with terrible headaches and biliousness. I tried several doctors but they did me no good, and for fourteen years I suffered. The use of your pills has made a cure in my case."

## EAST LONDON CHELSEA GREEN PEOPLE PREPARE FOR ELECTIONS

Prominent Men Named Who  
Are Likely to Get Votes  
of Electors.

The board of control held a meeting at Mr. Mitchell's house, on the Thompson road, last night, when the following resolutions were passed:

1. That the board of control, as a committee, wait on Mr. Wm. Haynes, the retiring member and treasurer of the Chelsea Green School Board, and ask him to stand for re-election, he having proved himself a valuable member of that body in the past, and especially during the construction of the new school, which is a credit to the school board, the school section, and also the township.

2. That Mr. Mitchell, of the board of control, stand for nomination as candidate for councillor in the Westminster Township Council for 1910, it being thought desirable for this end of the township to have a representative in the council.

3. That Warden James Murray, of this section, be approached regarding the running of a showplace through the various streets when necessary.

4. That Mr. Mitchell be appointed as auditor representing the ratepayers, to audit the books of the school board for the year 1909.

The meeting was then adjourned, those present being W. J. Gibling, chairman and secretary; George Tye, treasurer; Wm. Mitchell and James Grant, members of board of control; H. Bourne, chairman of school board.

## ANNIVERSARY SERVICES.

Rev. Dr. Douglass, of Goderich, will conduct Epworth League anniversary services at Centennial Methodist Church Sunday, while Rev. G. N. Hazen, of the Centennial, will take the Sunday school anniversary at the Methodist Church at Goderich. Dr. Douglass will also give an address Monday on his trip to Rome.

## SEWER MAY BE LAID

Dufferin Avenue People May Get Much  
Needed Improvement.

The tile drain may be laid on Dufferin avenue east after all.

For over three years the question of opening this street has been discussed weekly at the board of works meetings, and it was always certain to start some oratory.

Last evening at the board meeting, Ald. Cooper stated that the judge had given his decision to the effect that the executors of the Smith estate could execute a deed, making over the property to the city.

"It's all settled now," said Ald. Cooper. "The deeds will be ready right away."

City Engineer Graydon promised to have the work done at the earliest possible moment.

## A SUCCESSFUL SALE

Of Useful and Fancy Articles in the  
Hyatt Avenue Church.

A most successful sale of useful and fancy articles, together with a great variety of sample goods is being conducted by the ladies of Hyatt Avenue Methodist Church in the basement of their church. The following departments are in charge of the various departments: Drygoods, C. Pink

and fancy articles, Mesdames C. Pink and Jos. Allen; jellies, Mrs. R. Lake; groceries, Mesdames H. Pocock and Stelek; soaps and toilet articles, Miss Allie Gould; chemical goods, Misses M. Elgie and G. Andrus; Gillett's goods, Misses M. Bolton and E. Elgie; home-made and other candies, Miss Ella Devlin. A special display of Peacock Brand of goods, in charge of Mesdames T. Bales and R. H. Chown; refreshments, Mesdames Elgie and J. E. Smith; reception committee, Mrs. A. Cornish, president of the society, and Mrs. J. Baird. A fish pond, in charge of Mrs. Owen, is one of the attractive features of the bazaar. The Sunday School Orchestra, assisted by members of the Tabot Street Baptist Church, enhanced the proceedings with their music. The sale will be continued this afternoon and evening.

Two Offices Entered  
AND TILLS PLUNDERED

Ingress Was Effected Through  
the Windows—Police on  
the Case.

Some time during the night thieves entered the offices of May Bros., coal and wood merchants, at 685 York street, and of Harris & Co., junk dealers, 735 York street.

At the Harris office about \$5 in stamps were taken, and at May Bros. a pair of gloves. Entrance to both offices was obtained through windows. The police are working on the case. It looks as though the work was done by a gang of sneak thieves.

## HURT WHILE SKATING.

Alfred Brownlee, the 14-year-old son of Mr. J. A. Brownlee, the well-known merchant, of Queen street, slipped and fell while roller skating near his home yesterday, straining his arm badly. He was attended by a physician.

## Senator Coffey Elected.

Senator Coffey has been unanimously elected chairman of the joint committee of the Ontario and Quebec legislatures to prepare and report on the printing of Parliament and chairmanship of the debates and reporting committee of the Senate.

## Late Mrs. Brown.

The funeral of Mrs. Cameron Brown, whose death occurred recently in Windsor, was held this afternoon at the residence of her sister, Mrs. C. W. Belton, 377 Wellington street, and was of a private nature.

## Western "Lit." Debate.

The Western University Literary Society held a debate last night on the question, "Should Canada Have a Navy?" Those taking part were Miss Johnston, Miss Jones, C. Light and A. S. H. Cree. Miss Johnston put forth an exceptionally strong argument in favor of international peace and the universal brotherhood of man. During the evening music was provided by the St. James' Orchestra, and a reading was cleverly given by Miss Smith. At the close of the programme the Field Day prizes were presented to the university athletes by Mrs. James. The medical students were very much in evidence, and followed the evening's proceedings with their usual songs and yells.

## Mr. Abbott Elected.

Through an oversight, it was not mentioned in the report of the Shrine meeting that Noble W. H. Abbott was re-elected recorder. Mr. Abbott has been recorder ever since the inception of the temple, and no noble has worked harder or more enthusiastically for the Shrine. Many kind words were said by visitors about him, and the Shrine followed this up by voting him a handsome honorarium. He made a short speech in acknowledgment. Noble A. A. Campbell, who has acted as treasurer for two years, was unanimously re-elected. He was also praised for his fine work.

Call to Mr. Vining, pastor of Talbot Street Baptist Church, met the delegation from the James Street Baptist Church yesterday afternoon, and after hearing what they had to say, told the members that he would consider their request, and give them a final answer when the board of the church extended an official call to him. It is understood that the call is little likelihood of Mr. Vining accepting the call. He is to do so his action would be very greatly regretted by the congregation of the Talbot Street Church, with whom he has always been most popular. The salary, offered by the James Street Church is \$2,000 a year, which is \$1,000 a year more than Mr. Vining receives here, but notwithstanding it is regarded as most improbable that Mr. Vining will accept. In the past few months he has received the offer of a number of pastorates, but has not entertained them at all.

## Royal Welsh Choir.

The concert of the Royal Welsh Ladies' Choir, given in Wesley Hall, last night, proved a great success as had been expected from their former appearance in the city. Wesley Hall was crowded with a very enthusiastic audience, and the programme rendered was thoroughly appreciated. "The Miserere" (Verdi), which delighted everyone when it was rendered by the choir on their former concert in the city, was repeated, and again was heartily appreciated. Another number that proved very attractive was the trio, "Rest Thee on Thy Mossy Pillow," by Misses J. Emmanuel, Ethel Jakeman and Gertrude Gronow. Miss Nancy Landon also delighted the audience by her rendition of "The Carnival" and "My Ain Folk." "Kathleen Mavourneen," sung by Miss A. Lewis, was a delightful number. The chorus numbers were beautifully rendered, and showed the wonderful training, the members had received at the hands of their leader Mrs. Hugh-Thomas. The evening was an undoubted success in every way.

## Drew Color Line.

Detroit News: Wesley B. Schram, an employee of the Majestic Theater, was fined \$50, with the option of serving 30 days in the House of Correction, by Justice Jeffries for forcing Emma Davis, a negro, and a number of her friends who were with her, from the theatre. Miss Davis said they had paid for their tickets, when he pressed the price they paid into her hand and ejected them. Schram paid his fine under protest and said he will appeal to the recorder's court.

## A Special Showing of \$10 Military Collar Coats at \$10

Saturday we'll make a special of these Military Collar Overcoats at \$10. Not a Coat in the lot worth less than \$12, and some worth \$15 by any other store's standard. **R. J. YOUNG & CO.**

## NEW PREMISES FOR JACKSON'S MEATS

Centrally Located Stand to Open on  
Saturday Morning.

Mr. George Jackson, the well-known meat dealer of Wellington street south, has found it necessary, owing to his increased patronage, to open a centrally located stand, and he has leased stalls 1 and 2 of the market house. Mr. Jackson has gained the reputation of handling only the best of meats. All stock sold by him is slaughtered by competent men at his private abattoir on the Wellington road south. This abattoir is conceded to be one of the most modern and up-to-date private abattoirs in Western Ontario. Everything is handled in the most sanitary manner possible, in fact, cleanliness is the watchword from the time the stock is on foot until it is delivered to the customer. Mr. Jackson personally buys and inspects all stock himself, and his twenty-two years' experience is a guarantee that only the best will be sold at both his stores. Special attention is also given to the wholesale trade, and the same care is exercised in this branch as in the retail.

## 30 ft. Bowels—

Biggest organ of the body—the bowels—and the most important—It's got to be looked after—neglect means suffering and years of misery. CASCARETS help nature keep every part of your bowels clean and strong—then they act right—means health to your whole body.

Open Saturday Night Phone 864

## It Takes 21 Days to Make Each Cake

Three weeks are required from start to finish of the cake of Taylor's Infants' Delight Soap that you get at your dealer's.

We have put forty-four years of experience into this soap.

We bring our olive oil and cocoanut oil ten thousand miles—none but the highest grade will do. We use otto of roses that costs us ten dollars an ounce.

These oils are filtered through Fuller's earth. They are boiled and then boiled again, with hundreds of gallons of pure water, passing through to remove all possible impurity.

A pressure of thirty tons removes the water. Then the soap is stamped into cakes and again inspected for any possible flaw.

Ordinary fresh or "green" soap is not hard and firm. It wastes away quickly. We put Infants' Delight Soap through eight separate "agings" until it is hard and firm and ready for immediate use. It will wear as thin as a wafer.

Infants' Delight Soap will make your skin like velvet. It is the mildest soap made—the best for the infant and equally good for grown-ups.

For insuring against chaps and roughness no soap can take its place. Get a cake today.

10 Cents a Cake Everywhere

John Taylor & Co., Ltd.  
Toronto

ORNAIMENTAL BUTTONS.

The arrival of the "button beautiful" (we stir your poetic feelings in our head-lines), is, after all, on a return to former fashions, for the first buttons were entirely ornamental, and left the fastening of the clothes to the simpler brooches or strings. Buttons, as we know them, first came in the days of Edward I., but they continued comparative rarities until Elizabeth's reign. First made of wood and bone, they were later of gold and silver, and in the eighteenth century

some Birmingham steel buttons sold for as much as 140 guineas a gross. Even buttons have not been exempt from legislation, for an act of George I. prohibited the manufacture of cloth-covered buttons.

Mrs. Winslow's Soothing Syrup has been used for over THIRTY YEARS by MILLIONS OF MOTHERS for their CHILDREN WHILE TEETHING, with PERFECT SUCCESS. IT SOOTHES THE CHILD, SOFTENS THE GUMS, LAYS ALL PAIN, CURES WIND COLIC and is the best remedy for diarrhoea. Sold by druggists in every part of the world.

Use Big 6 for unnatural discharges, inflammation, irritations or ulcerations of mucous membranes. Fatalities, and not satisfactory or poisonous. Sold by Druggists, or sent in plain wrapper, by express, prepaid, for \$1.00, or 50c bottles \$0.75. Circular sent on request.

tons, in order to encourage the metal in industry.—London Chronicle.
