Backache is a symptom of female weakness or derangement. If you have backache, don't neglect it. To get permanent relief you must reach the root of the trouble. Nothing we Dermid, John Richards, James Larkin, know of will do this so safely and surely and William C. Southcott. as Lydia E. Pinkham's Vegetable Compound. Cure the cause of these distressing aches and pains and you will become well and strong.

The great volume of unsolicited

testimony constantly pouring in proves conclusively that Lvdia E. Pinkham's Vegetable Compound, made from roots and herbs, has restored health to thou-

This is the time of the year that the average workingman finds it somewhat difficult to obtain the money, and it will necessitate the killing of many dogs, and consequent sorrow in the family, as a large number of them find

it impossible to get the money.

They claim that the scare is exaggerated, and that in a short time conditions will be normal. They consider it persecution to have a dog-catcher camping on the highway to pick up any dog that might have pulled the muzzle

A Hardship. "A large number of poor men will find it impossible to raise money for a dog tag at this season of the year," said inspector Sanders. "Some of them find it hard at any time, but at this season it is particularly hard, owing to the lack of work. It will mean that many will have to destroy their dogs. Of course, there should be a lessening the number of dogs in the city However, a poor man should be allowed to have a dog for his children if he
